Starfist Steel Gauntlet:

Starfist: Steel Gauntlet David Sherman, Dan Cragg, 2002-01-08 It's the 25th century but the Marines are still looking for a few good men. Marines ain't supposed to sit. We're supposed to kill. After the resource-rich planet Diamunde is seized by the armed forces of industrialist Marston St Cyr, the Confederation Marines face their most desperate battles yet against the mechanized forces of the bloody usurper. Promised a walkover by military planners, instead the Marines must run a gauntlet of steel with weaponry three hundred years out of date. For the Confederation's invasion army to seize the planet, the Marine FISTs first have to secure a planethead against St Cyr's much larger forces which are equipped with superior weapons.

Together with their outgunned comrades, the Marines of 34th FIST must do the impossible or die. **Starfist: Steel Gauntlet** David Sherman, Dan Cragg, 1998-12-26 It's the 25th century but the Marines are still looking for a few good men. Marines ain't supposed to sit. We're supposed to kill. After the resource-rich planet Diamunde is seized by the armed forces of industrialist Marston St Cyr, the Confederation Marines face their most desperate battles yet against the mechanized forces of the bloody usurper. Promised a walkover by military planners, instead the Marines must run a gauntlet of steel with weaponry three hundred years out of date. For the Confederation's invasion army to seize the planet, the Marine FISTs first have to secure a planethead against St Cyr's much larger forces which are equipped with superior weapons. Together with their outgunned comrades, the Marines of 34th FIST must do the impossible or die. **Steel Gauntlet** David Sherman, Dan Cragg, 1999 Starfist: First/School of Fire David Sherman, Dan Cragg, 2002-01-15 First to Fight. Stranded in a hellish alien desert, stripped of their strategic systems, quick reaction force, and supporting arms, and carrying only a day's water ration, Marine Staff Sergeant Charlie Bass and his seven-man team faced a grim future seventy-five light years from home. The only thing between his Marines and safety was eighty-five miles of uncharted, waterless terrain and two thousand bloodthirsty savages with state-of-the-art weapons in their hands and murder on their minds. School of Fire. Deployed to assist the oligarchs of Wanderjahr in putting down a rebellion that threatens the planet's political and economic stability, the Marines must fight two wars at the same time: one against the resourceful, well-led guerrillas and another with the entrenched police bureaucracy.

Starfist: Flashfire David Sherman, Dan Cragg, 2007-03-27 Packed with hard-core action written by battle-savvy combat veterans, the explosive Starfist series has become hugely popular across America. Now the saga of the courageous Marines continues in Flashfire as the 34th Fleet Initial Strike Team FIST ventures to the edge of Human Space to fight a number of enemies, some on their own side. Tensions erupt between the Confederation and several frontier worlds when civilians are shot dead at an army base on the planet Ravenette. Enraged, the Ravenette government and nine neighboring planets form a coalition, and their first act of secession is to overrun Ravenette's Confederation garrison. With the armed forces of ten worlds seizing the brutal upper hand, the embattled troops need help now, and they need it bad. Enter the Marines of the 34th FIST. As the nearest ready-to-deploy unit, the team is sent to Ravenette with orders to hold the line until

