The Fundamentals Of Political Economy:

The Fundamentals of Political Economy P. L. Nikitin,1983 *Fundamentals of Political Economy* Various,2021-11-12
Volume 1 of the Fundamentals of Political Economy The Shanghai Textbook The first volume is a critical review and analysis of the historical development of capitalism written by Chinese revolutionaries during the Great Proletarian Cultural Revolution *Fundamentals of Political Economy* Xiaohu (Shawn) Wang,K K Fung,2017-10-03 This title was first published in 1977 **The Journal of Political Economy** ,1920 Deals with research and scholarship in economic theory Presents analytical interpretive and empirical studies in the areas of monetary theory fiscal policy labor economics planning and development micro and macroeconomic theory international trade and finance and industrial organization Also covers interdisciplinary fields such as history of economic thought and social economics *Principles of Political Economy* Wilhelm Roscher,1875 **The Principles of Political Economy** Henry Sidgwick,1901 *Considerations on the Fundamental Principles of Pure Political Economy* Vilfredo Pareto,2007-05-07 Between May 1892 and October 1893 the Giornale degli Economisti published Vilfredo Pareto s Considerazioni sui principi fondamentali dell economia politica pura in five parts Viewed in its entirety the outcome is essentially a classic monograph on the fundamental issues in pure economic theory in the Lausanne tradition Pareto s work forms a document of major historical significance which to date has only been available to the relatively small number of international economists and historians of economics who read Italian This first English language edition is a significant landmark in the history of economics Encyclopedia of Political Economy Phillip O'Hara,1999-02-04 Content Description Includes bibliographical references and index **The Political Economy of Latin American Independence** Alexandre Mendes Cunha,Carlos Eduardo Suprinyak,2016-09-19 Although historians usually trace its origins to the Haitian Revolution of the late 18th Century Latin American political economic and cultural emancipation is still very much a work in progress As new national identities were developed fresh reflection and theorising was needed in order to understand how Latin America related to the wider world Through a series of case studies on different topics and national experiences this volume shows how political economy has occupied an important place in discussions about emancipation and independence that occurred in the region The production of political economic knowledge in the periphery of capitalism can take on many forms importing ideas from abroad translating and adapting them to local realities or else producing concepts and theories specifically designed to make sense of the uniqueness of particular historical experiences The Political Economy of Latin American Independence illustrates each of these strategies exploring issues such as trade policy money and banking socio economic philosophy nationalism and economic development The expert authors stress how the originality of Latin American economic thought often resides in the creative appropriation of ideas originally devised in different contexts and thus usually ill suited to local realities Taken together the chapters illustrate a fertile methodological approach for studying the history of political economy in Latin America This book is of great interest to economic historians

specialising in Latin America as well as those who study history of economic thought political economy and Latin American history

The Principles of Political Economy Henry Sidgwick, 1887

First Principles of Political Economy Charles Gide, 1922

Criticisms of Classical Political Economy Gilles Campagnolo, 2012-08-06

The role of the German Historical School and of Carl Menger founder of the Austrian School is appraised in this new book

This important period of the history of economics is vital to understand how the discipline developed over the next half century

Gilles Campagnolo has produced an impressive original work which makes use of rarely seen research by Carl Menger and as such this book will be of interest across several disciplines including history of economic thought economic methodology philosophy of science and the history of ideas

Encyclopedia of Political Economy: A-K Phillip Anthony O'Hara, 1999

Based on developments in political economy since the 1960s this text is a compendium of the main principles concepts problems institutions schools and policies associated with political economy

It is a comprehensive introduction to the field

Principles of Political Economy Carver Thomas Nixon 1865-1961, HardPress, 2013-06

Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact

Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy

Keynes, Post-Keynesianism and Political Economy Peter Kriesler, Claudio Sardonì, 1999-11-11

Geoff Harcourt has had a major impact on the field of Post Keynesian economics not only in his research but also in his teaching

Many of Harcourts students have gone on to make valuable contributions in this field

This volume brings together contributions from thirty such former students now established in academic institutions around the world

The Political Economy of Apparel Exporting Industrial Parks in Ethiopia Mohammed Seid Ali, 2024-07-14

This book discusses the maxim of industrialization with a human face or social upgrading which currently dominates the academic and actual policy discourses particularly in late comer economies of the Global South such as Ethiopia

To understand industrialization with social upgrading in the current context of economic globalization characterized by the Global Value Chain GVC the book adopts the Human Rights HR perspective to labour relations and employs the Corporate Social Responsibility CSR approach to analyze the labour compliance of apparel exporting firms and their respective global brand buyers operating in Ethiopia's industrial parks

The findings reveal that Ethiopia's post 2005 state led industrialization development path which has firmly embraced strong business-state alliances has curbed the power of labour

Further global brands flawed CSR and poor purchasing practices have contributed to the ongoing labour abuses in the country's industrial parks

If the government does not consciously respond to the race to the bottom the cold current of economic globalization that dominates the global apparel value chain local industrial workers in Ethiopian industrial parks will continue to face dismal working conditions

The Political Economy of Sino-American

Relations Y.Y. Kueh, 1997-10-01 In the post Cold War world the United States and China together forms one of the most significant relationships in the Asian Pacific region However this relationship cannot be considered in isolation from the dynamic economic integration of China with Hong Kong and Taiwan into what is now called Greater China This volume draws on a wide range of international expertise to examine the nature of the US economic interaction with Greater China Set against the historical and political background of Sino American relations the contributors discuss in detail trade and investment flows between Greater China and the United States as well as China s entry into the World Trade Organization The impact on regional trading partners and global trading organizations is also evaluated **The International Political**

Economy of Investment Bubbles Paul Sheeran, 2017-11-28 Providing a historical appraisal of bubble investments and blending theory with field observations this insightful work will benefit academics researchers and professionals observing the nexus of relationships between speculation states and markets The book presents an analysis of the development and decline of investment bubbles and helps develop the models that inform the risk assessment of bubble behaviour By identifying particular trends and consequences the book presents insight into the operation of speculative activity and its social economic and political repercussions **Adam Smith's America** Glory M. Liu, 2024-04-02 The unlikely story of how Americans canonized Adam Smith as the patron saint of free markets Originally published in 1776 Adam Smith s *The Wealth of Nations* was lauded by America s founders as a landmark work of Enlightenment thinking about national wealth statecraft and moral virtue Today Smith is one of the most influential icons of economic thought in America Glory Liu traces how generations of Americans have read reinterpreted and weaponized Smith s ideas revealing how his popular image as a champion of American style capitalism and free markets is a historical invention Drawing on a trove of illuminating archival materials Liu tells the story of how an unassuming Scottish philosopher captured the American imagination and played a leading role in shaping American economic and political ideas She shows how Smith became known as the father of political economy in the nineteenth century and was firmly associated with free trade and how in the aftermath of the Great Depression the Chicago School of Economics transformed him into the preeminent theorist of self interest and the miracle of free markets Liu explores how a new generation of political theorists and public intellectuals has sought to recover Smith s original intentions and restore his reputation as a moral philosopher Charting the enduring fascination that this humble philosopher from Scotland has held for American readers over more than two centuries *Adam Smith's America* shows how Smith continues to be a vehicle for articulating perennial moral and political anxieties about modern capitalism
