communist Poland post authoritarian post ruling party South Korea and post colonial Bolivia we have the antecedents for contemporary middle powers essential for realizing the regional evolution for cooperative change with greater powers systemically we may then grasp today why those historical foreign policies albeit not so long ago give us crucial antecedents for adapting and trying yet again to resolve seemingly perennial power dilemmas regionally peacefully Here are why middle power impact matters not only regionally for stronger dominant greater power neighbours but also for transformative middle power leaderships which proved pivotal geopolitically for their region s challenges and changes
