Stone, The crimes of Charles Manson Ted Bundy Jeffrey Dahmer John Wayne Gacy Dennis Rader and other high profile killers are so breathtakingly awful that most people would not hesitate to label them evil In this groundbreaking book renowned psychiatrist Michael H Stone host of Discovery Channel's former series Most Evil uses this common emotional reaction to horrifying acts as his starting point to explore the concept and reality of evil from a new perspective In an in depth discussion of the personality traits and behavior that constitute evil across a wide spectrum Dr Stone takes a clarifying scientific approach to a topic that for centuries has been inadequately explained by religious doctrines Basing his analysis on the detailed biographies of more than 600 violent criminals Stone has created a 22 level hierarchy of evil behavior which loosely reflects the structure of Dante's Inferno He traces two salient personality traits that run the gamut from those who commit crimes of passion to perpetrators of the worst crimes sadistic torture and murder One trait is narcissism as exhibited in people who are so self centered that they have little or no ability to care about their victims The other is aggression the use of power over another person to inflict humiliation suffering and
