networks that created American pluralism revealing Appalachia's essential role in shaping America's understanding of African Americans, Anglos, Jews, Southerners, and Immigrants. Drawing upon archival research and deft close readings of poems, Part Two (1934-1946) delves into the inner workings of literary history and shows how diverse alliances used four books of poetry about Appalachia to change America's notion of race, region, and pluralism. Green starts with how Jesse Stuart and the Agrarians defended Southern whiteness, follows how James Still appealed to liberals, shows how Muriel Rukeyser put Appalachia at the center of anti-fascism, and ends with how Don West and the Progressives struggled to form interracial labor unions in the South.

The African American National Biography Henry Louis Gates, Evelyn Brooks Higginbotham, 2008. An 8 volume reference set containing over 4,000 entries written by distinguished scholars. The African American National Biography is the most significant and expansive compilation of black lives in print today.

Uplifting the Race Kevin K. Gaines, 2012-12-01. Amidst the violent racism prevalent at the turn of the twentieth century, African American cultural elites struggling to articulate a positive black identity developed a middle class ideology of racial uplift. Insisting that they were truly representative of the race's potential, black elites espoused an ethos of self-help and service to the black masses and distinguished themselves from the black majority as agents of civilization; hence the phrase "uplifting the race." A central assumption of racial uplift ideology was that African Americans' material and moral progress would diminish white racism. But Kevin Gaines argues that in its emphasis on class distinctions and patriarchal authority, racial uplift ideology was tied to pejorative notions of racial pathology and thus was limited as a force against white prejudice. Drawing on the work of W. E. B. Du Bois, Anna Julia Cooper, Alice Dunbar Nelson, Hubert H. Harrison, and others, Gaines focuses on the intersections between race and gender in both racial uplift ideology and black nationalist thought, showing that the meaning of uplift was intensely contested even among those who shared its aims. Ultimately, elite conceptions of the ideology retreated from more democratic visions of uplift as social advancement, leaving a legacy that narrows our conceptions of rights, citizenship, and social justice.

Pauline Hopkins and the American Dream Alisha Knight, 2011-04-15. Pauline Elizabeth Hopkins was perhaps the most prolific black female writer of her time. Between 1900 and 1904, writing mainly for *Colored American Magazine*, she published four novels, at least seven short stories, and numerous articles that often addressed the injustices and challenges facing African Americans in post-Civil War America. In *Pauline Hopkins and the American Dream*, Alisha Knight provides the first full-length critical analysis of Hopkins's work. Scholars have frequently situated Hopkins within the domestic sentimental tradition of nineteenth-century women's writing, with some critics observing that aspects of her writing, particularly its emphasis on the self-made man, seem out of place within the domestic tradition. Knight argues that Hopkins used this often-dismissed theme to critique American society's ingrained racism and sexism. In her *Famous Men and Famous Women* series for *Colored American Magazine*, she constructed her own version of the success narrative by offering models of African American self-made men and women. Meanwhile, in her fiction, she depicted heroes who fail to achieve success or must leave

the United States to do so Hopkins risked and eventually lost her position at Colored American Magazine by challenging black male leaders liberal white philanthropists and white racists and by conceiving a revolutionary treatment of the American Dream that placed her far ahead of her time Hopkins is finally getting her due and this clear eyed analysis of her work will be a revelation to literary scholars historians of African American history and students of women s studies Alisha Knight is an associate professor of English and American Studies at Washington College Her published articles include Furnace Blasts for the Tuskegee Wizard Revisiting Pauline E Hopkins Booker T Washington and the Colored American Magazine which appeared in American Periodicals
