Star Wave Mind Consciousness And Quantum Physics:

Star Wave Fred Alan Wolf,1986 Relates the discoveries of quantum physics to the workings of the human mind and explores the process of observing shapes and how and what the mind perceives *Mind, Consciousness, Body* Robert G. Howard,2012-08-31 Good news at last here are new and exact descriptions of the mind consciousness body reality time nervous system taxonomy Feel the stimulation of your curiosity into the ancient questions about the mind body duality as you plan your research and publication program How reality and three time dimensions emerge from the mind and consciousness Easy to understand mathematical definitions of otherwise ambiguous terms Each of fifty hypotheses will inspire you to publish more than your peers Introducing all the recommendations you will need to design an experiment or a research project which will propel you to the credible and prestigious forefront of your field Exact scientific answers to the problem of mind consciousness body are easily worth 4 hours of reading These solutions will kick off your numerous insightful publications The price of this book will yield massive funding for years of your research The math is reduced to the bare minimum and is explained in detail so the reader can use it is his own publications The mathematics is treated as an abbreviated language which is translated into natural language *Worlds Enough and Time* Gary Westfahl,George Slusser,David A. Leiby,2002-06-30 With our lives firmly controlled by the steady pace of time humans have yearned for ways to escape its constraints and authors have responded with narratives about traveling far into the past or future reversing the flow of time or creating alternate universes where Napoleon was triumphant at Waterloo or the South won the Civil War Writers ranging from Dante and Lewis Carroll to Philip K Dick and Martin Amis have probed into the workings of time and an overwhelming desire to master time reverberates throughout popular culture This book considers how imaginative works involving time and time travel reflect ongoing scientific concerns and examine the human condition The scope of the volume is unusually wide covering such topics as Dante the major novels of the 19th century and stories and films of the 1990s The book concludes with a lengthy bibliography of short stories and novels films and television programs and nonfiction works that feature time travel or speculations about time With a roster of contributors that includes several of the field s major scholars this book offers many new insights into this fascinating subject **Wholeness Lost and Wholeness Regained** Herbert V. Guenther,2016-03-22 This book deals in narrative form with the theme of recovering lost wholeness with the perennial question of beginnings and what role a human being must play in order to find meaning in his or her life

Transcending the Speed of Light Marc Seifer,2008-08-13 The space time continuum of physics ignores the realm of the mind But consciousness is unconfined by space or time and represents a higher organizing principle a fifth dimension that transcends the speed of light Marc Seifer examines relativity ether theory precognition telepathy and synchronicity all from the perspective of the conscious universe [The Ultimate Journey](#) James O'Reilly,Sean O'Reilly,Richard Sterling,2000 The Ultimate Journey provides an inspiring look across all religious and geographic boundaries into life s final adventure
