Journal of Further Explorations in the Kuru Region and in the Kukukuku Country, Eastern Highlands of Eastern New Guinea and of a Return to West New Guinea Daniel Carleton Gajdusek, 1980 *Further Consideration of the Eldership, the Region of Work, and the Care for the Body of Christ* Witness Lee, 1991-09 *Universities and Regions* Michael Shattock, Aniko Horvath, 2023-04-06 This book explores the impact of localities and regions on universities and shows how the diversity of the higher education landscape is critically affected by the geophysical character of regions and their differentiated economies and cultures regional inequalities bear heavily on universities strategy making A study of the interrelationship between higher and further education argues that from a regional perspective a change to a tertiary education system in England following Wales would create the conditions for better local and regional coordination Universities make a significant contribution to levelling up through technology transfer and the creation of innovation hubs but the contribution of locally or regionally based students who on graduation return to disadvantaged communities rather than seek employment elsewhere should be recognised also as a longer term step to redressing regional inequality The book argues strongly that the time has come to decentralise the governance of a re aligned tertiary system to regions and identifies the move to create metro mayors and combined authorities as providing the appropriate vehicle to release new initiative from regional sources It cites the success of decentralisation to Scotland and Wales as offering relevant models for scrutiny The authors draw on 12 UK widely differentiated university case studies a survey of further education and a study of three continental European comparators Germany Ireland and Norway to develop the argument *Trends in Dairying by Major Type-of-farming Regions* Winn Frederick Finner, Ronald Lester Mighell, 1941 *Formation for Ministry Within a Learning Church Final Report on the Regions* Church House Publishing, Church of England, 2004-09-08 **The Southern Appalachian Region** Thomas R. Ford, 2021-11-21 The Southern Appalachian Region is the largest American problem area an area whose participation in the economic growth of the nation has not been sufficient to relieve the chronic poverty of its people The existence of the problem was recognized a generation ago but in the past decade the resistance of such areas to economic advance has acquired a more urgent significance in American thought In 1958 a group of scholars undertook to make a new survey of the Southern Appalachian Region Aided by grants from the Ford Foundation ultimately amounting to 250 000 they set out to analyze the direction and extent of the changes which had taken place since the last survey in 1935 to define the problem in terms of the present situation and if possible to arrive at recommendations for action which might enable the leaders of the Region and the nation to attack the problem with practical measures In this volume are presented their comprehensive reports on the Region s population its economy its institutions and its culture The problems defined by this survey are a challenge to the whole nation for the consequences of success or failure in solving them will not be limited
