Denman,1988 This book provides teachers with a readable and highly practical book on the teaching of poetry in the classroom The author identifies the common problems he has observed in poetry instruction in our elementary schools and shares his responses to those problems and deficiencies demystifying poetry along the way and offering suggestions on incorporating it into a language arts curriculum Written to provide teachers with a better and more complete understanding of the nature of poetry as well as a collection of specific teaching strategies the book will help good language arts teachers become even better teachers of poetry

interest in language arts BOOK JACKET **Teaching the Art of Poetry** Baron Wormser, 1999-12 Written w classroom teachers in mind this bk is a guide to the art of poetry a focused approach to how to teach poetry It focuses on two main issues how poetry is defined perceived taught how it can become more integrated into students live **Teaching Poetry in the Grades** Margaret Winifred Haliburton, Agnes G. Smith, 1911 **Teaching Poetry in the Primary School** David Carter, 2013-11-26 First Published in 1999 Based on the author s experience of teaching poetry to children for more thirty years this book offers guidance on engaging young children minds in poetry in line with the Literacy Hour Making Poetry Happen Sue Dymoke, Myra Barrs, Andrew Lambirth, Anthony Wilson, 2015-01-29 UKLA Academic Book Award 2016 Highly Commended Making Poetry Happen provides a valuable resource for trainee and practicing teachers enabling them to become more confident and creative in teaching what is recognized as a very challenging aspect of the English curriculum The volume editors draw together a wide range of perspectives to provide support for development of creative practices across the age phases drawing on learners and teachers perceptions of what poetry teaching is like in all its forms and within a variety of contexts including inspiring young people to write poems engaging invisible pupils especially boys listening to poetry performing poetry Throughout the contributors include practical tried and tested materials including activities and draw on case studies This approach ensures that the theory is clearly linked to practice as they consider teaching and learning poetry to those aged between 5 and 19 from different perspectives looking at reading writing speaking and listening and transformative poetry cultures Each of the four parts includes teacher commentaries on how they have adapted and developed the poetry activities for use in their own classroom **Poetry and Pedagogy across the Lifespan** Sandra Lee Kleppe, Angela Sorby, 2018-10-08 This book explores poetry and pedagogy in practice across the lifespan Poetry is directly linked to improved literacy creativity personal development emotional intelligence complex analytical thinking and social interaction all skills that are crucial in contemporary educational systems However a narrow focus on STEM subjects at the expense of the humanities has led educators to deprioritize poetry and to overlook its interdisciplinary multi modal potential The editors and contributors argue that poetry is not a luxury but a way to stimulate linguistic experiences that are formally rich and cognitively challenging To learn through poetry is not just to access information differently but also to forge new and different connections that can serve as reflective tools for lifelong learning This interdisciplinary book will be of value to teachers and students of poetry as well as scholars interested in literacy across the disciplines **Poetry** Michael A. Carey, 1989 Grade level 4 5 6 7 8 9 10 11 12 e i s The Teaching of Poetry in the High School Arthur H. R. Fairchild, 1914 The Forms of Things Unknown Shelley Savren, 2016-07-12 A college student writes These words I write open their mouths wide screaming the most intimate secrets An inmate in a maximum security men s prison writes Within my writing I am able to break down my prison walls and escape leave the gangster fa ade behind The Forms of Things Unknown Teaching Poetry Writing to Teens and Adults draws from Shelley Savren s forty years of teaching poetry writing to a diverse array of

students from teens with mental health issues to seniors to adults with developmental disabilities and in a wide variety of settings which include middle schools high schools colleges juvenile halls women s centers and a men s prison Each chapter includes an original poem from Savren heartfelt stories and lesson plans that introduce poetic concepts through model poems by professionals open ended writing assignments methods for sharing and critiquing and student poems Designed for use in a classroom or community setting this book features forty one lesson plans and nineteen more poetry writing workshop ideas and provides guidance and inspiration for teaching poetry writing to teens and adults

A Surge of Language Baron Wormser, David Cappella, 2004 Poetry is part of the 7 12 English curriculum but many students and teachers too are afraid of it They think of poetry as esoteric insular even elitist Baron Wormser and David Cappella prove otherwise Poetry is in fact the lifeblood of language It incorporates all aspects of the language arts It deserves to be at the center of the English curriculum And it can and should be taught daily The authors show why and how Their book takes the form of a fictional teacher s journal entries on his daily teaching of the reading and writing of poetry His recurrent theme for appreciating poetry is to slow down pay attention there is much to be gained from this And he demonstrates that truth He looks at language closely how the poet uses language revises edits and assesses how potent language really is how the fewest words can achieve the greatest impact What s more he highlights within the text major ideas for teaching and provides other teacher friendly formats and information including lists that detail practical exercises and strategies full length poems anthologies for teacher reference Plus the table of contents functions as a calendar of daily topics making quick work of planning or honing in on areas of particular interest A Surge of Language is the perfect antidote to pressure and stress And it s a richer more rewarding alternative to the lists of objectives that now comprise teaching Both thoughtful and practical it will inspire and guide teachers in their efforts to put some reflective practice back into their curriculums and classrooms And it will get them to think in poetry too
