Sinn Sinne Im Dialog:

Making Sense Ralf Hertel, 2021-07-26 Fiction is fascinating All it provides us with is black letters on white pages yet while we read we do not have the impression that we are merely perceiving abstract characters Instead we see the protagonists before our inner eye and hear their voices Descriptions of sumptuous meals make our mouths water we feel physically repelled by depictions of violence or are aroused by the erotic details of sexual conquests We submerge ourselves in the fictional world that no longer stays on the paper but comes to life in our imagination Reading turns into an out of the body experience or rather an in another body experience for we perceive the portrayed world not only through the protagonist's eyes but also through his ears nose tongue and skin In other words we move through the literary text as if through a virtual reality How does literature achieve this trick How does it turn mere letters into vividly experienced worlds This study argues that techniques of sensuous writing contribute decisively to bringing the text to life in the reader's imagination In detailed interpretations of British novels of the 1980s and 1990s by writers such as John Berger John Banville Salman Rushdie Jeanette Winterson or J M Coetzee it uncovers literary strategies for turning the sensuous experience into words and for conveying it to the reader demonstrating how we make sense in and of literature Both readers interested in the contemporary novel and in the sensuousness of the reading experience will profit from this innovative study that not only analyses the interest of contemporary authors in the senses but also pin points literary entry points for the sensuous force of reading

The Wisdom Texts from Qumran and the Development of Sapiential Thought Charlotte Hempel, Armin Lange, Hermann Lichtenberger, 2002. This volume comprises the lectures delivered at a conference on the sapiential texts from Qumran hosted by A. Lange and H. Lichtenberger in Tübingen 1998 as well as a number of additional contributions. This literature, although found in the Qumran library, is mostly of non-Essene origin and can be dated to the third and second century BCE, with a single exception which might be even older. The sapiential texts from Qumran add to the sparse corpus of postexilic sapiential literature and shed new light on the later Israelite and Jewish wisdom as well as on the sources from which early Christian wisdom traditions originated. Therefore, the volume attempts to understand the wisdom literature from Qumran in the broader context of sapiential thought in the Ancient Near East, the Hebrew Bible, Ancient Judaism, and the New Testament. Beyond this, the volume further includes treatments of introductory and linguistic questions as well as articles on specific sapiential texts. *The Challenge of Dialogue* Jens Peter Brune, Horst Gronke, Dieter Krohn, 2010.
