Intertextuality in the Tales of Rabbi Nahman of Bratslav Marianne Schleicher, 2007-06-30 Until 1806 Rabbi Nahman of Bratslav 1772 1810 disseminated his thoughts on redemption through homilies In 1806 however Nahman chose the genre of tales as an additional and innovative means of religious discourse An academic close reading of all of the tales known as Sippurey Ma asiyot has not yet been undertaken As the first comprehensive scholarly work on the whole selection of tales and contrary to previous scholarship this book does not reduce the tales to biographical expressions of Nahman's tormented soul and messianic aspirations Instead it treats them as religious literature where the concept of intertextuality is considered essential to explain how Nahman defines his theology of redemption and invites his listeners and readers to appropriate his religious world view
