SECULARIZATION, REVIVAL, AND CULT FORMATION

# The Future Of Religion Secularization Revival And Cult Formation

**Phillip Charles Lucas**

## **The Future Of Religion Secularization Revival And Cult Formation:**

The Future of Religion Rodney Stark, William Sims Bainbridge, 1985 Religion is alive and well in the modern world and the social scientific study of religion is undergoing a renaissance For much of this century respected social theorists predicted the death of religion as inevitable consequence of science education and modern economics But they were wrong Stark and Bainbridge set out to explain the survival of religion Using information derived from numerous surveys censuses historical case studies and ethnographic field expeditions they chart the full sweep of contemporary religion from the traditional denominations to the most fervent cults This wealth of information is located within a coherent theoretical framework that examines religion as a social response to human needs both the general needs shared by all and the desires specific to those who are denied the economic rewards or prestige enjoyed by the privileged By explaining the forms taken by religions today Stark and Bainbridge allow us to understand its persistence in a secular age and its prospects for the future

*The Future of Religion and the Religion of the Future* Theodore John Rivers, 2011-11-25 In *The Future of Religion and the Religion of the Future* Theodore John Rivers explores the changing relationship between technology and religion Rivers draws upon his expertise in the fields of medieval and religious history to discuss how the promotion of Christianity and monasticism in the Middle Ages began a process that has lent religious undertones to the way in which we interact with modern technology Rivers ultimately suggests that the growing presence of technology makes it a likely candidate for the next religious form competing with all the major religions in place today

**The Future of the Study of Religion** Slavica Jakelic, Lori Pearson, 2018-08-14 This volume brings together diverse voices from various fields within religious and theological studies for a conversation about the proper objects goals and methods for the study of religion in the twenty first century It approaches these questions by way of the most recent contemporary challenges debates and developments in the field and provides a forum in which contending perspectives are tested and contested by their proponents and opponents Contributors address topics such as the connection between the normative and the scientific approaches to the study of religion the meaning of religion in a context of globalization the relation between religious studies and religious traditions the viability of comparative and cultural studies of religious phenomena and the future of gender studies in religion

**Secular Steeples 2nd edition** Conrad Ostwalt, 2012-09-27 An exploration of secularization in America this book provides students with an innovative way of understanding the relationship between religion and secular culture In *Secular Steeples* Conrad Ostwalt challenges long held assumptions about the relationship between religion and culture and about the impact of secularization Moving away from the idea that religion will diminish as secularization continues Ostwalt identifies areas of popular culture where secular and sacred views and objectives interact and enrich each other The book demonstrates how religious institutions use the secular and popular media of television movies and music to make sacred teachings relevant From megachurches to sports arenas the Bible to Harry Potter biker churches to virtual worship

communities Ostwalt demonstrates how religion persists across cultural forms secular and sacred with secular culture expressing religious messages and sometimes containing more authentic religious content than official religious teachings An ideal text for anyone studying religion and popular culture each chapter provides questions for discussion a list of important terms and guided readings

**An Epistemology of Religion and Gender** Ulrike E. Auga, 2020-03-26 This book puts forward a new epistemological framework for a theory of religion and gender's role in the public sphere It provides a sophisticated understanding of gender and its relation to religion as a primarily performative category of knowledge production rooting that understanding in case studies from around the world Gender and religion are examined alongside biopolitics and the influence of capitalism neoliberalism and empire The book analyses the interdependence of religion gender and new nationalisms in the Palestinian territories South Africa and the USA scrutinising the biopolitical interferences of nation states and dominant political and religious institutions It then moves on to uncover counter discourses and spaces of activism and agency in contexts such as East Germany and the Occupy Wall Street movement Using gender queer and trans theory in tandem with postcolonial and post secular perspectives readers are shown a more nuanced understanding of critical contemporary questions related to religion gender and sexuality This is a bold new take on religion gender and public life As such it will be of keen interest to scholars of Religious Studies and Gender Studies as well as those working on religion's interaction with Politics Sociology and Social Activism

*Sociology of Religion* Kevin J. Christiano, William H. Swatos, Jr., Peter Kivisto, 2008-05-29 By way of introduction Studying religion The religion of secularization and the history of religions Religion in the United States denominationalism and beyond Social class religion and power a classic field of inquiry Religion and ethnicity a complex relationship Gender sexuality and religion spirituality in different voices Religious change the case of Catholicism in the United States The globalization dynamic historic animosities or postmodern politics Mediating meaning religion in and as contemporary culture Boundary issues church state and new religions

