experiences with sexual mental and emotional trauma that I navigate daily Many of the accounts within these pages are shocking horrifying and may even be traumatizing to some Yet they represent the clearest and most artistic depiction of the atrocities inflicted upon me When people meet me they often see the strong persona I ve projected but the true individual they encounter is the wounded woman standing at the forefront still healing This book is not just my story it is an advocacy for the little girl within me who deserves to have her story told the mental physical emotional and sexual abuses that caused these deep wounds There are many who have endured similar or even more harrowing experiences and they will find understanding and relatability in this journey Healing is a process not a destination As I uncover new layers of pain to heal I invite readers to join me in this ongoing journey of recovery and resilience
