Heilbrunn, 2014-04-21 This book focuses on the history key industry and policy actors and political economic outcomes in oil producing African states filling a gap in the literature on resource abundant countries by providing an optimistic assessment of circumstances in contemporary Africa **The Aesthetics of Belonging** Claudia Gastrow, 2024-10-25 After centuries of colonial rule the end of Angola s three decade civil war in 2002 provided an irresistible opportunity for the government to reimagine the Luanda cityscape Awash with petrodollars cultivated through strategic foreign relationships President Jos Eduardo dos Santos rolled out a national reconstruction program that sought to transform Angola s capital into what he considered to be a modern world class metropolis Until funds dried up in 2014 the program in conjunction with sweeping private investments in real estate involved mass demolitions of vernacular architecture to make way for high rise buildings large scale housing projects

and commercial centers The program thus underestimated the values enshrined in the materials and designs of Luanda s existing informally constructed neighborhoods or musseques The Aesthetics of Belonging explores the political significance of aesthetics in the remaking of the city Claudia Gastrow s archival and ethnographic work which includes interviews with city planners architects nonprofit leaders and urban dwellers shows how government infrastructure projects and foreign inspired designs came to embody displacement and exclusion for many This Gastrow argues catalyzed a countermovement an aesthetic dissent rooted in critically reframing informal urbanism as Indigenous a move that enabled the possibility of recognizing the political potential of informal settlements as spaces that produce belonging Kongo in the Age of Empire, 1860-1913 Jelmer Vos,2015 An insightful look at the onset of colonialism in Central Africa from economic religious and political perspectives examining the ultimately tragic participation of African elites in colonial rule Shaping the African Savannah Michael Bollig,2020-07-02 A history of 150 years of social ecological transformations in the arid savannah landscape of Namibia **Historical Dictionary of Slavery and Abolition** Martin A. Klein,2014-09-04 For almost four thousand years men and women with power have exploited vulnerable populations for cheap or free labor These slaves serfs helots tenants peons bonded or forced laborers etc built pyramids and temples dug canals and mined the earth for precious metals and gemstones They built the palaces and mansions in which the powerful lived grown the food they ate spun the cloth that clothed them This second edition of Historical Dictionary of Slavery and Abolition relates the long and brutal history of slavery and the struggle for abolition using several key features Chronology Introductory essayAppendixesExtensive bibliographyOver 500 cross referenced entries on forms of slavery famous slaves and abolitionists sources of slaves and current conditions of modern slavery around the world This book is an excellent access point for students researchers and anyone wanting to know more about slavery and abolition **Bulls, Bears, Boers and Brits** Ian Phimister,2025-01-07 In the 1890s financial speculation and market manipulation were prominent features of the Southern African gold mining industry Extravagantly capitalised starved of working capital and poorly managed many mines could not be made to pay Investors suffered more at the hands of Randlords than they did from those of the Boer Government in Pretoria By failing to take any of this into serious consideration accounts that focus on mining company complaints as the root cause of the Jameson Raid and the outbreak of war in 1899 are missing a key dimension of the past **Enslaving Spirits** José C. Curto,2003-12-01 Long recognized as having played many important roles in the slave export trade of western Africa foreign alcohol and its various functions within this context have nevertheless escaped systematic analysis This volume focuses on the topic at Luanda and its Hinterland where the connections between foreign alcohol and the slave export trade reached their zenith Here following the mid 1500s an extremely close relationship developed between imported intoxicants and slaves exported by the thousands in any given year into the Atlantic World first fortified Portuguese wine and following 1650 Brazilian rum emerged as crucial trade goods for the acquisition of slaves But the significance of Luso Brazilian

intoxicants goes far beyond this singular fact they also served a number of other functions some of which were directly tied to slave trading and others indirectly underpinned the business The volume addresses the problem of alcohol in African history historicizes indigenous alcoholic beverages in West Central Africa at the time of contact analyzes the introduction and increasing use of foreign intoxicants for the acquisition of exportable slaves ponders the profits that such transactions generated within the Atlantic world reconstructs the other uses of imported alcohol in directly and indirectly underpinning the export slave trade of Luanda and assesses the impact of foreign alcohol upon West Central African consumers

