Spy Killer L. Ron Hubbard, 2008-09-08 American Sailor Kurt Reid is a hothead and a hard case a man who hits first and asks questions later As scrappy and rough around the edges as Jimmy Cagney it's no wonder that when the ship's captain turns up dead it's Reid who takes the rap Falsely accused and under the gun Reid jumps ship and vanishes into Shanghai only to get caught in a web of intrigue betrayal and murder In a world where nothing is what it seems and everything is for sale he's soon out of his depth drawn into a spy game in which the winner takes all and the loser takes a knife to the back Will Reid live up to his reputation as the Spy Killer He'll have to learn the rules fast because with players like the sexy White Russian secret agent Varinka Savischna in the hunt the game is about to turn as seductive as it is sinister As a young man Hubbard visited pre Communist China three times where his closest friend headed up British intelligence In a land where communists nationalists war lords and foreign adventurers schemed for control Hubbard gained a unique insight into the intelligence operations and spy craft in the region a knowledge that informs stories like Spy Killer Vividly written super fast

**Serial Killers** Joel Norris,1989-07-01 Through extensive research and interviews with five notorious serial killers author Joel Norris demonstrates that serial killers have specific biological and genetic makeups that can be identified as early as five years of age A compelling read for both the curious layman and the concerned professional      *Futurisk: Tales of Tomorrow* algo Gaalgo,2025-06-10 What happens when the future arrives half baked pre coded and morally gray Futurisk Tales of Tomorrow is a bold collection of speculative short stories that dig deep into the cracked soil beneath tomorrow s shiny facade

From climate manipulation to identity collapse from digital gods to corporate soul harvesting each story pulls back the curtain on humanity's boldest promises and quietest failures These aren't just predictions They're mirrors Told with the cool restraint of an observer and the sting of lived experience Futurisk offers no answers but demands your attention What if the risk was the future itself Each tale in this collection stands alone but together they form a mosaic of a future that feels eerily close Philosophical sci fi Future society Satirical science fiction Speculative fiction Dystopian Utopian AI and ethics The name Futurisk suggests both tension and choice The future isn't fixed but stepping toward it without awareness is the greatest gamble of all The name Futurisk is deliberate The future is risky not because of machines but because of our unwillingness to confront our reflection

Neutron Force Don Pendleton, 2014-01-15 STONY MAN For the seasoned warriors of America's most elite and covert defense unit each mission could be their last Now a grim Presidential directive comes down hard green lighting a desperate search and destroy operation where minutes count An unknown entity is in possession of one of the deadliest weapons known to man sounding a death knell for nations across the globe NEUTRON CANNON It kills instantly No heat no noise no radiation Just silent invisible slaughter from ultra fast subatomic particles The death toll mounts in a random controlled carnage that is sending a clear message of absolute power while leaving false trails and conflicting clues No nation can defend itself against the unilateral destructive power of a particle beam weapon Stony Man's only option is to destroy it But first they must find it

Dark Star Don Pendleton, 2008-08-01 Stony Man Hidden deep within the U.S. government one special operations group is America's best chance to combat strategic terror Covert uncensored and answering only to the President the cybernetic and commando teams of Stony Man understand that the impossible can be done with the right people the right plan a little luck and the courage to attempt what no one else dares Skywalker A machine that defies logistics has become a grim reality A working SSO single stage to orbit rocket or X ship can launch and land anywhere virtually unseen and unstoppable due to stealth technology and sheer velocity Now a faceless enemy with a hidden agenda is using X ships to spread global fire and death like a tidal wave from hell Facing a crisis of unimaginable proportions Stony Man is once again tasked with the impossible unmask the masterminds behind the attacks and take them out fast

Serial Vigilantes of Paperback Fiction Bradley Mengel, 2009-10-21 Rough justice has often been served in the pages of serial novels notably beginning with Don Pendleton's The Executioner in 1969 This is the first overview of the serial vigilante genre which featured such hard-boiled protagonists as Nick Carter Mark Stone Jake Brand and Able Team among the 130 series that followed Pendleton's novel Serial vigilantes repeatedly take the law into their own hands establishing and imposing their own moral standards usually by force The book examines the connections between the serial vigilante and the pulp hero that preceded him and how the serial vigilante has influenced a variety of tough guys private eyes spies and cops in different media A complete bibliography for each series is featured

**Critical Effect** Don Pendleton, 2008-06-01 Stony Man Eighty miles outside the nation's capital the President's covert defense unit has its orders stop terror at its source From the

cyber wizards at the helm to the commandos on the ground the warriors of Stony Man are united by an unbreakable bond of honor and courage where ultimate sacrifice is the price sometimes paid but never in vain Bug Spheres A NATO special ops aircraft carrying a top secret prototype goes down near the French German border In St Louis a rogue scientist unleashes an experimental pathogen on innocent victims Stony Man targets the disturbing intel and launches an offensive that stretches from Munich to America s heartland It s a worst case scenario linking a radical Middle Eastern group with Europe s most sophisticated smugglers putting stolen tech into enemy hands along with a killer virus manufactured for mass destruction

Act of War Don Pendleton,2008-04-01 Stony man When crisis demands skill stealth and the kind of diplomacy that comes from a mandate to strike down terror the call to action goes to Stony Man Under presidential directive the crack commando teams of Phoenix Force and Able Team backed by the most sophisticated cybernetics team in the world bring the fight to the enemy and take no prisoners Remote nuke trigger Technology capable of exploding cached nuclear arsenals around the globe has fallen into the hands of a group of unidentified terrorists Mushroom clouds are appearing from the deserts of New Mexico to the mountains of Asia as warhead stockpiles become radioactive fallout Facing an untenable decision on whether to disarm or stand and fight the Oval Office can only watch and wait as Stony Man tracks the enemy to the far flung reaches of the Balkans where fifteen families of organized crime will be masters of the universe or blow it out of existence

**Capital Offensive** Don Pendleton,2007-12-01 STONY MAN Dedicated to a seek and destroy mandate when presidential directive sends them into the heat of battle the cyber and commando teams of Stony Man hit hard and fast to remove threats of global magnitude Now a secret terrorist organization has hacked its way into defense satellites opening a trapdoor to Hell CAPITAL OFFENSIVE America stands virtually defenseless as global security is compromised and nations prepare for the final conflagration that will end civilization Stony Man gets a lead on a rogue Argentinean general and his twisted vision of a scorched and reborn planet Earth but tracking the technology and the masters of destruction is a race where seconds count and the loser will be humanity itself
