*TV Female Foursomes and Their Fans* Wendy A. Burns-Ardolino, 2015-12-07 The Golden Girls Designing Women Living Single Sex and the City Girlfriends Cashmere Mafia and Hot in Cleveland stand out as some of America's favorite television series Their lovable female foursome characters engage in witty banter as they challenge American stereotypes about sex love family work and community These sitcoms and comedy dramas live on as cable TV reruns and through online fan communities demonstrating mass appeal across generations of women and men Connecting fan commentary with analysis by television scholars this book explores the development of these series from the 1980s on with a focus on the role of fan cultures in reproducing these popular American shows **The Bystander**, 1908 Charlie Goodbear Tom

Thunderhorse, 2007-10-17 Nothing in life is to be feared It is only to be understood Marie Curie The nature of people is to shun the unknown which is what a handful of people in the town of Springdale were doing to Charlie Goodbear Charlie Goodbear by Tom Thunderhorse is an inspirational tale about the lives of a few small town folks and a good hearted and misunderstood man named Charlie The book begins with a detailed explanation of the characters and the town of Springdale Thunderhorse's perfect description of the stereotypical small town life makes you feel close to the characters It is as if you are part of the gang and not just a silent spectator The story unfolds only to pull you deeper into the lives of these colorful characters A wonderful element this book has to offer is humor and more than one kind This book will have its reader laughing as well as sitting in silent amusement at some particular quirk Do not think for one minute that this book is a comedy however it will have you near tears at some points too A word of warning to all the book's potential readers This book is religious That's right I've said the R word However what is more important for those who are sensitive about the aforementioned R word it is not preachy This story does not attempt to convert you or convince you of the benefits of believing what these characters do believe Feel safe people of all faiths your beliefs are out of harm's way so if you can get past the rest of it just sit back and enjoy the tale Charlie Goodbear offers an ending that can only be described as bittersweet but I will not spoil it for any potential readers who may be reading this You will just have to acquire a copy of this wonderful book for yourself When I stand before God at the end of my life I would hope that I would not have a single bit of talent left and could say I used everything you gave me Erma Bombeck I have known Tom Thunderhorse for a good amount of time now and knowing him has made this book all the more enjoyable for me I could hear his voice in my head as I read and his sense of humor and personality comes through in every character I feel very touched to have been given the opportunity to enjoy his novel before it becomes available to the rest of the world and truly blessed to have met him This Review By Christina Malley

*Earth and Gods* V. Vycinas, 2012-12-06 Earth and Gods is an attempt to introduce the reader to Heidegger's fully developed philosophy The title Earth and Gods gives an impression of not being a general study of Heidegger's philosophy However this is not true the earth and the gods are fundamental ontological symbols of his fully developed philosophy namely

his third and final phase of thought This phase repeats the problems of both preceding phases in a fuller and more developed manner hence it implies them The two preceding phases are the phase of Dasein and the phase of Being These two phases are a natural flow of fundamental problems which reach their final formation and development in the phase of earth and gods Dasein the first phase leads to Being and Being the second phase bursts into fundamental ontological powers of Being Seinsmiichte which are earth and sky gods and mortals the third phase Since earth is unthinkable without sky and since gods are gods in the world of mortals of men the title Earth and Gods is an abbreviation of these four fundamental powers of Being Hence an investigation of earth and gods is an attempt to present Heidegger s philosophy as a whole Such a presentation provides the reader with the background necessary for a more adequate and efficient understanding of the writings of Heidegger himself Thus Earth and Gods may rightly be considered an introduction to Heidegger s philosophy