National Liberation in Post-Colonial Southern Africa Christian A. Williams, 2015-10-08 Williams traces the South West Africa People's Organization of Namibia across three decades in exile in Tanzania Zambia and Angola *Magnificent and Beggar Land* Ricardo Soares de Oliveira, 2015-04-02 *Magnificent and Beggar Land* is a powerful account of fast changing dynamics in Angola an important African state that is a key exporter of oil and diamonds and a growing power on the continent Based on three years of research and extensive first hand knowledge of Angola it documents the rise of a major economy and its insertion in the international system since it emerged in 2002 from one of Africa's longest and deadliest civil wars The government backed by a strategic alliance with China and working hand in glove with hundreds of thousands of expatriates many from the former colonial power Portugal has pursued an ambitious agenda of state led national reconstruction This has resulted in double digit growth in Sub Saharan Africa's third largest economy and a state budget in excess of total western aid to the entire continent Scarred by a history of slave trading colonial plunder and war Angolans now aspire to the building of a decent society How has the regime led by President Jos Eduardo dos Santos since 1979 dealt with these challenges and can it deliver on popular expectations Soares de Oliveira's book charts the remarkable course the country has taken in recent years *The Palgrave Handbook of African Colonial and Postcolonial History* Martin S. Shanguhya, Toyin Falola, 2018-01-28 This wide ranging volume presents the most complete appraisal of modern African history to date It assembles dozens of new and established scholars to tackle the questions and subjects that define the field ranging from the economy the two world wars nationalism decolonization and postcolonial politics to religion development sexuality and the African youth experience Contributors are drawn from numerous fields in African studies including art music literature education and anthropology The themes they cover illustrate the depth of modern African history and the diversity and originality of lenses available for examining it Older themes in the field have been treated to an engaging re assessment while new and emerging themes are situated as the book's core strength The result is a comprehensive vital picture of where the field of modern African history stands today *Transformations in Slavery* Paul E. Lovejoy, 2011-10-10 This history of African slavery from the fifteenth to the early twentieth centuries examines how indigenous African slavery developed within an international context Paul E Lovejoy discusses the medieval Islamic slave trade and the Atlantic trade as well as the enslavement process and the marketing of slaves He considers the impact of European abolition and assesses

slavery's role in African history The book corrects the accepted interpretation that African slavery was mild and resulted in the slaves' assimilation Instead slaves were used extensively in production although the exploitation methods and the relationships to world markets differed from those in the Americas Nevertheless slavery in Africa like slavery in the Americas developed from its position on the periphery of capitalist Europe This new edition revises all statistical material on the slave trade demography and incorporates recent research and an updated bibliography

Africa and the Africans in the Nineteenth Century: A Turbulent History Catherine Coquery-Vidrovitch, Mary Baker, 2015-02-12 Most histories seek to understand modern Africa as a troubled outcome of nineteenth century European colonialism but that is only a small part of the story In this celebrated book beautifully translated from the French edition the history of Africa in the nineteenth century unfolds from the perspective of Africans themselves rather than the European powers It was above all a time of tremendous internal change on the African continent Great jihads of Muslim conquest and conversion swept over West Africa In the interior warlords competed to control the internal slave trade In the east the sultanate of Zanzibar extended its reach via coastal and interior trade routes In the north Egypt began to modernize while Algeria was colonized In the south a series of forced migrations accelerated spurred by the progression of white settlement Through much of the century African societies assimilated and adapted to the changes generated by these diverse forces In the end the West's technological advantage prevailed and most of Africa fell under European control and lost its independence Yet only by taking into account the rich complexity of this tumultuous past can we fully understand modern Africa from the colonial period to independence and the difficulties of today