**Religions and Missionaries Around the Pacific, 1500-1900** Tanya Storch, 2006 This volume takes an interdisciplinary approach to the study of religious cultural exchanges around the Pacific in the period 1500 1900 relating these to economic and political developments and to the expansion of communication across the area It brings together twenty two pieces from diaries of religious exiles and missionary field observations to studies from a variety of academic disciplines so enabling a multitude of voices to be heard The articles are grouped in sections dealing with the Islamic period the Iberian Catholic period the Jewish diaspora the Russian Orthodox church the epoch of Protestant culture and finally Asian immigrant religions in the West a substantial introduction contextualizes these chapters in terms of both historical and contemporary approaches

Faith in Politics Bryan T. McGraw, 2010-06-10 No account of contemporary politics can ignore religion The liberal democratic tradition in political thought has long treated religion with some suspicion regarding it as a source of division and instability Faith in Politics shows how such arguments are unpersuasive and dependent on

questionable empirical claims rather than being a serious threat to democracies legitimacy stability and freedom religion can be democratically constructive Using historical cases of important religious political movements to add empirical weight Bryan McGraw suggests that religion will remain a significant political force for the foreseeable future and that pluralist democracies would do well to welcome rather than marginalize it

Modern Biblical Criticism as a Tool of Statecraft (1700-1900) Scott Hahn, Jeffrey L. Morrow, 2020-04-27 Modern biblical scholarship is often presented as analogous to the hard and natural sciences its histories present the developmental stages as quasi scientific discoveries That image of Bible scholars as neutral scientists in pursuit of truth has persisted for too long Modern Biblical Criticism as a Tool of Statecraft 1700 1900 by Scott W Hahn and Jeffrey L Morrow examines the lesser known history of the development of modern biblical scholarship in the eighteenth and nineteenth centuries This volume seeks partially to fulfill Pope Benedict XVI s request for a thorough critique of modern biblical criticism by exploring the eighteenth and nineteenth century roots of modern biblical scholarship situating those scholarly developments in their historical philosophical theological and political contexts Picking up where Scott W Hahn and Benjamin Wiker s *Politicizing the Bible The Roots of Historical Criticism and the Secularization of Scripture* 1300 1700 left off Hahn and Morrow show how biblical scholarship continued along a secularizing trajectory as it found a home in the newly developing Enlightenment universities where it received government funding Modern Biblical Criticism as a Tool of Statecraft 1700 1900 makes clear why the discipline of modern biblical studies is often so hostile to religious and faith commitments today

*Christian Higher Education in Canada* Stanley E. Porter, Bruce G. Fawcett, 2020-11-17 The Toronto 2018 Symposium on Christian Higher Education provided an opportunity for leaders in the Canadian Christian higher education movement to reflect deeply on its development current reality and future possibilities The Canadian Christian higher education scene comprises a wide range of institutions including Christian universities Bible colleges and seminaries and graduate schools Each type has its own distinctive history and likewise represents both challenges and opportunities Even though they are intertwined in their common purpose these higher educational institutions express this purpose in various ways This volume is a collection of the papers and plenary talks designed to share the content of the symposium with a wider audience The papers are all written by active scholars and researchers who are connected to the member institutions of Christian Higher Education Canada CHEC They not only illustrate the quality of the scholarship at these institutions but they make their own critical contribution to an ongoing discussion regarding the role and place of Christian higher education within the wider society This volume is intended to be helpful to students faculty staff board members and supporters of Canadian and other Christian higher education institutions as well as interested individuals and scholars

**Religion and the New Atheism**, 2010-06-14 The term new atheism has been given to the recent barrage of bestselling books written by Richard Dawkins Sam Harris Daniel Dennett Christopher Hitchens and others These books and their authors have had a significant media presence and have only grown in popularity over the years This

book brings together scholars from religious studies science sociology of religion sociology of science philosophy and theology to engage the new atheism and place it in the context of broader scholarly discourses This volume will serve to contextualize and critically examine the claims arguments and goals of the new atheism so that readers can become more informed of some of the debates with which the new atheists inevitably and at times unknowingly engage Contributors include Richard Harries Reza Aslan Amarnath Amarasingam Robert Platzner Jeffrey Robbins Christopher Rodkey Rory Dickson Steve Fuller William Sims Bainbridge William A Stahl Stephen Bullivant Michael Borer Richard Cimino Christopher Smith Gregory R Peterson Jeff Nall Ryan Falcioni and Mark Vernon Studies in Critical Research on Religion vol 1

