**Absent Aviators** Donna Bridges,Jane Neal-Smith,Albert Mills,2016-03-16 The objective of this book is to present a number of related chapters on the subject of gender issues in the workplace of the aviation industry More specifically the chapters address the continuing shortfall in the number of women pilots in both civilian and military aviation Considerable research has been carried out on gender issues in the workplace and for example women represent about 10% of employees

in engineering This example is often used to show that the consequences of gender discrimination are embedded and difficult to overcome in masculine dominated occupations However women represent only 5 6% of the profession of pilot Clearly there are many factors which mitigate women seeking to become pilots The chapters within this volume raise both theoretical and practical issues endeavouring to address the imbalance of women pilots in this occupation Absent Aviators consolidates a diverse range of issues from a number of authors from Australia Austria the United States Canada South Africa and the United Kingdom Each of the chapters is research based and aims to present a broad picture of gender issues in aviation gendered workplaces and sociology underpinned by sound theoretical perspectives and methodologies One chapter additionally raises issues on the historical exclusion of race from an airline The book will prove to be a valuable contribution to the debates on women in masculine oriented occupations and a practical guide for the aviation industry to help overcome the looming shortfall of pilots It is also hoped it will directly encourage young women to identify and overcome the barriers to becoming a civilian or military pilot

**The Twilight Warriors** Robert Gandt, 2011-11-08 Winner of the 2011 Samuel Eliot Morison Award for Naval Literature The Twilight Warriors is the engrossing page turning saga of a tightly knit band of naval aviators who are thrust into the final and most brutal battle of the Pacific war during World War II Okinawa April 1945 The end of World War II finally appears to be nearing The Third Reich is collapsing in Europe and the Americans are overpowering the once mighty Japanese Empire in the Pacific For a group of young pilots trained in the twilight of the war their greatest worry is that it will end before they have a

chance to face the enemy They call themselves Tail End Charlies They fly at the tail end of formations stand at the tail end of chow lines and now they are catching the tail end of the war What they don't know is that they will be key players in the bloodiest and most difficult of naval battles not only of World War II but in all of American history The Twilight Warriors relives the drama of the world's last great naval campaign From the cockpit of a Corsair fighter we gaze down at the Japanese task force racing to destroy the American amphibious force at Okinawa Through the eyes of the men on the destroyers assigned to picket ship duty we experience the terror as wave after wave of kamikazes crash into their ships Standing on the deck of the legendary superbattleship Yamato we watch Japan's last hope for victory die in a tableau of gunfire and explosions The fate of the Americans at Okinawa including a twenty-two year old former art student an intrepid fighter pilot whose life abruptly changes when his Corsair goes down off the enemy shore and a young Texan lieutenant who volunteers for the most dangerous flying job in the fleet intercepting kamikazes at night over the blackened Pacific is intertwined with the lives of the young gods the honor bound kamikaze forces who swarm like killer bees toward the U.S. ships The ferocity of the Okinawa fighting stuns the world Before it ends the long battle will cost more American lives ships and aircraft than any naval engagement in U.S. history More than simply the account of a historic battle The Twilight Warriors brings to life the human side of an epic conflict It is the story of young Americans at war in the air and on the sea and of their enigmatic fanatically courageous enemy
