extraordinary conflict the Gallipoli campaign of 1915 A signaller with the 42nd East Lancashire Division Riley was well placed to serve as an eyewitness to the sharp end of the campaign being with the infantry but not of it His task and that of the small unit he served with and whose story he tells was to maintain communications between the forward trenches and senior commanders in the rear a conduit for at times unrealistic orders one way and all too real situation reports the other During his time on the peninsula Riley kept meticulous notes which form the basis of this account He also took his camera to war the resulting photos some of which were used in the British official history of the campaign flesh out his detailed story of life in and behind the lines After four months on the peninsula suffering from jaundice septic sores and dysentery Riley was evacuated sick destined first for Mudros and then Blighty He made sure to save his diary and camera Although Gallipoli had done for Riley Riley was not done with Gallipoli Even while on the peninsula he and his comrades had looked beyond the war We tried to imagine what the place would be like when the armies had gone Achi Baba would be green again the trenches would fall in and flatten communication trenches through which thousands of men had passed would be long and shallow depressions and frogs and tortoises the only inhabitants of gully and nullah Remarkably Alec Riley returned to find out revisiting the peninsula at least twice In 1930 he spent ten days wandering across the now overgrown fields of battle on a lone pilgrimage revisiting places he knew intimately 15 years before This pilgrimage and a subsequent second visit was intended to form the basis of a book again illustrated with his trusty camera Sadly the original manuscript has been lost But the editors have identified two extracts that appeared in print which they present alongside a faithful transcript of Riley s diary and notes Also included is an unpublished introduction by General Sir Ian Hamilton commander of the Mediterranean Expeditionary Force of which Riley had been a small part and with whom Riley had a decade long correspondence The editors of the diary Michael Crane and Bernard de Broglio have added copious footnotes and detailed biographical notes on the officers and men who come to life in Riley s writings as well as an order of battle and summary of arms for the 42nd Division at Gallipoli Fourteen maps illustrate the actions large and small that Riley describes alongside 47 black and white photographs most showing the battlefield in 1915 and 1930 Gallipoli Diary 1915 will appeal to readers of WW1 and military history but especially to those with an interest in the Gallipoli campaign It will be bookended by two further diaries that record Alec Riley s mobilisation and training in Egypt and his time in the Royal Victoria Hospital Netley Collectively they offer a unique window into the experiences of a pre war Territorial soldier before during and after Gallipoli

Gallipoli Diaries Jonathan King, 2014-09-29 Gallipoli for the average Australian is the most famous battle that our volunteer soldiers ever fought because it was our first entry as a nation into the war and our people were keen to prove themselves It would be however a long time before the families back home and the nation as a whole heard of the terrible conditions on the peninsula and the waste of life that took place there Although Gallipoli was a crushing defeat it was and still is celebrated as a victory In this updated commemorative edition published 100 years after the 25 April 1915 landing the Gallipoli story is

told day by day using the words of the diggers drivers soldiers and war correspondents at the front line War historian Jonathan King has gathered together an unequalled series of extracts from letters and diaries written by hundreds of Anzacs at Gallipoli accounting for every one of the 240 days of the eight month campaign and even identifying the actual days of the week Reading the men s own words including misspellings and mistakes we share in the soldiers experiences These Australians of exceptional calibre and good cheer each wrote for different reasons although many made light of their hardships It is all here the fear the frustration and the boredom as they scrounged for bully beef went mad from the flies the lice and the stench of the unburied dead swapped cigarettes with enemy Turks dodged shrapnel while swimming at the beach celebrated birthdays sheltered from rain and shivered in snow and waited for action while praying for deliverance Although generals historians and war scholars have had their stories told many times it is only now when we read the private words of the men at the front line that we can glimpse what Gallipoli was really like PRAISE FOR JONATHAN KING In Jonathan King s Gallipoli Diaries we share the experiences of the diggers from day one It is a story that is spoken in the sometimes halting words of the soldiers and therein lies its power There is much here to enlarge our understanding of the disastrous Gallipoli campaign not least the appalling conditions in the trenches the daily grind of water carrying poor food flies and death Books Publishing A comprehensive history of the whole of the Gallipoli campaign Some notable Australian writers are among the many letter writers and diarists and their writing skills stand out King starts the book with some thoughts about why Australia as a nation celebrates what was after all a crushing defeat The Cooma Monaro Express
