Starsight Project:

The Starsight Project S.P. Perone, 2002-11-05 A horrible terrorist strike referred to as Operation Deadly Rain by the al Qaeda is about to be launched against the United States during the holiday season with perhaps hundreds of thousands of lives at stake. An artificial intelligence program is nearly completed that might predict in advance when, where, and how this attack might occur. When the CIA receives fragmentary warnings of the upcoming attack, the university researchers secretly developing this program called StarSight are abruptly plucked from their comfortable academic posts and thrust into the frontline of the war on terrorism. The stage is set for savage conflict. Professor Tony Shane, his beautiful research associate Sarah, and a handful of university co-workers are condemned by their academic colleagues for conducting a secret project for the CIA. At the same time, they are exposed to deadly attempts by terrorist agents to sabotage their work. Unknown to the CIA and Senator Moorhouse, who is coordinating the StarSight project, the person responsible for Deadly Rain and ruthlessly attempting to terminate StarSight is himself a wealthy and respected American citizen and close friend of the Senator and his wife. With political intrigue permeating university and government circles alike, this adventure takes the reader from the comfort of the halls of ivy to the exotic settings of San Francisco, Zurich, Washington, and the Italian Riviera. Despite the personal trials of the researchers, politicians, and terrorists that unfold during this pre-holiday period, the purposeful efforts of the StarSight team to prevent the terrorist attack build to a heart-stopping climax.

Turned On! S. P.

Perone, 2014-09-17 No decade before or since witnessed cultural, technical, and social changes as dramatic as the 1960s. Pop culture reflected a transition from the rigid 1950s to the permissive 1970s. The Vietnam War spawned student protests, draft card burning, and a hippie counter culture. Caught up in these turbulent times was author Sam Perone, a naive young professor beginning his career at the tender age of twenty-three, young enough to run in student circles. Perone's unlikely arrival in 1962 at a prestigious university, lacking credentials and experience, launched an erratic journey laced with angst, liberating diversions, exciting research, bitter conflicts, dismal failures, and exhilarating successes. In *Turned On*, he shares his own life story against the backdrop of the times. A collection of personal experiences that characterize that turbulent decade, this memoir tells about the time Perone got tipsy during his university job interview, the weeks he slept in chemistry labs, the explosions, floods, flashes, pranks, and jolts that marked his early research, the wild parties fueled by lab alcohol, his unexpected love affair in 1967 San Francisco, the sometimes serious, sometimes disturbing, and always laughable instances of faculty clashes, and finally his pivotal involvement in the minicomputer revolution. *Turned On* describes a personal journey toward self-realization in a world that was rapidly changing in fascinating ways. It captures the impact on campus life of historical

events that defined the 1960s but also provides insights to the inner workings of the academic world in that era and beyond

Crisis on Flight 101 S. Perone, 2003-11 Upon inadvertently discovering telepathic time travel the rogue leader of a secret society of scientists threatens to re write American history and virtually flip the world upside down with one cataclysmic stroke When Professor Tony Shane discovers that his research has been stolen to further this monstrous terrorist threat he and his young research associate Andrea Martin join a CIA mission to intervene Intervention requires Shane to link telepathically with his young father Daniel in the summer of 1939 With the world on the brink of global war Shane must guide Daniel through a bold attempt to rescue or to kill a brilliant Jewish atomic physicist in Hitler s grasp While Shane and Daniel fall under the spell of an aggressive 1939 lover with mysterious designs an alienated old flame must find a way to save the mission Much of this suspenseful venture evolves during a nostalgic overnight transatlantic flight on a Pan American flying boat with darkly mysterious forces working at cross purposes Fateful events during the 1939 flight are paralleled by political brokering in modern times climaxing with a shocking fateful confrontation between a stubborn American president and the charismatic leader of the secret society

