Sign Language and Mythology as Primitive Modes of Representation Gerald Massey,2008-01-01 Myth making Man did not create the Gods in his own image The primary divinities of Egypt such as Sut Sebek and Shu three of the earliest were represented in the likeness of the Hippopotamus the Crocodile and the Lion whilst Hapi was imaged as an Ape Anup as a Jackal Ptah as a Beetle Taht as an Ibis Seb as a Goose So it was the Goddesses They are the likenesses of powers that were super human not human A huge mistake has hitherto been made in assuming that the Myth Makers began by fashioning the Nature Powers in their own human likeness from Sign Language and Mythology as Primitive Modes of Representation It goes unappreciated by modern Egyptologists but it is embraced by those who savor the concept of a hidden history of humanity and those who approach all human knowledge from the perspective of the esoteric Gerard Massey s massive Ancient Egypt The Light of the World first published in 1907 and the crowning achievement of the self taught scholar redefines the roots of Christianity via Egypt proposing that Egyptian mythology was the basis for Jewish and Christian beliefs Here Cosimo proudly presents Book 1 of Ancient Egypt in which Massey argues that primitive man found no human agency in the phenomena of the natural world which led to a woeful misinterpretation of Egyptian hieroglyphics by the Greeks and Romans as well as a misunderstanding of the essence of Egyptian mythology As a consequence Massey contends a deep fount of wisdom of the ancients has been lost and he goes on to reveal how it can be rediscovered Peculiar and profound this work will intrigue and delight readers of history religion and mythology British author GERALD MASSEY 1828 1907 published works of poetry spiritualism Shakespearean criticism and theology but his best known works are in the realm of Egyptology including A Book of the Beginnings and The Natural Genesis

The Sign Language of Astronomical Mythology Gerald Massey, 2008-01-01 The origin of a saviour in the guise of a little child is traceable to Child Horus who brought new life to Egypt every year as the Messu of the inundation This was Horus in his pre solar and pre human characters of the fish the shoot of the papyrus or the branch of the endless years In a later stage the image of Horus on his papyrus represented the young god as solar cause in creation But in the primitive phase it was a soul of life or of food ascending from the water in vegetation as he who climbs the stalk ranging from Child Horus to the Polynesian hero and to Jack ascending heavenward by means of his bean stalk from The Sign Language of Astronomical Mythology It goes unappreciated by modern Egyptologists but it is embraced by those who savor the concept of a hidden history of humanity and those who approach all human knowledge from the perspective of the esoteric Gerard Massey's massive Ancient Egypt The Light of the World first published in 1907 and the crowning achievement of the self taught scholar redefines the roots of Christianity via Egypt proposing that Egyptian mythology was the basis for Jewish and Christian beliefs Here Cosimo proudly presents the combined Books 5 and 6 of Ancient Egypt in which Massey discusses the primeval iconic representations that link the Earth and the heavens and ties the oldest understandings of astronomy with the

mythology of the creation of the universe and humanity From the symbols and myths of water drowning and floods to those light and darkness blindness and sight and many others Massey shows how that imagery plays out in the Egyptian zodiac and in turn indelibly influenced modern religion Peculiar and profound this work will intrigue and delight readers of history religion and mythology British author GERALD MASSEY 1828 1907 published works of poetry spiritualism Shakespearean criticism and theology but his best known works are in the realm of Egyptology including *A Book of the Beginnings* and *The Natural Genesis*

The Signs and Symbols of Primordial Man Albert Churchward, 1913 Albert Churchward's famous study of Ancient Egyptian myths and symbology reveals how their mythological culture evolved over thousands of years influencing other civilizations The author was among the first Western scholars to investigate the connection between the religious symbols deities and traditions of Egypt and those which emerged in later societies By studying the hieroglyphic texts preserved in the monuments and papyrus of the Egyptian society Churchward uncovered the origins of legendary stories the roles of Gods like Horus and Ptah and the emergence of important symbols such as the triangle cross and swastika The religious and cultural influence of this ancient society whose dynasties stretched across millennia is revealed to be of staggering magnitude This book pieces together the connections between Egyptian lore and that of the Hebrews the Freemasons the Mayans and various tribal societies The depth of Churchward's enquiry is enormous hundreds of drawings symbols and photographs accompany the narrative that the reader may discover the myriad connections and wide ranging influence of the Egyptians from antiquity onward Frequent quotations and cites of accomplished workers in the field of Egyptology such as Dr Wallis Budge and Gerald Massey further support the points established

Aboriginal Peoples, Colonialism and International Law Irene Watson, 2014-10-17 This work is the first to assess the legality and impact of colonisation from the viewpoint of Aboriginal law rather than from that of the dominant Western legal tradition It begins by outlining the Aboriginal legal system as it is embedded in Aboriginal people's complex relationship with their ancestral lands This is Raw Law a natural system of obligations and benefits flowing from an Aboriginal ontology This book places Raw Law at the centre of an analysis of colonisation thereby decentring the usual analytical tendency to privilege the dominant structures and concepts of Western law From the perspective of Aboriginal law colonisation was a violation of the code of political and social conduct embodied in Raw Law Its effects were damaging It forced Aboriginal peoples to violate their own principles of natural responsibility to self community country and future existence But this book is not simply a work of mourning Most profoundly it is a celebration of the resilience of Aboriginal ways and a call for these to be recognised as central in discussions of colonial and postcolonial legality Written by an experienced legal practitioner scholar and political activist *Aboriginal Peoples Colonialism and International Law* Raw Law will be of interest to students and researchers of Indigenous Peoples Rights International Law and Critical Legal Theory
