parks sixteen amusement parks and twelve million hyper show channels on TV Beep and Bob pack their favorite swimsuits and their favorite TV watching gear When Beep and Bob arrive on the ship however they realize they forgot the most important item a birthday gift for Lani Not only that but Lani s parents are super rich and expect everyone to wear a suit to dinner not the bathing suit that Bob wore by mistake But that s not their biggest problem No that happens when the lights dim and guests jewelry is stolen from right under their noses and Beep and Bob get blamed for the crime Things go from bad to worse when Beep and Bob discover that their indestructible ship is headed right for the ice rings of Neptune and then starts plummeting toward the planet below Can Beep and his squishy alien buddy save the Starship Titanic Or will this be their last party ever

The Physics of Star Formation and Early Stellar Evolution Charles J. Lada,N.D.

Kylafis,2012-12-06 The origin of stars is one of the principle mysteries of nature During the last two decades advances in technology have enabled more progress to be made in the quest to understand stellar origins than at any other time in history The study of star formation has developed into one of the most important branches of modern astrophysical research A large body of observational data and a considerable literature now exist concerning this topic and a large community of international astronomers and physicists devote their efforts attempting to decipher the secrets of stellar birth Yet the young astronomer/physicist or more advanced researcher desiring to obtain a basic background in this area of research must sift through a very diverse and sometimes bewildering literature A literature which includes research in many disciplines and sub disciplines of classical astrophysics from stellar structure to the interstellar medium and encompasses the entire range of the electromagnetic spectrum from radio to gamma rays Often the reward of a successful foray through the current literature is the realization that the results can be obsolete and outdated as soon as the ink is dry in the journal or the conference proceeding in which they are published

The Antiques Magpie Marc Allum,2013-09-05 From the mythical artefacts of the ancient world to saucy seaside postcards The Antiques Magpie explores the wonderful world of antiques and collectables With Antiques Roadshow regular Marc Allum as your guide go in search of stolen masterpieces explore the first museums learn the secrets of the forgers and brush up on your auction technique Meet the garden gnome insured for 1 million track down Napoleon s toothbrush find out how to spot a corpse in a Victorian photograph and much more This book is for anyone who s ever been fascinated by what relics of the past tell us about history and what they are worth today
