Language, the Singer and the Song Richard J. Watts, Franz Andres Morrissey, 2019-01-31 The relationship between language and music has much in common rhythm structure sound metaphor Exploring the phenomena of song and performance this book presents a sociolinguistic model for analysing them Based on ethnomusicologist John Blacking s contention that any song performed communally is a folk song regardless of its generic origins it argues that folk song to a far greater extent than other song genres displays communal or inclusive types of performance The defining feature of folk song as a multi modal instantiation of music and language is its participatory nature making it ideal for sociolinguistic

analysis In this sense a folk song is the product of specific types of developing social interaction whose major purpose is the construction of a temporally and locally based community Through repeated instantiations this can lead to disparate communities of practice which over time develop sociocultural registers and a communal stance towards aspects of meaningful events in everyday lives that become typical of a discourse community *Billboard* ,1996-12-28 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends Popular Science ,1973-09 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better
