Skeletons On The Zahara A True Story Of Survival:

Skeletons on the Zahara Dean King, 2025-05-01 A National Bestseller the true story of shipwrecked American sailors in Africa who were captured by slavers and forced to trek through the Sahara This true life saga reads like a cross between Master and Commander and Lawrence of Arabia People The western Sahara is a baking hot and desolate place home only to nomads and their camels and to locusts snails and thorny scrub and its barren and ever changing coastline has baffled sailors for centuries In August 1815 the US brig Commerce was dashed against Cape Bojador and lost although through bravery and quick thinking the ship s captain James Riley managed to lead all of his crew to safety What followed was an extraordinary and desperate battle for survival in the face of human hostility starvation dehydration death and despair Captured robbed and enslaved the sailors were dragged and driven through the desert by their new owners who neither spoke their language nor cared for their plight Reduced to drinking urine flayed by the sun crippled by walking miles across burning stones and sand and losing over half of their body weights the sailors struggled to hold onto both their humanity and their sanity To reach safety they would have to overcome not only the desert but also the greed and anger of those who would keep them in captivity From the cold waters of the Atlantic to the searing Saharan sands from the heart of the desert to the heart of man Skeletons on the Zahara is a spectacular odyssey through the extremes and a gripping account of courage brotherhood and survival A little bit H Rider Haggard a little bit Jon Krakauer a little bit Nathaniel Philbrick and a whole lot of gruesome fun

Ulrike Brisson,Bernard Schweizer,2009-10-02 With its specific focus on the connections between politics travel and travel writing Not So Innocent Abroad offers a fresh approach to the study of travel literature The authors make clear that travel and travel writing are never an innocent enterprise rather journeying always occurs within political systems and travel writing either reflects the traveler s political stance includes political aspects of foreign cultures or directly or indirectly influences political decisions In contrast to most scholarly publications that primarily focus on travel literature of former colonial nations this volume includes a broader range of travelogues depicting cultures worldwide spanning from the eighteenth to the twenty first century It thus offers with its comparative approach not only a geographically wide selection but also an historical dimension to the political aspects of travel writing Although most travel literature generally has followed the Horatian principle to instruct and delight the armchair traveler the authors of this volume clearly address the broader political implications of travel and travel writing within networks of naked politics such as international or interior conflicts emigration laws or national propaganda They also reveal how insidiously political messages are dissimulated through travel writing **Book Lust to Go** Nancy Pearl,2010-06-01

American Slaves and African Masters C. Sears, 2012-09-06 Whether by falling prey to Algerian corsairs or crashing onto the desert shores of Western Sahara a handful of Americans in the first years of the Republic found themselves enslaved in a system that differed so markedly from nineteenth century U S slavery that some contemporaries and modern scholars hesitate to categorize their experiences as slavery Sears uses a comparative approach placing African enslavement of Americans and Europeans in the context of Mediterranean and Ottoman slaveries while individually investigating the system of slavery in Algiers and Western Sahara This work illuminates the commonalities and peculiarities

of these slaveries while contributing to a growing body of literature that showcases the flexibility of slavery as an institution

Piracy and Captivity in the Mediterranean Mario Klarer, 2018-10-10 Piracy and Captivity in the Mediterranean explores the early modern genre of European Barbary Coast captivity narratives from the sixteenth to the nineteenth century During this period the Mediterranean Sea was the setting of large scale corsairing that resulted in the capture or enslavement of Europeans and Americans by North African pirates as well as of North Africans by European forces turning the Barbary Coast into the nemesis of any who went to sea Through a variety of specifically selected narrative case studies this book displays the blend of both authentic eye witness accounts and literary fictions that emerged against the backdrop of the tumultuous Mediterranean Sea A wide range of other primary sources from letters to ransom lists and newspaper articles to scientific texts highlights the impact of piracy and captivity across key European regions including France Italy Germany the Netherlands Portugal Spain Scandinavia and Britain as well as the United States and North Africa Divided into four parts and offering a variety of national and cultural vantage points Piracy and Captivity in the Mediterranean addresses both the background from which captivity narratives were born and the narratives themselves It is essential reading for scholars and students of early modern slavery and piracy

Humor and Moroccan Culture Matthew Helmke, 2007 This project started as a language learning experiment Matthew Helmke was sitting in a cafe with a Moroccan having a discussion in Moroccan Arabic The friend told a joke and it was quickly discovered that vocabulary alone would not insure an understanding of humor This prompted a question What did I miss In this book

Matthew Helmke explores the hidden aspects of Moroccan culture These are the things that Moroccans know inherently without being taught The result is an intriguing look through the eyes of an American trying to make sense of Moroccan culture *Shoot the Moon: Essays On Living* Jack Sparacino,2024-01-02 These essays reflect much of the essence of my life and thinking about what it means to exist on this planet I hope they resonate with readers as I put absolutely everything I had into them That said I still love chatting with people on the street and fishing remains a passion after sixty years

Historical Dictionary of Morocco Aomar Boum,Thomas K. Park,2016-06-02 A historical reference work on Morocco must take as its subject al maghrib al aqsa the far west as the Arabic scholars have generally referred to the approximate region of present day Morocco roughly the north west corner of Africa but at times including much of the Iberian peninsula because the modern nation state is a relatively recent creation owing much to events in the late 19th and early 20th centuries External influences on Morocco tend to come across the narrow straits of Gibraltar to the north from the east along the Mediterranean litoral or up from the Sahara In each case access is constrained by geography and continued control from outside the region has been difficult to manage over the long term Although many of the dynasties that came to power in Morocco conquered much broader regions history and topology have so conspired that there is still more coherence to an historical focus on al maghrib al aqsa than is the case for most modern nation states This third edition of *Historical Dictionary of Morocco* contains a chronology an introduction a glossary and an extensive bibliography The dictionary section has over 600 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Morocco *Beyond the Known* Andrew Rader,2020-11-17 From brilliant young polymath Andrew Rader an MIT credentialed scientist popular podcast host and SpaceX mission manager an engaging Tim Marshall New York Times bestselling author chronicle showcasing our human desire to continually explore new and uncharted territory from civilization s earliest days to interstellar travel For the first time in history the human species has the technology to destroy itself But having developed that power humans are also able to leave Earth and voyage into the vastness of space After millions of years of evolution we ve arrived at the point where we can settle other worlds and begin the process of becoming multi planetary How did we get here What does the future hold for us Divided into four accessible sections *Beyond the Known* examines major periods of discovery and rediscovery from Classical Times when Phoenicians Persians and Greeks ventured forth to The Age of European Exploration which saw colonies sprout on nearly every continent to The Era of Scientific Inquiry when researchers developed new tools for mapping and traveling farther to Our Spacefaring Future which unveils plans currently underway for settling other planets and eventually traveling to the stars A Mission Manager at SpaceX with a lively voice Andrew Rader is at the forefront of space exploration As a gifted historian Rader who has won global acclaim for his stunning breadth of knowledge is singularly positioned to reveal the story of human exploration that is also the story of scientific achievement

Told with an infectious zeal for traveling seeking new horizons *Beyond the Known* is an astute and highly flattering view of human aspirations Kirkus Reviews Exceptional State Ashley Dawson, Malini Johar Schueller, 2007-06-29 Explores the role culture plays in legitimating unsettling and contesting America's aggressively interventionist foreign policy since 9 11
