Jewish Education Ari Y Kelman,2024-05-17 Most writing about Jewish education has been preoccupied with two questions What ought to be taught And what is the best way to teach it Ari Y Kelman upends these conventional approaches by asking a different question How do people learn to engage in Jewish life This book by centering learning provides an innovative way of approaching the questions that are central to Jewish education specifically and to religious education more generally At the heart of Jewish Education is an innovative alphabetical primer of Jewish educational values qualities frameworks catalysts and technologies which explore the historical ways in which Jewish communities have produced and transmitted knowledge The book examines the tension between Jewish education and Jewish Studies to argue that shifting the locus of inquiry from what people ought to know to how do people learn can provide an understanding of Jewish education that both draws on historical precedent and points to the future of Jewish knowledge

Jewish Centers and Peripheries Selwyn Ilan Troen, After World War II the center of gravity for world Jewry moved outside Europe In the aftermath of the Holocaust large scale emigration and postwar assimilation resulted in a disheartening contraction of European Jewry with the notable exception of France Today Europe s Jews number only 17 percent of the world Jewish population At the beginning of this century they comprised 83 percent and were the center of the modern Jewish experience In a radical reversal former peripheries became the centers notably American Jewry the largest and most dynamic of the Diaspora communities and the State of Israel An examination of the altered place of Europe and its future role in Jewish history is long overdue In *Jewish Centers and Peripheries* S Han Troen presents evidence of cultural renewal and community reorganization both internally driven and supported by Israeli and American based Jewish organizations which promise to assure the continuity and vitality of Jewish life in Europe This volume presents the contributions of scholars senior community professionals lay leaders and former diplomats from Europe Israel and America including Yosef Gorny Gabriel Sheffer Rashid Kaplanov Barry Kosmin Ralph Goldman Jean Jacques Wahl Israel Finestein David Patterson and Daniel Elazar These original and thoughtful contributions examine dynamic relationships among European American and Israeli communities at times bringing personal knowledge of significant events pertinent to understanding these relationships Collectively they suggest that present conditions are ripe for the reemergence of European Jewry though on a scale much diminished from that of the pre Holocaust period Moreover the prospects for the rejuvenation of European Jewry mirror the possibilities for Jewish continuity everywhere *Jewish Centers and Peripheries* is a strikingly informative assessment of the condition of world Jewry at the close of the century

Engaging with a Legacy: Nehemia Levtzion (1935-2003) E. Ann McDougall, 2014-06-11 *Engaging with a Legacy* shows how Nehemia Levtzion shaped our understanding of Islam in Africa and influenced successive scholarly generations in their approach to Islamization conversion and fundamentalism The book illuminates his work career and family life including his own life vision on the occasion of his 60th birthday It speaks to his relationship with researchers at home and abroad as mentor colleague and provocateur in one section several authors reflect on those dynamics in terms of personal and professional development Levtzion s contemporaries also speak of interactions with him and his life long companion wife Tirza in the 1950s and 1960s we see in these writings the birth of West African historical studies Levtzion s arrival as Israeli graduate student in Nkrumah s Egypt leaning Ghana and the debate over what African Studies should mean in an environment that included the personal intervention of W E B Du Bois are stories told for the first time Most poignant is the account of Levtzion s commitment to building African Studies complete with emphasis on Islam in the heart of the Jewish state at The Hebrew University His never ending defence of the program reflected his determination to be both engaged historian and engaged Israeli a legacy he chose for himself Finally an Epilogue to the original publication shows how one aspect this legacy Levtzion s growing preoccupation with the public sphere in Muslim societies has become even more

Jewish Philosophy and the Academy International Center for University Teaching of Jewish Civilization, 1996 Jewish Philosophy and the Academy reflects in broad terms on the current state of Jewish philosophy in the university This generation of university teachers lives at a unique historic junction It is the last to be taught by the giants of European Wissenschaft des Judentums and the first to experience the remarkable expansion of Judaic scholarship in Israel and abroad Emil Fackenheim suggests that if we are indebted to Athens for the philosophical method we are also indebted to Jerusalem for the ethical content of philosophy which is both an intellectual and a moral challenge This dual challenge shapes the diverse papers in this volume
