

GERTRUDE STEIN

STANZAS IN MEDITATION

I

Full well I know that she is there
Much as she will she can be there
But which I know which I know when
Which is my way to be there then
Which she will know as I know here
That it is now that it is there
That rain is there and it is here
That it is here that they are there
They have been here to leave it now
But how foolish to ask them if they like it
Most certainly they like it because they like what they have
But they might easily like something else
And very probably just as well they will have it
Which they like as they are very likely not to be
Reminded that it is more than ever necessary
That they should never be surprised at any one time
At just what they have been given by taking what they have
Which they are very careful not to add with
And they may easily indulge in the fragrance
Not only of which but by which they know
That they tell them so.

Stanzas In Meditation:

Stanzas in Meditation Gertrude Stein, 2012-01-17 In the 1950s Yale University Press published a number of Gertrude Stein's posthumous works among them her incomparable *Stanzas in Meditation*. Since that time scholars have discovered that Stein's poem exists in several versions: a manuscript that Stein wrote and two typescripts that her partner Alice B. Toklas prepared. Toklas's work on the second typescript changed the poem when enraged upon detecting in it references to a former lover she not only adjusted the typescript but insisted that Stein make revisions in the original manuscript. This edition of *Stanzas in Meditation* is the first to confront the complicated story of its composition and revision. Through meticulous archival work the editors present a reliable reading text of Stein's original manuscript as well as an appendix with the textual variants among the poem's several versions. This record of Stein's multi-layered revisions enables readers to engage more fully with the author's radically experimental poem and also to detect the literary impact of Stein's relationship with Toklas. The editors' preface and poet Joan Retallack's introduction offer insight into the complexities of reading Stein's poetry and the innovative modes of reading that her works require and generate. Students and admirers of Stein will welcome this illuminating new contribution to Stein's oeuvre. *Stanzas in Meditation, and Other Poems, 1929-1933* Gertrude Stein, 1956

Gertrude Stein, 1994 Written in 1932 at the house that Gertrude Stein and Alice B. Toklas had rented in the Rhone Valley, *Stanzas in Meditation* is one of Stein's most abstract and complex works. It is almost as if *Stanzas* was conceived as a mirror opposite of *The Autobiography of Alice B. Toklas* penned in the same year. The latter, written in a more direct and normative language, brought Stein international acclaim and resulted in the attention she received from 1934 on, while the former remained unavailable until its publication after her death in 1956. To Stein readers and admirers, however, this is one of her most important works, a poetic achievement central to her canon. From John Ashbery's groundbreaking essay review of *Stanzas* in 1957 to Richard Bridgman's 1970 publication *Gertrude Stein in Pieces*, poets and critics have recognized the
