Teaching Online ,1998 The Perfect Online Course Michael Simonson,Terry L. Hudgins,Anymir Orellana,2009-05-01
The Perfect Online Course Best Practices for Designing and Teaching was edited under the assumption that a perfect online course can be delivered following different instructional methods and models for design and for instruction and by implementing different teaching or instructional strategies Such methods models and strategies are framed within quality educational guidelines and must be aimed towards attaining the online course s learning goals The book seeks to make a contribution to the existing body of literature related to best practices and guidelines for designing and teaching distance courses specifically online education The process of selecting works suitable for this compilation included an extensive review of the journals Quarterly review of Distance Education and Distance Learning The book begins by covering literature related to general approaches and guidelines continues with proposed methods and models for designing and instruction and ends with instructional strategies to achieve engagement through interaction The book is divided into four independent yet interrelated parts and a concluding section Part I Introduction Part II Best Guidelines and Standards Part III Best Instructional Methods and Models Part IV Best Engagement Strategies and the concluding section And Finally with words from Simonson who delineates the structure of a perfect online course Teaching On-line ,1996 *Researching Online* ,1998 **The Online Writing Classroom** Susanmarie Harrington,Rebecca Rickly,Michael Day,2000 This book is designed for writing teachers who teach in online environments primarily networked computer labs and the Internet and for writing teachers who would like to teach in such spaces All the contributors write from their own teaching research or administrative experience and all tell their stories in a rich theoretical context that will allow readers to see the relationship between theory context and practice The chapters serve as descriptive guides to new teaching practices to help the reader find ways to use online activities to further their own pedagogical goals within their own specific contexts *The Little, Brown Handbook* Henry Ramsey Fowler,Jane E. Aaron,1998 The Little Brown handbook for writers has been updated to keep up with changing trends The 2 most obvious changes that affect writers are the use of computer technology and the advent of the Internet a powerful and versatile research tool **Reviewing Basic Grammar** Mary Laine Yarber,Robert E. Yarber,2001 This grammar and sentence paragraph worktext offers a thorough review of grammatical concepts and rules including many exercises that students can use to practice what they have learned Also includes an appendix for ESL writers and chapter end Writing Paragraphs sections that illustrate the use of grammar in the context of writing **Making Teaching Community Property** Pat Hutchings,2023-07-03 Describes strategies through which faculty can document and go public with their teaching be it for purposes of improvement or evaluation Each of nine chapters features a different strategy from the fairly simple low risk teaching circle to course portfolios to more formal departmental occasions such as faculty hiring with reports by faculty who have actually tried each strategy guidelines for good practice and an annotated list of resources
