Stanley Kubrick Nathan Abrams, 2018-04-19 Stanley Kubrick is generally acknowledged as one of the world's great directors. Yet few critics or scholars have considered how he emerged from a unique and vibrant cultural milieu: the New York Jewish intelligentsia. Stanley Kubrick reexamines the director's work in context of his ethnic and cultural origins. Focusing on several of Kubrick's key themes including masculinity, ethical responsibility, and the nature of evil, it demonstrates how his films were in conversation with contemporary New York Jewish intellectuals who grappled with the same concerns. At the same time, it explores Kubrick's fraught relationship with his Jewish identity and his reluctance to be pegged as an ethnic director, manifest in his removal of Jewish references and characters from stories he adapted. As he digs deep into rare Kubrick archives to reveal insights about the director's life and times, film scholar Nathan Abrams also provides a nuanced account of Kubrick's cinematic artistry. Each chapter offers a detailed analysis of one of Kubrick's major films, including *Lolita*, *Dr. Strangelove*, *2001: A Space Odyssey*, *A Clockwork Orange*, *Barry Lyndon*, *The Shining*, *Full Metal Jacket*, and *Eyes Wide Shut*. Stanley Kubrick thus presents an illuminating look at one of the twentieth century's most renowned and yet misunderstood directors.

The Wolf at the Door Geoffrey Cocks, 2004 Discovers a Holocaust subtext in Kubrick's films culminating in his 1980 adaptation of Stephen King's horror novel *The Shining*. Maintains that this is reflected in his depiction of harsh struggles with and over power and violence. Several of his films deal with war and state power. *The Shining* is seen as an artistic and philosophical response to the horrors of World War II. Among the influences on the filmmaker are Hilberg's *The Destruction of the European Jews*, Kubrick's Jewish past, and his early years that were affected by fascism and war. Kubrick's marriage into an artistic German family also contributed to his preoccupation with the history of Nazi Germany and the Holocaust, which were indirectly reflected in his oeuvre.

Stanley Kubrick Vincent LoBrutto, 1997 Stanley Kubrick, director of the acclaimed films *Path of Glory*, *Spartacus*, *Lolita*, *Dr. Strangelove*, *2001: A Space Odyssey*, *A Clockwork Orange*, *The Shining*, and *Full Metal Jacket*, is arguably one of the

The Kubrick Facade Jason Sperb, 2006 Many of Stanley Kubrick's films are often interpreted as cold and ambiguous. Whether viewing *Barry Lyndon*, *2001: A Space Odyssey*, *The Shining*, or *Eyes Wide Shut*, there is a sense in which these films resist their own audiences, creating a distance from them. Though many note the coldness of Kubrick's films, a smaller number attempt to explore exactly how his body of work elicits this particular reaction. Fewer still attempt to articulate what it might mean to feel Stanley Kubrick's films. In *The Kubrick Facade*, Jason Sperb examines the narrative ambiguity of the director's films from the voice-over narration in early works, including the once-forgotten *Fear and Desire*, to the blank faces of characters in his later ones. In doing so, Sperb shows how both devices struggle in vain to make sense of the chaos and sterility of the cinematic surface. All thirteen of Stanley Kubrick's feature-length films are discussed in chronological order, from the little-seen and long-neglected *Fear and Desire* to the posthumous release of *Eyes Wide Shut*. Sperb also discusses Kubrick's importance to Steven Spielberg's *AI*. While exploring all of Kubrick's films, the author

concentrates in particular on *The Killing* *Dr Strangelove* 2001 *The Shining* *Full Metal Jacket* and *Eyes Wide Shut* This is also the first book length study that focuses considerable attention on Fear and Desire and its relevance to Kubrick's larger body of work In this respect *The Kubrick Facade* is one of the first truly comprehensive books on narrative in the maverick director's films It is also the first book to integrate a discussion of AI and the first to fully explore the importance of the consistent visual emphasis on blank silent faces in his post *Lolita* films **The Encyclopedia of Stanley Kubrick** Gene D. Phillips, Rodney Hill, 2002 Surveys the director's life and career with information on his films key people in his life technical information themes locations and film theory *Stanley Kubrick Produces* James Fenwick, 2020-12-18 *Stanley Kubrick Produces* examines Kubrick's role as a producer With the use of neglected archival sources the book makes the case for how Kubrick's centralizing of power in his role as a producer became a self defeating strategy by the 1980s and 1990s one that led him to struggle to move projects out of development and into active production
