Architecture and Design at the Museum of Modern Art Thomas S. Hines,2019-01-22 A comprehensive and fascinating look at the history of the Museum of Modern Art s Architecture and Design Department under the leadership of the influential curator Arthur Drexler Arthur Drexler 1921 1987 served as the curator and director of the Architecture and Design Department at the Museum of Modern Art MOMA from 1951 until 1986 the longest curatorship in the museum s history Over four decades he conceived and oversaw trailblazing exhibitions that not only reflected but also anticipated major stylistic developments Although several books cover the roles of MoMA s founding director Alfred Barr and the department s first curator Philip Johnson this is the only in depth study of Drexler who gave the department its overall shape and direction During Drexler s tenure MoMA played a pivotal role in examining the work and confirming the reputations of twentieth century architects among them Frank Lloyd Wright Le Corbusier Richard Neutra Marcel Breuer and Ludwig Mies van der Rohe Exploring unexpected subjects from the design of automobiles and industrial objects to a reconstruction of a Japanese house and garden Drexler s boundary pushing shows promoted new ideas about architecture and design as modern arts in contemporary society The department s public and educational programs projected a culture of popular accessibility offsetting MoMA s reputation as an elitist institution Drawing on rigorous archival research as well as author Thomas S Hines s firsthand experience working with Drexler *Architecture and Design at the Museum of Modern Art* analyzes how MoMA became a touchstone for the practice and study of midcentury architecture *Makers of 20th-Century Modern*

Architecture Donald Leslie Johnson, Donald Langmead, 2013-05-13 *Makers of 20th Century Modern Architecture* is an indispensable reference book for the scholar student architect or layman interested in the architects who initiated developed or advanced modern architecture The book is amply illustrated and features the most prominent and influential people in 20th century modernist architecture including Wright Eisenman Mies van der Rohe and Kahn It describes the milieu in which they practiced their art and directs readers to information on the life and creative activities of these founding architects and their disciples The profiles of individual architects include critical analysis of their major buildings and projects Each profile is completed by a comprehensive bibliography

Interior Design Masters Mark Hinchman, Elyssa Yoneda, 2018-06-27 *Interior Design Masters* contains 300 biographical entries of people who have significantly impacted design They are the people historical and contemporary that students and practitioners should know Coverage starts in the late Renaissance with a focus on the twentieth and twenty first centuries The book has five sections with the entries alphabetical in each so it can serve as a history textbook and a reference guide The seventeenth and eighteenth century section covers figures from Thomas Chippendale to Horace Walpole The nineteenth century section includes William Morris and Candace Wheeler The early twentieth century section presents modernism's design heroes including Marcel Breuer Eileen Gray and Gilbert Rohde The post World War II designers range from Madeleine Castaing to Raymond Loewy The final contemporary section includes Ron Arad and the Bouroullec brothers These are the canonical figures who belong to any design history The book also contains less well known figures who deserve attention such as Betty Joel the British art deco furniture designer Paul Veyseyre the Frenchman active in China in the 1930s and more recently Lanzavecchia Wai the Italian Singaporean duo whose work ranges from health care to helicopters Global in its coverage the book is richly illustrated with over 600 black and white and color photographs

Experiments in Modern Living Milton Cameron, 2012-05-01

When a group of brilliant young scientists arrived in Australia's national capital after World War II to take up leading roles in the establishment of national research institutions they commissioned Australia's leading architects to design their private houses The houses that resulted from these unique collaborations rejected previous architectural styles and wholeheartedly embraced modernist ideologies and aesthetics The story of how these progressive clients contributed to the innovative design of their houses brings fresh insights to mid twentieth century Australian domestic architecture and to Canberra's rich

cultural history **Terms of Appropriation** Amanda Reeser Lawrence, Ana Miljački, 2017-12-06 This collection focuses on how architectural material is transformed revised swallowed whole plagiarized or in any other way appropriated It charts new territory within this still unexplored yet highly topical area of study by establishing a shared vocabulary with which to discuss or contest the workings of appropriation as a vital and progressive aspect of architectural discourse Written by a group of rising scholars in the field of architectural history and criticism the chapters cover a range of architectural subjects that are linked in their investigations of how architects engage with their predecessors *Global Perspectives on Critical Architecture* Gevork Hartoonian, 2016-03-03 Judging from the debates taking place in both education and practice it appears that architecture is deeply in crisis New design and production techniques together with the globalization of capital and even skilled labour have reduced architecture to a commodified object its aesthetic qualities tapping into the current pervasive desire for the spectacular These developments have changed the architect's role in the design and production processes of architecture Moreover critical architectural theories including those of Breton Heidegger and Benjamin which explored the concepts of technology modernism labour and capital and how technology informed the cultural along with later theories from the 1960s which focused more on the architect's theorization of his/her own design strategies seem increasingly irrelevant In an age of digital reproduction and commodification these theoretical approaches need to be reassessed Bringing together essays and interviews from leading scholars such as Kenneth Frampton Peggy Deamer Bernard Tschumi Donald Kunze and Marco Biraghi this volume investigates and critically addresses various dimensions of the present crisis of architecture It poses questions such as Is architecture a conservative cultural product servicing a given producer consumer system Should architecture's affiliative ties with capitalism be subjected to a measure of criticism that can be expanded to the entirety of the cultural realm Is architecture's infusion into the cultural the reason for the visibility of architecture today What room does the city leave for architecture beyond the present delirium of spectacle Should the thematic of various New Left criticisms of capitalism be taken as the premise of architectural criticism Or alternatively putting the notion of criticality aside is it enough to confine criticism to the production of insightful and pleasurable texts **Modern Women: Women Artists at The Museum of Modern Art** Alexandra Schwartz, 2010 This text examines the collection of feminist art in the Museum of Modern Art It features essays presenting a range of generational and cultural perspectives **The Architect** Spiro Kostof, 2000 The Architect traces the role of the profession across the centuries and in different cultures showing the architect both as designer and as mediator between the client and the builder Architecture of the Early Twenty-first Century: A Global Need for Sustainability Shirley Montgomery, 2013-01-30 This book is about the global need for sustainable building The number of people on earth and their use of the resources of the planet for energy make it necessary to build differently The planet is showing serious signs of stress According to Dr David Grissmer my sister's husband as we all rode together recently through the melting Columbia ice field in Alberta Canada The consequences of global warming are

potentially catastrophic and since the preventative strategies are likely to take decades to work even if the chances are small that humans are the cause we need to begin to address the issue I knew this was a guarded statement from a physicist about what had possibly caused the changed ecosystems in our world **A History of Tennessee Arts** Carroll Van West,2004

This illustrated book cosponsored by the Tennessee Arts Commission and the Tennessee Historical Society covers the varieties of art in Tennessee in five parts The visual arts and architecture section includes chapters on vernacular and high style architecture sculpture painting and photography while the section on craft arts celebrates folk arts such as woodcraft silversmithing pottery and textiles The section on Tennessee s rich literary history includes such writers as James Agee Robert Penn Warren and Evelyn Scott while the performing arts are represented by a wealth of storytellers along with two centuries of stage history Finally Tennessee is home to and originator of much of the music that we know as distinctively American Contributors to the music section examine gospel blues rock soul and of course country music **BOOK JACKET** **A**
