**Appealing to Scripture in Moral Debate** Charles H. Cosgrove, 2002 Arguing from scripture is one of the ways that Christians test their moral judgments. But are all methods of appealing to the Bible equally valid and effective? In this book Charles Cosgrove looks at the church's long tradition of moral debate and analyzes five important hermeneutical rules that guide contemporary use of scripture in ethical argument. After introducing the nature of moral arguments generally, Cosgrove devotes one chapter to each of the five rules of biblical interpretation that make ethical appeals to scripture persuasive. He sets forth each rule's rationale, provides examples of its operation, and subjects it to critique. Based not only on the work of biblical scholars and Christian ethicists but also on Cosgrove's own experience with debates in classrooms, churches, and other Christian contexts, this volume is a valuable aid to readers who employ moral reasoning in real-life settings.

**Solidarity Ethics** Rebecca Todd Peters, 2014 Introduction The problem of globalization Theories of solidarity Foundations for transformation A theo-ethics of solidarity Moving toward solidarity Embodying solidarity living into justice Conclusion hope for tomorrow

**Conceptions of God, Freedom, and Ethics in African American and Jewish Theology** K. Buhring, 2008-05-12 This book is a consideration of major contemporary Black and Jewish understandings of God, examining how profound faith in a just God is sustained and even strengthened in the face of particularly horrific and long-standing evil and suffering in a community.

*Preaching Words* John S. McClure, 2007-01-01 John McClure's *Preaching Words* highlights the most important ideas in homiletics and preaching, offering short explanations of these ideas, what scholars of preaching are saying about them, and how they can help in today's preaching. Topics range from elements of the sermon (introduction, body, and conclusion) to aspects of delivery, types of preaching in different Christian traditions, and theories of preaching.

*Breaking Bread, Breaking Beats* CERCL Writing Collective, 2014 In this innovative project, ten individuals write as one voice to illuminate the ways that Hip Hop and the Black Church agree, disagree, and inform each other on key topics. This book grows out of the popular religion and Hip Hop course offered at Rice University by Dr. Anthony Pinn and Bernard Bun B. Freeman. Like the course, the book offers engaging insights into one of the most important musical genres and reflects on its broad cultural impact.

*A Captive Voice* David Buttrick, 1994-01-01 In *A Captive Voice*, David Buttrick encourages pastors to look afresh at the Bible, church culture, and Christian identity in order to answer the question of how to preach. Buttrick examines the renewal of ecclesiology in the mid-twentieth century, a time when the high-hung pulpits were scaled down as preaching came to be seen as a conversation among friends in Christ. While this was a positive development, Buttrick argues that preaching must now become the articulation of our common faith, a speaking from the Spirit we all possess.
