Heath, A. S. Carlisle, 2020-11-16 Star Trek emerged alongside mini skirts bellbottoms and VW vans flourished in the shadow of Madonna big hair and greed and expanded with computers Beanie Babies and religious revitalization Star Trek survived the culture shock of 9 11 and experienced a revival in the era of yoga pants hybrid cars and Starbucks After more than 5 decades Star Trek is alive and well still voyaging through space and time But why is that How has this science fiction franchise managed to anticipate and adapt to such rapid culture change In The Voyages of Star Trek A Mirror on American

Society through Time authors K M Heath and A S Carlisle investigate the enduring appeal of Star Trek noting how it has mirrored foreshadowed and adapted to contemporary American culture from 1966 to the present Through anthropological analysis the authors examine the evolution of Star Trek by tying its storylines to events and developments in the U S assessing the extent to which the visual image of Star Trek is reflected on the screen from snapshots of randomly selected episodes and all of the films By examining how Star Trek addressed contemporary social issues through a sci fi lens over time the authors postulate Americans can better understand their own changing culture If StarTrek can continue to anticipate and adapt to our rapidly changing world then it should remain a part of the cultural landscape for another 50 years truly going where few franchises have gone before **Merchant Vessels of the United States...** United States. Coast Guard,1976

Star Trek Gene Roddenberry,2004 The original full colour Star Trek comics reprinted in paperback at last Star Trek comics debuted in 1967 the same year as the original television series and outlasted the TV version by ten years This volume collects the first eight issues and features the original Enterprise crew in adventures to be found nowhere else **Merchant Vessels of the United States** ,1977 Living with Star Trek Lincoln Geraghty,2007-03-30 There is a wealth of literature on Star Trek and this book is a welcome and original contribution to it The book not only sets Star Trek in dialogue with ideas and stories of utopia community self improvement that are central to American culture and history but goes further to examine the ways in which these are taken up and used by ordinary fans who engage with Star Trek in complex and significant ways Lincoln Geraghty explores for example Star Trek s multiple histories and how Star Trek has used the Puritan American Jeremiad one of the nation s foundational texts to create a narrative that relates how through communal effort and personal change utopia can be achieved He discusses how fans define the series as a blueprint for the solution of such social problems in America as racism and war and shows how they have used the series to cope with personal trauma and relate to such characters as Data and Seven of Nine in moments of personal transformation This is all in all an enjoyable and revealing book on Star Trek s active relationship with its many thoughtful fans
