The Form of Our Uncertainty Kristen Gallagher, 2001 Poetry Poetics This diverse work is a collection of poetry and essays in tribute to the poetry of Gil Ott a man who has a unique ability to resonate and transpose or apply his own political and aesthetic knowledge and intuitions to other situations to translate perceptions into politically motivated activities Ammiel Alcalá from the introduction      Poetics and Precarity Myung Mi Kim, Cristanne Miller, 2018-05-01 Poets and critics address the potential of language to address the increasing level of discord and precarity in the twenty first century At a time when wars acts of terrorism and ecological degradation have intensified and isolationism misogyny and ethnic divisiveness have been given distinctively more powerful voice in public discourse language itself often seems to have failed The poets and critics in this book argue that language has the potential to address this increasing level of discord and precarity and they negotiate ways to understand poetics or the role of the poetic in relation to language the body politic the human body breath the bodies of the natural environment and the body of form Poetry makes urgent issues audible and poetics helps to theorize those issues into critical consciousness Poetry also functions as a cry to protest late capitalist imperialism misogyny racism climate change and all the debilitating conditions of everyday life Hubs of concern merge and diverge precarity takes differently gendered historied embodied geopolitical manifestations The contributors articulate a poetics that renders what has not yet been crystallized as discourse into fields of force They also acknowledge the beauties of sound poetry and music and celebrate the power of community marking the surge of energy that can occur at a particular place at a particular moment Ultimately Poetics and Precarity fosters further conversations that will imagine the concerns of poetics as a continuously emerging field      *The Architextures* Nathaniel Tarn, 2000 Poetry New and profoundly resonant prose poems from anthropologist editor critic and translator Nathaniel Tarn What holds it together is Tarn's ecstatic vision his continuing enthusiasm for the stuff of the world Since the death of Kenneth Rexroth he is with Michael McClure the major celebrant of heterosexual love in the language His combination of ingenious metaphor and sexual exuberance has been rare in the language since the 17th century And like Rexroth MacDiarmid his poetry encompasses Eastern philosophy world myth revolutionary politics and precise descriptions of the natural world Eliot Weinberger      *Born 2* Allison Cobb, 2004 Poetry Allison Cobb's BORN TWO brings monsters out of memory and an unexpected sweetness out of the firestorms of language Hers is the mind of poetry driven by history and lured by love caught in the act of the need to know Like a child after family secrets Cobb turns up more truths than the ones she seems to be seeking Childlike too are her characters whose adventures carry them nearer and nearer the beautiful erotic and tragic world of knowledge Susan Tichy For this new century a poetry of minus signs Like many of her generation Allison Cobb's curious about the wheres whens and whys of our predicament Through compression subtraction amputation and dispersal she manages to scrape a hole across the ice on the windshield BORN TWO peels away the myths of the American West to reveal the twitchy nerve beneath Kevin Killian      **Hambone**

,2002      **Chantry** Elizabeth Treadwell,2004 Poetry Chantry is song Chantry is song that exceeds song structure in all dimensions to become invocation and enchantment From the vessel without a cover to late silhouette in blue it refuses to be contained as a book wants to live outside its covers Sing this linger so this grace of grace yet sing it so that the door cracks in so many different directions It is in these cracks these interstices that Elizabeth Treadwell finds and makes song and the song exceeds and excels Elizabeth Treadwell is the Executive Director of Small Press Traffic in San Francisco      **Traffic** Gil Ott,2001 Poetry As an architect of the gap Gil Ott provides many doors whereby this place may be entered and whereby you may encounter and be part of the traffic of that occurrence It s not a house of many mansions but it is poetry a place which may not take place unless you enter So a different sort of gesture one of welcome invitation Think it over What have other hands offered you lately John Taggart      **Arts & Humanities Citation Index** ,2000
