Associates **The Encounter** Crawford Power, 1983-12-12 Father Cawder dreams about the arrival of the carnival and the hubbub it will bring but he cannot anticipate the heated tragedy of lovers Stella and Diamond or the harsh judgment of his neighbor Mrs Girard With characters that leap off the page and stay with you long after the final lines *The Encounter* is a shattering Southern novel and a landmark work of literature now back in print for a new audience **Having People,**

Having Heart China Scherz, 2014-07-04 This study of charity in Uganda challenges current international development norms and standards as refusals to redistribute wealth Washington Post Believing that charity inadvertently legitimates social inequality and fosters dependence many international development organizations have increasingly sought to replace material aid with efforts to build self reliance and local institutions But in some cultures like those in rural Uganda where *Having People Having Heart* takes place people see this shift not as an effort toward empowerment but as a suspect refusal

to redistribute wealth Exploring this conflict China Scherz balances the negative assessments of charity that have led to this shift with the viewpoints of those who actually receive aid Through detailed studies of two different orphan support organizations in Uganda Scherz shows how many Ugandans view material forms of Catholic charity as deeply intertwined with their own ethics of care and exchange With a detailed examination of this overlooked relationship in hand she reassesses the generally assumed paradox of material aid as both promising independence and preventing it The result is a sophisticated demonstration of the powerful role that anthropological concepts of exchange value personhood and religion play in the politics of international aid and development At once ethnographically complex and exceptionally well argued Scherz offers the kind of analysis of the politics and morality of aid in the contemporary world that reminds us why anthropology remains a crucial discipline going forward Joel Robbins University of Cambridge A radical revaluation of the term dependence Books Culture
