Levin,1992

Contentious behavior among biological sisters frequently contradicts ideals of sisterhood in novels by women. Additionally, feminist criticism focusing on almost every imaginable relationship involving women has all but ignored sisters. Amy K. Levin's *The Suppressed Sister* studies these circumstances, their causes and consequences. How and why is the sister bond suppressed in favor of sisterhood? Answers to this question may be found in female psychology, social expectations, and patriarchal myths and stories. The tales of Cinderella and Psyche are paradigmatic, providing models of female competition and inscribing a conclusion that replaces sisterly closeness with heterosexual romance. Jane Austen's sister plot is based on these models. Her characters divide into pairs and adopt complementary personalities, but polarization does not erase competition; instead, marriage erects social and economic barriers which enforce role divisions. In *Wives and Daughters*, Cranford, and *The Life of Charlotte Brontë*, Elizabeth Gaskell shows the danger of too close an attachment to the paternal home. She too emphasizes differences, revealing how they ultimately lead siblings to seek a sisterhood outside the family. In *Mill on the Floss*, *Middlemarch*, and *Daniel Deronda*, George Eliot paints increasingly negative portraits of sisters, indicating that female siblings create differences where few or none exist. These denials of similarity heighten the heroines' isolation. Twentieth-century novelists including Barbara Pym, Elizabeth Jane Howard, and Margaret Drabble revise their predecessors' texts, drafting a plot after the father's. They reject rules governing female behavior and question the expectation that women must get along with one another. Finally, Emma Tennant's *Bad Sister*, together with several recent American novels, abandons the conventions of the realistic novel, challenging the very concept of character. Tennant undermines all distinctions, including those that treat sisters as separate individuals and those that classify certain behaviors as good or bad. These novels show a progression that has been ignored or suppressed by feminist critics, many of whom long for an idyll of sisterhood inherited from nineteenth-century portraits of the angel in the house. In denying anger or antagonism, women cut off a part of themselves, just as Cinderella's stepsisters amputate their toes to fit in her brittle glass slipper. Levin's book questions the rationale behind such self-destruction.

*These Catholic Sisters Are All Mamas!* Joan F. Burke, 2001. After considering how the political and Church culture fostered the inculturation of Catholic religious institutions, this ethnographic work documents the unfolding African expression of the Sisterhood among a group of women religious in the former Zaire.

**Pioneer Spirit** Mary Ellen Doyle, 2014-07-11. Mother Catherine Spalding (1793-1858) was the cofounder and first leader of one of the most significant American religious communities for women, the Sisters of Charity of Nazareth, near Bardstown, Kentucky. Elected at age nineteen to lead the order, Spalding also founded several educational institutions: Louisville's first private hospital and the first social service agency for children in Kentucky. *Pioneer Spirit* is the

first biography of Catherine Spalding a woman who made it her life's work to serve the citizens of the Kentucky frontier Catherine who lost her mother at a young age and was raised in many different homes before she was ten years old eventually came to be raised in a colony of Catholic families These formative years taught her independence the value of hard work and an enduring spirit and the importance of education all of which would figure prominently in her later career Spalding became increasingly interested in health care services for orphans and education and her business skills and strong sense of purpose allowed her to achieve her goals with little interference from outsiders She showed a natural gift for administration and the scope and services of the Sisters of Charity expanded under her leadership In the midst of this ministerial work however Spalding always maintained the connection of her ministry to spiritual and communal life ascribing great importance to all three facets of her calling Author Mary Ellen Doyle notes that in Spalding's correspondence with the Sisters she repeatedly emphasized the heart of charity genuine interest in each other and sisterly affection free of personal ambition or jealousy By the time of Catherine Spalding's death the Sisters of Charity of Nazareth extended beyond Nazareth to more than one hundred sisters in sixteen convents Spalding's legacy of service continues today with more than six hundred members worldwide and her story of progressive and compassionate leadership offers unique insights into the growth of a religious order and the struggles of developing America's frontier communities *Select Novels*, 1845 [A Cup of Comfort for Sisters](#) Colleen Sell, 2007-08-01 A powerful collection of stories that celebrate the special bonds of sisterhood No one knows a woman quite like her sister does no matter their differences rivalries or how far apart they may drift over time Sisters confide in each other share their most intimate secrets and depend on each other for support and guidance when everyone else in their lives disappoints them This unique collection celebrates the special relationship that only sisters share The sisters in *A Cup of Comfort for Sisters* care for one another through good times and bad providing advice and a reassuring hug when they are needed most *Disorderly Sisters* Leila Silvana May, 2001 Historians and literary critics have long understood the crucial significance of the family to the nineteenth century middle class sensibility but almost all critical analyses to date have concentrated on the vertical pole of the familial axis the parent child relationship and very little on the horizontal pole the sibling bond This book looks beyond these analyses to show that at the core of nineteenth century domestic ideology is the figure of the sister BOOK JACKET *The Early History of Ismaili Jurisprudence* Agostino Cilardo, 2012-03-12 Researchers have shed light on the literary production of the Ismailis since the early 1930s The cataloguing of these works has been carried out by Ivanow Fyzee Goriawala Poonawala Gacek Cortese and de Bloise Many works attributable to Ismaili scholars however are still unavailable either because they remain hidden in private collections or because they have not survived Ismaili law in particular is still a largely unexplored field of study Al Qadi Abu Hanifa al Nu'man is generally considered the founder and greatest exponent of Ismaili jurisprudence Many of his works have been lost and information on some others is scattered yet other works remain in manuscript form and only a few have been published The

present book is a critical edition and translation of al Nu man s Minhaj al fara id based on its three known copies It deals with the law of inheritance one of the most complex in Islamic law In comparing the Minhaj with two published works the Da a im al Islam and Kitab al iqtisar as well as a manuscript Mukhtasar al athar of al Nu man a significant doctrinal evolution clearly emerges reflecting his early Maliki training and then his work under four Fatimid imams Ismaili law is also compared with the doctrines of the Imami school as well as the legal system of the four Sunni schools This book thus allows us to determine the time of the composition of the Minhaj al fara id the development and the originality of Ismaili jurisprudence and its relation to other schools of law
