Teaching For Competence

Howard J. Sullivan, Norman Higgins

Teaching For Competence:

Teaching for Competence Howard J. Sullivan, Norman Higgins, 1983 The Politics of Competence John Merrow, 1975
The extent to which we are being shaped by the competency based concept in the training and licensing of teachers is the topic of this volume. The central statement, *The Politics of Competence: A Review of Competency Based Teacher Education*, provides a review and interpretation of activity nationally. The importance of this activity can be underscored by the estimate that hundreds of thousands of educator person years are being consumed by this movement. This statement is followed by a series of perspectives by people who either helped shape the competency based concept or who are now responding to the concept's shaping force. The general purpose of the National Institute of Education in publishing a volume such as this one is to raise the level of public debate on contemporary issues in education. To this end, the format followed is to review and interpret a national activity followed by perspectives from major interested parties. *Teaching Competency of Primary School Teachers* Vinod Kumar Singh, 2010. Study conducted at Lucknow District of Uttar Pradesh, India. Handbook of Teaching Competency Development in Higher Education Jiangang Cheng, Wei Han, Qian Zhou, Shuyan Wang, 2023-10-30. This is an open access book. It draws from relevant theories and approaches to teachers' professional development (TPD) and innovative and inspiring TPD practices in higher education. It first lays a solid foundation for the rest of the book through critiquing prevalent theories, approaches, and teaching competency frameworks guiding TPD in higher education and defining the key concepts related to TPD. The book then develops a standard framework and assessment instrument of teaching competencies as well as ways of using this framework by institutions, departments at different levels, and individual teachers. It also proposes strategies for improving teachers' teaching competencies by reviewing what has been achieved to date in TPD in terms of national level policies and strategies, institutional level interventions, and teachers' self-directed professional development. Finally, it also presents case studies of typical practices in TPD in different countries. **Organizational Climate, Teaching Competency and Job Satisfaction of Secondary School Teachers** Dr. Manoranjan Parua, THIS BOOK IS FULLY RELATED TO SECONDARY SCHOOLS TEACHERS ACTIVITIES AND THEIR JOB SATISFACTION.