**Japanese New Religions in Global Perspective** Peter B Clarke, Peter B. Clarke, 2013-11-05 Since the 1960s virtually every part of the world has seen the arrival and establishment of Japanese new religious movements a process that has followed quickly on the heels of the most active period of Japanese economic expansion overseas This book examines the nature and extent of this religious expansion outside Japan *Through a Glass Darkly* Frances Di Lauro, 2006-12-06 *Through a Glass Darkly* Reflections on the Sacred is a collection of research articles on the influence of religion on music literature and art The book was edited by Frances Di Lauro with an introduction by Victoria Barker [The Re-Enchantment of the West](#) Christopher Partridge, 2005-03-04 As a book about emergent spirituality in the contemporary West it focuses on the nature evolution and significance of new forms of religion and alternative spiritualities Part One of the book provides the theoretical background and guides the reader through some of the principal debates After an overview of the secularization thesis which argues that the West is becoming increasingly disenchanted the second chapter turns to the sociological analysis of new religions and alternative spiritualities Particular attention is given to the ideas of the sociologist of religion Ernst Troeltsch especially his enigmatic analysis of the emergence mystical religion which presciently provides helpful insights into understanding the contemporary alternative religious milieu Against sociologists such as Bryan Wilson and Steve Bruce this and the subsequent chapter argues that rather than being insignificant new forms of spirituality are actually proving to be a significant part of Western re enchantment Chapter 3 constructs a general theory of the re enchantment of the West Chris Partridge argues that Western Society is permeated by a broad occulture by which he means a reservoir of ideas beliefs theories and practices to which new religions unorthodox spiritualities film and popular music all draw attention This re enchantment of the West should not be seen as a superficial secondary development in the shadow of Christianity In many ways it is a religious phenomenon in its own right Partridge s arguments in this regard are well put and I warmly welcome this timely book Mikhael Rothstein University of Copenhagen Denmark *The Study of Religions in Ireland* Brendan McNamara, Hazel O'Brien, 2022-06-02 This book provides a comprehensive and field defining examination of the study of religions in Ireland By bringing together some of the foremost experts on religions in an Irish context it critically traces the development of an important field of study and evaluates the thematic threads that have emerged as significant It

thereby offers an assessment of contemporary religions in Ireland and their relationships to society culture economics politics and the State Contributors make connections between topics as diverse as Ireland s Revolutionary Period the formation of the Irish State the decline of Catholicism the rise of migrant religions and New Religious Movements and the effects of secularisation on religions and society This book emphasizes the interdisciplinary nature of the study of religions whilst illustrating the coherent themes that have shaped the development of the field in Ireland making it unique Mission and Evangelism in a Secularizing World Narry F. Santos, Mark Naylor, 2019-02-14 Secularization as a movement away from a religious orientation to life is strong in Canada and has influence worldwide In this volume missiologists and practitioners across Canada consider how an agenda of Christian mission and evangelism can be advanced in a secularizing environment How can believers be curious and engaged rather than defensive and fearful What changes are required from the evangelical community so that there is productive dialogue and action in ways that maintain faithfulness to the cause of Christ What should the approach of mission be to a new generation steeped in secular narratives How do we answer negative caricatures of Christian mission in light of the history of Residential Schools What examples from the past teach us about developing an irenic approach What positive trends are currently evident in Canada and around the world that counter the secularizing narrative These questions and more are considered in this volume by Canadian scholars who recognize the importance of being relevant to society while maintaining integrity with the Gospel message The essays address secularism in Canadian and worldwide contexts with seriousness insight and an underlying theme of hope recognizing that God s mission has been accomplished is being accomplished and will be accomplished An Introduction to Religion and Politics Jonathan Fox, 2013-05-07 An Introduction to Religion and Politics offers a comprehensive overview of the many theories of religion and politics and provides students with an accessible but in depth account of the most significant debates issues and methodologies Fox examines the ways in which religion influences politics analyses the current key issues and provides a state of the art account of religion and politics highlighting the diversity in state religion policies around the world Topics covered include Secularism and secularization Religious identity Religious worldviews beliefs doctrines and theologies Religious legitimacy Religious institutions and mobilization Rational and functional religion Religious fundamentalism Conflict violence and terror This work combines theoretical analysis with data on the religion policies of 177 governments showing that while most of the world s government support religion and many restrict it true neutrality on the issue of religion is extremely rare Religion is becoming an inescapable issue in politics This work will be essential reading for all students of religion and politics and will also be of great interest to those studying related subjects such as comparative politics international relations and war and conflict studies The Odyssey of a New Religion Phillip Charles Lucas, 1995-02-22 solid scholarship It will not only serve as a model for those studying the New Religious Movements of the late twentieth century but will offer help to mainline and other religious institutions who are struggling with problems of

