O'Malley, SJ, 2015-09-15 We can t understand the issues swirling in today s Catholic church without understanding the past In Catholic History for Today s Church acclaimed historian John W O Malley SJ illuminates some of

today's most contentious issues from celibacy to the role of the pope through their history. In his characteristically engaging style O'Malley's essays provide readers with an overview of each theme in history then explore how that past connects with life today. Many of the essays highlight his expertise on the papacy and the papal curia as well as the significance and legacies of the Council of Trent and Vatican II. By taking a historical approach O'Malley shows how contemporary issues arose, assesses where they are today and suggests how they might be changed for the better. **Catholic History for Today's Church** takes an invaluable long view on topics that too often find us shortsighted. **Conscience and Catholic Faith**

Anthony J. Marinelli, 1991. This is a critical reflection on the role of Catholic teaching for the individual conscience. It includes chapters on a theological perspective of conscience, a psychological overview, special themes related to conscience and the teaching of Jesus and the role of the church. Catholic Schools and the Future of the Church Kathleen

Engelbreton, 2014-02-27. During the first decade of the 21st century the Catholic Church in the developed world has faced a decline in its moral authority, increasing accusations of irrelevance to a secular age and a steep and steady decline in commitment among successive generations from the 1960s on. Despite this Catholic schools have multiplied and grown in popularity and educational achievement. The book sets out a programme for the contribution of Catholic schools to the future of the Church, covering such topics as the religious education curriculum in its cognitive and affective aspects, the sacramental life of the school, selection of staff, the issue of staff and Catholic witness and many other topics. Engelbreton argues that Catholic schools are a powerful key to the future of the Church and shows how, within their diversity, Catholic schools can be ecclesial communities which have at their heart the building up of the Church. *The Future of Our Faith*

Ronald J. Sider, Ben Lowe, 2016-02-09. Younger Christians are leaving the church in droves, frustrated and disillusioned by the track record of American Christianity. Older Christians who still lead most churches are concerned about this trend. But the generations don't see eye to eye on many things. Here two evangelical leaders, forty years apart in age, discuss some of the biggest issues challenging Christianity today and into the future, such as marriage, homosexuality, creation care and politics. The authors model and cultivate an intentional, charitable and much needed intergenerational dialogue. Each chapter includes sidebar reflections from notable Christian leaders and individual and small group study questions. Trans Life and the Catholic Church Today Nicolette Burbach, Lisa Sowle Cahill, 2024-08-22. While transgender and non-binary identities are

increasingly visible, too many Christians have either maintained a fearful silence or have attacked transgenderism as a threat to Christian faith and practice. More serious theological reflection is needed, not least of all in the Roman Catholic tradition. Moreover, the Catholic context presents particular challenges that are relevant beyond the Catholic world, due to the Church's widespread involvement in healthcare provision and education and its traditions of thought around these activities. This volume considers the various questions to do with trans people in the life of the Church from an interdisciplinary Catholic, ecumenical perspective, reaching out to academics, clergy and educated lay readers. It brings together perspectives from a

variety of disciplines to provide a rigorous wide ranging engagement with these pressing issues and includes a number of trans contributors making their voices present in these discussions which are about them but from which they are often excluded The first three chapters illustrate the development of Catholic thinking on transgender issues in recent decades The second section of the book considers transgender identity from multiple perspectives canon legal legal sociological clinical bioethical and educational The last two chapters of the second section shift the focus in the direction of theology and pastoral practice themes that are explored by emerging theological scholars in the third section of the book
