Teaching Of Contempt:

The Teaching of Contempt Jules Isaac, 1964 **The Teaching of Contempt** James Isaac, 1966 *The Teaching of Contempt* Jules Isaac, 1962 *The Teaching of Contempt; Christian Roots of Anti-Semitism. Translated by Helen Weaver. Biographical Introd. by Claire Huchet Bishop* Jules Isaac, Spiritual Companions Padraic O'Hare, 2006 This book is written on the premise that knowledge of and appreciation for the religious beliefs and practices of other faiths can enrich our own lives The author is a professor of religion and theology at Merrimack College MA and the director of the Center for the Study of Jewish Christian Relations at the college **The Teaching of Contempt**, 1978 **The Teachings of Jesus** Henry George Spaulding, 1889 **The Death of Tradition** Steven Jones, 2019-10-08 An analysis of the events surrounding the discovery of the Dead Sea Scrolls and their influence on Church theology particularly the influence on Vatican II The book asks whether there was a covert agenda by examining actual historical accounts and quotes by those involved The Enduring Covenant Padraic O'Hare, 1997-01-01 The idea for this book arose out of the author's fifteen years of sustained engagement in Jewish Christian relations His purpose here is to speak about the practice of religious education in the church in which anti Judaism is eliminated O Hare focuses on the holiness of the religious community which he notes can develop along triumphal absolute and exclusive lines He suggests instead that every time we unearth a defensive and xenophobic practice or pattern of speech in our religion and set it aside we are doing something that adds to the health of our religious community to its capacity to assist people to become holy Chapter 1 surveys what philosopher Jules Isaac calls the history of the teaching of contempt chapter 2 deals with genuine religious pluralism and dialogue chapter 3 is a short Christology devoid of triumphalism and exclusivism chapter 4 focuses on religious education and its purpose to form holy people chapter 5 is an appreciation of the genius of Judaism its world view and life chapter 6 focuses on practice including elements of a paradigm shift in religious education principles for such practice and select examples of programs of religious education for interreligious reverence especially between Jews and Christians Padraic O Hare teaches in the Religious Studies Department of Merrimack College North Andover MA and is the author of *The Way of Faithfulness Contemplation and Formation in the Church* also published by Trinity Press **Divine Economy** D. Stephen Long, 2000 What has theology to do with economics They are both sciences of human action but have traditionally been treated as very separate disciplines *Divine Economy* is the first book to address the need for an active dialogue between the two D Stephen Long traces three strategies which have been used to bring theology to bear on economic questions the dominant twentieth century tradition of Weber's fact value distinction an emergent tradition based on Marxist social analysis and a residual tradition that draws on an ancient understanding of a functional economy He concludes that the latter approach shows the greatest promise because it refuses to subordinate theological knowledge to autonomous social scientific research *Divine Economy* will be welcomed by those with an interest in how theology can inform economic debate
