De Sola Pinto, 2013-10 This is a new release of the original 1927 edition **Sir Charles Sedley, 1639-1701** Vivian de Sola PINTO (the Elder.), 1927 **Writing Lives** Kevin Sharpe, Steven N. Zwicker, 2008-07-03 Biography appears to thrive as never before and there clearly remains a broad readership for literary biography But the methods and approaches of recent criticism which have contributed rich insights and asked new questions about the ways in which we interrogate and appreciate literature have scarcely influenced biography Biography as a form has been largely unaffected by either new critical or historical perspectives For early modern scholars the biographical model fashioned as a stable form in the eighteenth century has been in some respects a distorting lens onto early modern lives In the Renaissance and early modern period rather the biography's organic and developmental narratives of a coherent subject lives were written and represented in a bewildering array of textual sites and generic forms And such lives were clearly imagined and written not to entertain or even simply to inform but to edify and instruct to counsel and polemicize It is only when we understand how early moderns imagined and narrated lives only that is through a full return to history and an exact historicizing that we can newly conceive the meaning of those lives and begin to rewrite their histories free of the imperatives and teleologies of Enlightenment In *Writing Lives* literary scholars cultural critics and historians of ideas and visual media currently engaged both with early modern conceptions of the life and our own conceptualizing of the biographical project reflect on the problems of writing lives from the various perspectives of their own research and in the form of case studies informed by new questions **The Spectator**, 1927 A weekly review of politics literature theology and art **Restoration England 1660-1689** William Lewis Sachse, 1971-07-02 **The London Mercury**, 1928 **The Cambridge Companion to English Restoration Theatre** Deborah Payne Fisk, 2000-05-11 This rich and varied portrait of the drama from 1660 to 1714 provides students with essential information about playwrights staging and

genres situating them in the social and political culture of the time No longer seen as a privileged arena for select dramatists and elite courtiers the Restoration theatre is revealed in all of its tumult energy and conflict The fourteen newly commissioned essays examine the theatre paying attention to major playwrights such as Dryden Wycherly and Congreve and also to more minor works and to plays by the first professional female dramatists The book begins with chapters on the performance of the drama in its own time on theatres acting and staging and continues with the main dramatic genres and themes with a final chapter on the critical history of the drama The volume also includes a thorough chronology and biographies and bibliographies of dramatists *The Year's Work in English Studies* English Association,1929

Performing Libertinism in Charles II's Court J. Culture and Politics at the Court of Charles II, 1660-1685 Matthew Jenkinson,2010 The reconstitution of the royal court in 1660 brought with it the restoration of fears that had been associated with earlier Stuart courts disorder sexual liberty popery and arbitrary government This volume illustrates the ways in which court culture was informed by the heady politics of Britain between 1660 and 1685 **Sociable Criticism in England, 1625-1725** Paul Trolander,Zeynep Tenger,2007 Sociable Criticism in England explores how from 1625 to 1725 cultural practices and discourses of sociability rules for small group discussion friendship discourse and patron client relationships determined the venues within which

critical judgments were rendered disseminated and received It establishes how individuals operating in small groups were authorized to circulate critical judgments and commentary why certain modes of critical exchange were treated as beyond the ken of good social manners and how such expectations were subverted or manipulated to avoid the imputation that individuals had violated the standards for offering public criticism Philips George Villiers John Dryden Lady Margaret Cavendish John Dennis and Joseph Addison this study argues that seventeenth and early eighteenth century criticism could circulate either orally in manuscript or in print so long as it appeared to originate in interpersonal encounters considered appropriate to critical discussion