Judgment Day S.P. Perone, 2007-01-05 How will governmental blunders of the early twenty first century transform our lives Judgment Day extrapolates today s politics into a fictional near future world where Americans suffer the legacy of today s ill conceived policies including a lingering expanded Middle Eastern war Washington power brokers believe that Glenn Markley a wealthy but politically nave young businessman can lead the country in a new direction But the incumbent President draws on powerful allies to block this move Markley finds himself politically excised when he becomes the prime suspect in the brutal murder of his lovely young wife Pursuing a treacherous but determined quest for the real killer Markley turns up a shocking connection between his wife s death and a bizarre presidential plot to manipulate a nuclear showdown with Iran for political gain From an old girlfriend turned congresswoman with explosive inside information murder investigators with personal agendas a secret service agent who might turn against the President to the disturbing apparitions of his dead wife Markley can not always tell reality from fantasy or allies from enemies Fighting a stark deadline Markley confronts a grotesque set of conspirators from Washington to Iran and ultimately finds that only his actions can avert a nuclear strike at the heart of America

Shoot the Moon S. P. Perone, 2016-04-30 Professor Tony Shane is attending a Las Vegas computer conference when he encounters a new university faculty colleague the beautiful and mysterious Karen Sloan Unfortunately a mesmerized Shane has no idea that she is about to draw him into the exotic world of high stakes gambling and transform his life forever Soon gambling losses force Shane to submit to an international boss Giacomo Corsi who wants to utilize Shanes access to an ultra secure government computer As Shane is plunged into the midst of a chilling plot that threatens to throw the country into a chaotic death spiral he must call upon his old connections an off and on lover a tough CIA deputy director and a mob boss to help him fight off controlling gambling czars and secretly expose a mysterious madmans diabolical scheme But as a frantic race begins to avert a catastrophic attack

Shane suddenly becomes aware that nothing is what it seems and that Karen is hiding a very dark secret In this compelling crime thriller a professor suddenly finds himself drawn into a deadly trap amid the high stakes world of gambling where he must attempt to stop a horrific plot from unfolding across America Einstein's Tunnel S. Perone,2004-10 It is a world turned upside down a world created when a future time traveler re directs the course of World War II The United States has suffered six decades of oppressive fascist rule Now while a decimated band of expatriate American rebels fight to liberate their country international dissension threatens a nuclear holocaust Tony Shane a rebel with a dangerous incredible plan has inherited wartime secrets that might free his country a plan derived from Albert Einstein whose cryptic legacy conceals an improbable time travel strategy To unravel the secrets of Einstein s tunnel Shane persuades Sarah Stenstrom a beautiful young scientist in a Nazi cyber research laboratory to join his cause But their intimate relationship soon threatens the entire mission Vito Mironi a powerful mob boss within a corrupt Nazi regime secretly supports the rebels But the reality of Einstein s plan soon converts Mironi into Shane s most dangerous adversary Joining Shane s desperate odyssey is a ruthless rebel assassin Salom with a burning personal agenda But only Nathan Carothers charismatic rebel leader knows the true dark purpose underlying their mission Confronted by surprising obstacles Tony Shane traverses a perilous path while racing a deadly doomsday clock to fulfill the promise of Einstein s Tunnel Youthanasia S.P. Perone,2009-11-12 In the coastal mountain area of California eighteen year old Connor Bright is enjoying his senior year at the secluded Teller Academy But that idyllic scene changes when he witnesses the grisly classroom murder of his twenty two year old history teacher Miss Diamond Its a murder that no one but Connor seems to remember Connor soon learns that he is the only witness to other events and this knowledge exposes him and his friends as expendable in some mysterious cabal But he needs to persuade his skeptical friends Blake Sally and Aliciathat there is something sinister happening at the academy and they must escape to uncover the real reasons they have been secretly cloistered at Teller Academy Escaping the schools mind control scheme and not being able to trust their memories the teens investigate the mystery at the academy What they find is a secret group of elders that has become the ultimate Washington power broker This group hatched a diabolical plan directed at the nations youth and will overnight change the entire social and political climate of the United States The plan threatens an entire generation the fate of millions of youth is at stake Worldchanging Alex Steffen,2008-03 Building a better future locally and globally is the topic of this user s guide written by a diverse collaborative of innovators Worldchanging demonstrates that the means for making a difference lie all around **Mrs. C** S. P. Perone,2017-08-08 When a computer matchmaking service connects her to Nick a man with an astonishing secret agenda Margo Sanchez is drawn into the most bizarre courtship of all time Finding herself falling for Nick she is stunned when he claims to be Santa Claus and wants to make Margo the next Mrs C Disbelieving Margo challenges Nick for proof Abruptly she is transported from her San Francisco home to Nicks magical realm at the top of the world There she encounters elves hiding ancient secrets and engages in
