*Two Decades in British Politics* Bill Jones, Lynton J. Robins, 1992 Celebrates the 21st anniversary of The Politics Association and offers a reassessment of the continuities and changes in the governments led by Wilson Heath Callaghan and Thatcher The book asks whether 1979 was a political watershed or an undistinguished step in Britain's economic decline

**Lord Gnome's Literary Companion** Francis Wheen, 1994 His review has got to be in by mid day tomorrow at about 9 pm his mind will grow relatively clear and until the small hours he will sit skipping expertly through one book after another and laying each one down with the comment God what tripe Then suddenly he will snap into it All the stale old phrases a book that no one should miss something memorable on every page jump into their places like iron filings obeying the magnet Thus did George Orwell writing forty years ago in *Confessions of a Book Reviewer* describe the labours of a typical literary hack Precious little has changed over the intervening decades the servility of the satirical magazine *Private Eye* Lord Gnome's *Literary Companion* assembles in thematic order the best of these columns to present an astringent rude and funny survey of publishers and the published *Memories of Maggie* Iain Dale, 2000 *Memories of Maggie* brings together personal reminiscences and anecdotes from those who experienced close encounters with the Iron Lady including Norman Tebbit Cecil Parkinson Kenneth Baker George Bush Helmut Kohl John Gummer and William Hague **Electing Our Masters** Jon Lawrence, 2009-03-26 In this engagingly written history of electioneering in Britain from the eighteenth century to the present Jon Lawrence explores the changing relationship between politicians and public Throughout this period he argues British politics has been characterized by bruising public rituals intended to bestow legitimacy on politicians by obliging them to face an often irreverent public on broadly equal terms Face to face interaction was central both to the disorderly civic rituals of eighteenth century politics and to the Victorian and Edwardian election meeting Perhaps surprisingly it also survived in pretty rude health between the wars despite the emergence of the new mass communication media of radio and cinema But the same cannot be said of the post war era and the rise of television Today most politicians are content merely to offer the semblance of meaningful engagement walkabouts canvassing and meetings are all designed to ensure that most senior politicians come into contact only with the smiling faces of that dwindling band the party faithful Lloyd George and Churchill might have relished the rough and tumble of a tumultuous public meeting but their modern counterparts tend to be more risk averse and not without reason given that the cameras are always present to capture their mishaps But this is not another nostalgic lament for a lost golden age On the contrary *Electing Our Masters* argues that politicians frequently still crave the kudos to be derived from bruising encounters with an irreverent public hence Tony Blair's so called masochism strategy in the 2005 election campaign with its succession of gruelling sessions before live studio audiences As Lawrence points out the vital question for today is can we persuade our broadcasters that such encounters must form a staple of modern mediated politics *Communicating Politics in the Twenty-First Century* Karen Sanders, 2017-09-16 From
