many resources including online blogs a biennial convention and the wonderful Pastel Journal mentioned above What could I add to this My personal training in pastel has been from weeklong landscape workshops with some of the leading pastel painters in the country As a teacher in a community college I am not teaching a particular style nor focusing on specific subject matter Some of my students work with the landscape but others do portraits or figurative work while others prefer still life or work abstractly In dealing with this mixture I ve realized that there are different ways to approach one s use of color and this formed my first idea for creating a book Furthermore as a teacher I ve spent time experimenting with different surfaces pastel brands and techniques in order to make suggestions to students to help them find the look they want to achieve I do not teach students to paint the way I do but instead try to share my experience and help them develop their own individual style
