Sleep of Death , **The Other Side of Death** Carlyle Boynton Haynes,1918 *Sleep, Divine and Human, in the Old Testament* Thomas McAlpine,1987-07-01 An original and absorbing monograph blending researches in several fields semantics archaeology comparative ancient literature symbolics and the social and religious dimensions of sleep as a concept Many familiar texts are illuminated by this integrative approach *The Odd-Fellows' Casket and Review* ,1859 **Sleep, Death, and Rebirth** Zvi Ish-Shalom,2021-08-17 In the sixteenth century the famous kabbalist Isaac Luria transmitted a secret trove of highly complex mystical practices to a select groups of students These meditations were designed to capitalize on sleep and death states in order to effectively split one s soul into multiple parts and which when properly performed permitted the adept to free oneself from the cycle of rebirth Through an in depth analysis of these contemplative practices within the broader context of Lurianic literature Zvi Ish Shalom guides us on a penetrating scholarly journey into a realm of mystical teachings and practices never before available in English illuminating a radically monistic vision of reality at the heart of Kabbalistic metaphysics and practice **The Eclectic Magazine of Foreign Literature, Science, and Art** ,1859 **The Eclectic Magazine** John Holmes Agnew,Walter Hilliard Bidwell,1859 *Sleep and Society* Simon J. Williams,2013-04-03 First sociological examination of sleep Author is a key figure internationally in medical sociology **Hades; or, the Intermediate state of man** Henry CONSTABLE (Chaplain of the City of London Hospital for Diseases of the Chest.),1873 *The Sleep of Death* Louis W. Fuller, etc** Jeremiah WHITE,1702 *The Evangelical Imagination* Karen Swallow Prior,2023-08-08 Christianity Today 2024 Book Award Finalist Culture and the Arts Contemporary American evangelicalism is suffering from an identity crisis and a lot of bad press In *The Evangelical Imagination* acclaimed author Karen Swallow Prior analyzes the literature art and popular culture that has surrounded evangelicalism and unpacks some of the movement s most deeply held concepts ideas values and practices She shows that understanding what the term evangelical means today means understanding not only evangelicalism s faith commitments but also the images metaphors assumptions and stories that have cultivated evangelical culture Brought to life with color illustrations and paintings this book explores ideas including conversion domesticity empire sentimentality and more Provides plenty of fodder for those wishing to explore what evangelicalism is and reimagine what it might become It s an eye opener Publishers Weekly Akin to enjoying a lively conversation over a cheering yet bracing cup of tea Christianity Today 5 star review A breathtaking reminder of just how powerful the evangelical imagination has been and how much is lost when we forfeit it The Gospel Coalition **Aspects of death and correlated aspects of life in art, epigram, and poetry** Frederick Parkes Weber,1918 *Exploring Shakespeare* S. Viswanathan,2005 The book is a compilation of different erudite articles already published by the author in various scholarly journals and other edited volumes The essays are a study and an enquiry into a variety of dramaturgical

methods and processes that contribute to the theatrical dynamics of the Shakespeare plays All the articles are concerned with the art of playmaking with an examination of the tools and devices used by Shakespeare which contribute to the dramatic life of the play but also articulate the moral and sociocultural ideas of the time There has not been much critical work in this area before and the book is one of the first of its kind The book unravels the function and effect of many poetic rhetorical topological visual and theatrical devices which Shakespeare exploits in his plays for a dramatic effect Together the essays present an idea of the multidimensional totality of theatre language and communication which Shakespeare achieves through a masterful orchestration of dramatic resources The book will be of immense value to students scholars and researchers in the fields of theatre techniques and art literature in general and drama in particular The English Change Network Cristiano Broccias,2003 This book introduces the notion of change construction and systematically studies within a Cognitive Grammar framework the rich inventory of its instantiations in English from well known structures such as the so called resultative construction to a variety of largely ignored types such as asymmetric resultatives sublexical change constructions and mildly causal constructions *The Language and Imagery of Coma and Brain Injury* Matthew Colbeck,2021-04-22 What occurs within coma What does the coma patient experience How does the patient perceive the world outside of coma if at all The simple answer to these questions is that we don't know Yet the sheer volume of literary and media texts would have us believe that we do Examining representations of coma and brain injury across a variety of texts this book investigates common tropes and linguistic devices used to portray the medical condition of coma giving rise to universal mythologies and misconceptions in the public domain Matthew Colbeck looks at how these texts represent or fail to represent long term brain injury drawing on narratives of coma survivors that have been produced and curated through writing groups he has run over the last 10 years Discussing a diverse range of cultural works including novels by Irvine Welsh Stephen King Tom McCarthy and Douglas Coupland as well as film and media texts such as *The Sopranos* *Kill Bill* *Coma* and *The Walking Dead* Colbeck provides an explanation for our fascination with coma With a proliferation of misleading stories of survival in the media and in literature this book explores the potential impact these have upon our own understanding of coma and its victims Voices from the Silent Land Martha Noyes Williams,1853 *Poems of sorrow, death and immortality* ,1912 **Indo-European Poetry and Myth** M. L. West,2007-05-24 The book deserves a warm welcome Steady work has gone into the writing of it and M L West's ability to detect analogies and to make comparisons has again been deployed to good effect G L Huxley Hermathena the ideal guide in a complex field of learning International Review of Biblical Studies Martin West has written the definitive book on Indo European language and religion the world of words is beautifully laid out for us in this important book London Review of Books This volume is written with the grace style and wit that we have come to expect the picture that emerges is detailed and consistent the results are fascinating West has done a great service in providing an accurate and up to date account Richard Janko TLS It is a book for repeated consultation
