Star Trek The Next Generation The Genesis Wave:

Genesis Wave: Book Three John Vornholt, 2002-02-11 As a matter of cosmic history it has always been easier to destroy than to create Spock The Wrath of Khan Sweeping across the Alpha Quadrant at a terrifying speed a wave of Genesis energy has wiped out whole populations of entire planets rearranging matter on a molecular level to create bizarre new landscapes and life forms The U S S Enterprise commanded by Captain Jean Luc Picard managed to counter the threat halting the wave in its tracks and stopping the alien race that had sent the wave crashing through the galaxy In the process the crew saved trillions of souls and hundreds of inhabited planets from the mutagenic wave Earth itself as well as the Romulan Empire was saved from obliteration Now nothing is left to do but clean up the mess the Genesis Wave left behind Or so it seems Unknown to Picard and his crew the use of the Genesis Wave on a galactic scale had weakened the walls between our dimension and one right next door one that harbors a deadly threat to not only the survival of civilization throughout the galaxy but the survival of reality itself The Genesis Wave Book Three is the final volume of an apocalyptic adventure that pits the desperate crew of the Starship Enterprise against a disaster of universal proportions *Star Trek, the Next Generation: the Genesis Wave* John Vornholt, 2002 Star Trek, the Next Generation John Vornholt, 2001 Nearly a century after the destruction of Project Genesis which resulted in the creation of a weapon of annihilation Genesis is reborn and Captain Picard and the Enterprise crew discover that the fate of the galaxy lies in their hands *The Genesis Wave Book Two* John Vornholt, 2012-10-16 The dreaded Genesis Wave continues to sweep across the Alpha Quadrant transforming entire planets on a molecular level and threatening entire civilisations with extinction Based on the long hidden scientific secrets of Dr Carol Marcus who has mysteriously disappeared the wave of mutagenic protomatter seems to have come from nowhere posing a cataclysmic menace to life as we know it To combat the rushing terror of the wave Captain Jean Luc Picard and the crew of the Starship Enterprise have been forced into an uneasy alliance with both the Klingons and the Romulan Empire both of whom may crave the forbidden secrets of the Genesis technology for themselves The finest engineers of three civilisations including Geordi La Forge and his long lost love Dr Leah Brahms must race against time to devise some way of halting the deadly wave before yet another world is transformed into something entirely alien and unrecognisable But even if against all odds the Genesis Wave can be defeated Picard and his potentially treacherous allies must still confront the greater mystery of what unknown intelligence dared to launch the wave against an unsuspecting galaxy and for what malevolent purpose Genesis Wave: Book One John Vornholt, 2000-09-01 Intended to create life from nothingness the Genesis Device had the potential to become a weapon of awe inspiring destructiveness capable of rearranging matter and life energy on a planetary scale After the cataclysmic explosion of the Genesis Planet and the Klingon Empire's attempt to steal the top secret technology for its own military purposes Starfleet wisely decided to destroy all data and records on Project Genesis hoping to bury its deadly secrets forever Nearly a century later all that remains of Genesis is the knowledge stored in the mind of an

elderly almost forgotten scientist named Dr Carol Marcus But Dr Marcus has gone missing and a menace from bygone days has come rushing back with a vengeance Sweeping across the Alpha Quadrant at a terrifying speed a mysterious wave of energy is wiping out populations of entire planets rearranging matter on a molecular level to create bizarre new landscapes and life forms The Starship Enterprise commanded by Captain Jean Luc Picard is the first Starfleet vessel to discover the threat but Picard and his crew are not the only ones in danger Billions of living beings and hundreds of inhabited planets lie in the path of the mutagenic wave which is expanding outward as it traverses the cosmos Earth and the Romulan Empire face total obliteration To discover the origin of the wave Picard and his crew must probe the long buried mysteries of the past But even if he can uncover the shocking history of the Genesis Wave is there any way to save the future from its unleashed fury The Genesis Wave Book One is the beginning of an apocalyptic two part adventure that will pit the desperate crew of the Starship Enterprise against a disaster of galactic proportions *The Genesis Wave* John Vornholt, 2003 [The Genesis Wave](#) John Vornholt, 2000 *The Genesis Wave Book Three* John Vornholt, 2012-06-05 The entire Alpha Quadrant hangs in the balance as Captain Jean Luc Picard and his crew race to stave off the apocalyptic threat of the Genesis Wave in the third volume of John Vornholt's thrilling series Designed to create organic life from nothingness and make barren planets fertile and habitable the awe inspiring Genesis Device has been turned instead into a weapon of terrifying destructive power able to alter matter and energy on a molecular scale Sweeping inexorably across the galaxy The Genesis Wave is changing everything in its path and where it passes nothing will ever be the same Thousands of planets and trillions of lives are at risk as Captain Picard faces one of the greatest challenges of his career **Star Trek: The Next Generation: Genesis Force** John Vornholt, 2007-09-14 Following on the success and popularity of Genesis Wave Books One Two and Three John Vornholt pulls together a group of Star Trek heroes with a mission unlike any other The passing of the Genesis Wave has damaged hundreds of worlds in the newly named Genesis Sector and chaos reigns throughout that area of space Each world has been changed in different ways and a group of extraordinary men and women some old friends some new faces have been assigned the job of getting the devastated planets back on their feet Their first job To resettle an entire displaced alien race on its altered home planet where the dead come back to life microbes have reached gigantic size and the new ecology taking over the world is one not fit for man nor genetically altered beast **Genesis Force** John Vornholt, 2012-10-16 The full extent of the devastation caused by the Genesis Wave is only now being recognised An entire sector of space has been reduced to the most primitive levels and more than one high tech interstellar civilisation lies in ruins Helping rebuild them from the ground up is the Genesis Force a covert Federation group of humans and aliens with extra abilities greater than those of the average humanoid Their mission to remake the devastated worlds so that new life can flourish and to protect the people of the newly named Genesis Sector from those who would seek to conquer and exploit them
