**Branded Conservatives** Kenneth M. Cosgrove,2007 This book argues that Conservatism has made good use of branding in its move from the fringes to the center of American political life Conservatives have built a unique brand around their candidates their movement and their issues that has facilitated their ability to win elections and implement public policies Branding has been one of the major tools through which Conservatives have built an enduring movement over the last several decades and a tool through which their movement has become very resilient This book is ideal for use in classes on American politics campaigns and elections media and politics political marketing and consumer marketing The World's Finest Mystery and Crime Stories: 2 Edward Gorman,Ed Gorman,2001-10-25 Gathers mystery suspense and crime stories from around the world The Presidents and the Constitution, Volume Two Ken Gormley,2022-09-27 In this sweepingly ambitious volume the nation s foremost experts on the American presidency and the U S Constitution join together to tell the intertwined stories of how each American president has confronted and shaped the Constitution Each occupant of the office the first president to the forty fourth has contributed to the story of the Constitution through the decisions he made and the actions he took as the nation s chief executive By examining presidential history through the lens of constitutional conflicts and challenges The Presidents and the Constitution offers a fresh perspective on how the Constitution has evolved in the hands of individual presidents It delves into key moments in American history from Washington s early battles with Congress to the advent of the national security presidency under George W Bush and Barack Obama to reveal the dramatic historical forces that drove these presidents to action Historians and legal experts including Richard Ellis Gary Hart Stanley Kutler and Kenneth Starr bring the Constitution to life and show how the awesome powers of the American presidency have been shaped by the men who were granted them The book brings to the fore the overarching constitutional themes that span this country s history and ties together presidencies in a way never before accomplished Exhaustively researched and compellingly presented The Presidents and the Constitution shines new light on America s brilliant constitutional and presidential history *Their Lives* Candice E. Jackson,2005 The lives of eight women who crossed romantic paths with Bill Clinton are examined Donald Trump and the Branding of the American Presidency Kenneth M. Cosgrove,2022-10-30 This book argues that Donald Trump s election and Presidency represent the triumph of marketing branding and segmentation in American politics An early emphasis on political marketing helped Trump secure the presidency but his use of marketing sharply limited his presidency President Trump s political marketing strategy privileged emotion particularly anger over policy constraining his ability to represent all Americans or engage in bipartisan

negotiation in Congress Rather than pushing forward realistic legislation and rallying for bipartisan support Trump s campaign and presidency focused on providing emotional gratification to his target audience leading those outside this audience to ultimately feel unrepresented and unsettled further fracturing the already divided electorate Donald Trump and the Branding of the American Presidency considers the impact of this new age of political marketing through an extensive analysis of the Trump phenomenon and its implications for future elections
