The Lemon Tree (Young Readers' Edition) Sandy Tolan, 2020-11-03 The tale of friendship between

two people one Israeli and one Palestinian that symbolizes the hope for peace in the Middle East Makes an incredibly complicated topic comprehensible School Library Journal In 1967 a twenty five year old refugee named Bashir Khairi traveled from the Palestinian hill town of Ramallah to Ramla Israel with a goal to see the beloved stone house with the lemon tree in its backyard that he and his family had been forced to leave nineteen years earlier When he arrived he was greeted by one of its new residents Dalia Eshkenazi Landau a nineteen year old Israeli college student whose family had fled Europe following the Holocaust She had lived in that house since she was eleven months old On the stoop of this shared house Dalia and Bashir began a surprising friendship forged in the aftermath of war and later tested as political tensions ran high and Israelis and Palestinians each asserted their own right to live on this land Adapted from the award winning adult book and based on Sandy Tolan s extensive research and reporting *The Lemon Tree* is a deeply personal story of two people seeking hope transformation and home *United States Foreign Policy and the Prospects for Peace Education* Carl

Mirra,2008-03-31 In light of the United States age of terrorism and the controversial involvement in the war in Iraq U S policies toward diplomatic peace education are coming under increasing scrutiny This book evaluates the prospects for effective U S peace education in the context of post 1945 U S foreign policy The work first documents the disparity between U S pronouncements about protecting human rights and the country s systematic erosion of those rights in the international arena Second it evaluates the challenges that the war on terrorism poses for peace education and explores the importance of international treaties in upholding security A final section explores new ways of thinking and relating that are ultimately necessary for the realization of nonviolent peacekeeping efforts Designed as a resource text for U S educators the text offers concrete proposals for addressing contentious foreign policy issues in the classroom and includes an appendix of primary documents and sample questions for easy use *The Final Solution* Donald Bloxham,2009-09-10 The Holocaust is frequently depicted in isolation by its historians Some of them believe that to place it in any kind of comparative context risks diminishing its uniqueness and even detracts from the enormity of the Nazi crime In reality such a restricted understanding of uniqueness has pulled the Holocaust apart from history and set up barriers to a better understanding of the racial onslaught unleashed within the Third Reich and its conquered territories Working against the grain of much earlier writing this innovative new history combines a detailed re appraisal of the development of the genocide of the Jews a full consideration of Nazi policies against other population groups and a comparative analysis of other modern genocides The Holocaust is portrayed as the culmination of a much wider history of European genocide and ethnic cleansing from the late nineteenth century onwards Ultimately Bloxham shows that an explanation for the Holocaust rooted exclusively in Nazism and antisemitism is inadequate when set against one that is both prepared to give due weight to the immediate circumstances of the Second World War in eastern Europe and to situate the Jewish genocide within the broader patterns of human behaviour in the late modern world *Final Solution* David Cesarani,2016-11-08 The first year 1933 Judenpolitik