identity and change in our complex society today Church History a thoroughly enjoyable book that would fit well into a graduate readings seminar on new religious movements The book deserves a wide reading Nova Religio Lucas s study provides a model of how best to combine the methodologies and analyses of the history of religions and sociology He has provided the groundwork for continued tracking of developments in this new religious movement for comparative purposes Journal of the American Academy of Religion a carefully researched and well written history of one of the important new religious movements to appear in the United States during the 1960s the volume can be heartily recommended to all students of American religion American Historical Review Lucas has written one of the best informed studies of the evolution of a metaphysical cult into mainline eastern orthodoxy The Reader s Review This is an important book for libraries with holdings in American religion Choice a fascinating narrative a rich feast for the investigator of the subculture of esoteric religion American Studies International especially welcome It offers an in depth meticulously documented history of a church the Holy Order of MANS that arose from the Christian esoteric mystery tradition and then metamorphosed into a traditionalist Orthodox Christian sect This unlikely tale has more twists and turns than a whodunit this volume is that rarest of finds an academic book that is a delight to read Gnosis Magazine Traces the journey of a new religious movement from its start as a monastic style New Age order to its transformation into the more conventional Christ the Savior Brotherhood an Eastern Orthodox sect A remarkable story of social and spiritual change in contemporary America **American**

**Evangelicals and the 1960s** Axel R. Schäfer,2013-08-23 In the late 1970s the New Christian Right emerged as a formidable political force boldly announcing itself as a unified movement representing the views of a moral majority But that movement did not spring fully formed from its predecessors American Evangelicals and the 1960s refutes the thesis that evangelical politics were a purely inflammatory backlash against the cultural and political upheaval of the decade Bringing together fresh research and innovative interpretations this book demonstrates that evangelicals actually participated in broader American developments during the long 1960s that the evangelical constituency was more diverse than often noted and that the notion of right wing evangelical politics as a backlash was a later creation serving the interests of both Republican conservative alliances and their critics Evangelicalism s involvement with rather than its reaction against the main social movements public policy initiatives and cultural transformations of the 1960s proved significant in its 1970s political ascendance Twelve essays that range thematically from the oil industry to prison ministry and from American counterculture to the Second Vatican Council depict modern evangelicalism both as a religious movement with its own internal dynamics and as one fully integrated into general American history **Pentecostalism, Secularism, and Post Christendom**

Bradley Truman Noel,2015-12-14 If only we were a Christian country again Christians particularly those in the West often lament their loss of influence in modern politics and culture It seems that everywhere one turns Christendom in the West is dealt another blow with Christian reactions ranging from withdrawal and entrenchment to cries of persecution and talks of

organized resistance Pentecostalism Secularism and Post Christendom seeks to address these concerns via an examination of Classical North American Pentecostalism as it wrestles with the very real challenges posed by the increasing post Christian ethos of Western culture In addition to providing a number of concrete steps Pentecostals may take in their efforts to better understand and connect with modern culture this work will argue that counter intuitively the death of Christendom if properly addressed may in fact herald the arrival of the Church s finest hour

This is likewise one of the factors by obtaining the soft documents of this **The Future Of Religion Secularization Revival And Cult Formation** by online. You might not require more get older to spend to go to the book launch as well as search for them. In some cases, you likewise realize not discover the message The Future Of Religion Secularization Revival And Cult Formation that you are looking for. It will enormously squander the time.

However below, as soon as you visit this web page, it will be hence extremely easy to acquire as well as download lead The Future Of Religion Secularization Revival And Cult Formation

It will not understand many era as we explain before. You can complete it even though work something else at home and even in your workplace. so easy! So, are you question? Just exercise just what we offer under as competently as evaluation **The Future Of Religion Secularization Revival And Cult Formation** what you once to read!