reinforcements arrive The upcoming operation promises to be no picnic for while sophisticates may ridicule the backward ways of the uncouth frontier folk no one scoffs at their fighting ability Charlie Bass doesn't mince words for his men in Company L's third platoon Two army divisions perhaps thirty thousand soldiers are being overwhelmed and somebody expects a thousand Marines to save the day As pompous Confederation generals wreak even more havoc than the enemy there are those who call the mission suicide but not the Marines Of course it sounds hopeless but for Marines like Charlie Bass and the rest of the 34th FIST accomplishing the impossible comes with the territory *Starfist: Hangfire* David Sherman, Dan Cragg, 2010-01-20 Six agents have died hideously trying to penetrate the crime families behind a vast empire of pleasure and debauchery Now it's up to the Marines to break the circle Most people will visit Havanagas only in their dreams for few can afford the exclusive resort planet that recreates ancient worlds and caters to every taste Witches are burned at the stake in medieval towns while riotous hordes fill Rome's Coliseum to watch gladiators battle Even the basest of human lusts are satiated by deadly sex acts and a thriving slave trade The crime bosses control of Havanagas and its people is brutally effective Now three Marines from Co L's 3rd Platoon masquerading as discharged military buddies on holiday are going in to break the kingpins' bloody stranglehold From bordellos and rebellious enclaves to the very pit of the Coliseum filled with deadly beasts Corporal Pasquin and Lance Corporals Claypoole and Dean face certain death with only their wits and skills as weapons But they're Marines built to survive **Starfist: Firestorm** David Sherman, Dan Cragg, 2008-04-29 Combat vets David Sherman and Dan Cragg know firsthand the courage sacrifice and hell of war and their experiences have made the popular Starfist novels thrill rides of the highest order Now the explosive action continues on the remote planet Ravenette where the Marines of the Confederation's 34th Fleet Initial Strike Team FIST find themselves up against a full fledged rebellion and a lethally loose cannon of a commanding officer Desperate to thwart unrelenting aliens and their quest to obliterate humankind The Confederation has beefed up its defenses But to the citizens on the outer edges of Human Space around Ravenette unaware that a deadly enemy even exists the government's move seems oppressive and ten planets have responded with a war of secession In touch and go battles with the seceding planets the 34th FIST has emerged battered but unbowed refusing to give up even while under the command of a fanatical general The enemy determined to strike a new mission must be carried out though the troops will likely return in body bags Should Ensign Charlie Bass and his Marines somehow survive the nightmarishly difficult amphibious landing they can expect to be outmanned outgunned and out armored in a fierce duel against fresh soldiers But like any Marine worth his salt Bass knows there's only one way to go when facing impossible odds on the offense with all guns firing There's no other choice because if life was easy there'd be no need to send in the Marines **Starfist: Kingdom's Swords** David Sherman, Dan Cragg, 2002-04-29 The Marines were told it was a simple peasant rebellion but the mission proved to be far deadlier Gunny Charlie Bass isn't the only Marine mystified by the order sending the entire 34th to put down a few seditious serfs on planet Kingdom Rumors swirl of a deadly alien

invasion But few believe that such sentient beings exist Except Gunny Bass and the Marines of the 3rd platoon who once fought enemy aliens called Skinks fierce fanatical fighters with hideous weapons who attack for no other reason but to kill Then while slogging through Kingdom s fetid swamps the Marines are attacked by awesome unseen weapons that could destroy half a platoon with one shot Clearly they are facing no normal enemy And if their adversaries are Skinks one FIST isn t enough Third platoon s orders are to penetrate deeper into the bloody jungle hell and find out what happens when a few good men bite the bullet

Starfist: Technokill David Sherman,Dan Cragg,2002-01-08 A terrifying secret an evil coterie of ruthless masterminds a murderous battle of cunning and deadly skill it s time to send in the Marines After the Confederation makes a shocking discovery on an alien world a nefarious band of opportunists from the highest echelons of power plot to steal the vast riches for themselves Along with the ability to crush any resistance these moguls possess spacecraft unlimited resources and a deadly arsenal of cutting edge weapons The only one without a price tag is the Confederation president Now she is sending Gunnery Sergeant Bass the men of third platoon and a single special agent to expose the shadowy figures behind the corruption And so on an obscure planet home to unimaginable treasure and an unsettling species the toughest fighters in Human Space confront their fiercest battle For there will be no losers in this war only the triumphant the dead and the vanished

Starfist: Blood Contact David Sherman,Dan Cragg,2002-01-08 Through three centuries of interstellar travel intelligent alien life forms had never been encountered until now When a scientific team exploring an obscure planet fails to make its regular communications check the Marines of third platoon are sent to investigate They prepare for a routine rescue operation but what they find on Society 437 is a horror beyond description Only a handful of ragtag pirates who were in the wrong place at the very worst time have survived and there is little trace of the scientists What happened to the scientists Why have the pirates been spared Gunnery Sergeant Bass and the men of third platoon are about to find out and the answer carries a terrifying implication for the Marines and the entire human race
