

Historians in Politics: Slobodan Jovanovic

Dimitrije Djordjevic

Two factors determined the relationship between historians and politics in the Balkans: the role which historiography performed in modern nationalism, and the part which the fairly thin layer of intelligentsia played in the public and political life of Balkan peoples. From the eighteenth century the national (i.e. political) renaissance of Balkan societies found its ideological foundations in historical works and writings. In contrast to the Enlightenment in Western Europe, a similar movement in the Balkans was based on history, its function being to legitimize the revolutionary birth of the nineteenth-century Balkan national societies, to reveal to them their perspectives, and to justify the aggressiveness of their young nationalism. It was by way of history that links were established between the past and the present, between the historian and politics.

The second factor which stimulated the historian's role in politics was the prestige which scholars enjoyed among the Balkan public. In a predominantly peasant society, where the far from numerous intelligentsia was still in the early stages of development, the word 'science' had a mystical, even magical resonance. Scientific was *eo ipso* genuine: the scholar was considered the apostle of truth. The first native intellectuals were absorbed into the state apparatus, which lacked trained people, and rose quickly in the political hierarchy.¹ In nineteenth-century Serbia the 'Higher School' (Velika Skola) became an antechamber for politics. Among the professors who took up politics several were

¹ The 1869 Serbian Constitution (Art. 45) authorized the Prince to nominate one deputy for every three elected. The choice was to be made among "distinguished scholars or people experienced in national affairs". This clause was retained in the 1888 and 1901 Constitutions. Cf. significant Serb participants Nikola Pasic Dragutin Dimitirjevic Apis Radomir Putnik King Peter King Aleksandar Prince Pavle Dragoljub Draza Mihailovic and Slobodan Milosevic whose lives are profiled in the books were in the opinion of the editors in position significantly to shape the destiny of the Serbs In reviewing their life and achievements the dilemmas facing the Serbs and their leaders in the twentieth century should hopefully become clearer as well As each of the eight leaders exercised power and influence at critical times each of them is in many ways still a controversial figure In order to provide the necessary historical background in the first chapter Peter Radan offers a brief overview and assessment of the course of the history of the Serbs during the twentieth century

Saviours of the Nation Jasna Dragovic-Soso, 2002-10-09 Jasna Dragovi Soso asks why this strong and apparently democratic opposition movement subsequently turned towards an extreme form of nationalism and had by the end of the 1980s accepted Milo evi s undemocratic policies Based on the author s extensive primary source research and interviews with key protagonists Saviours of the Nation examines both the causes and the consequences of the opposition s transformation into a nationalist force Highlighting the role of historical context it argues that three main factors contributed to the intellectuals elaboration of a radical nationalist ideology abandonment of cultural Yugoslavism in conjunction with the post Tito crisis of the state difficulties in solving the thorny Kosovo question and relationships between the dissidents and their Slovenian counterparts Soso also includes a thorough analysis of the Memorandum of the Serbian Academy and the intellectuals relations with Milo evi She argues that the intellectual opposition s search for Serbian statehood at any price undermined its ability to present a convincing political alternative allowing the regime to overcome its crisis of legitimacy and continue its reckless and belligerent policies
