Teaching Tudor And Stuart Women Writers:

Teaching Tudor and Stuart Women Writers Susanne Woods, Margaret P. Hannay, 2000 The increased attention to women's literature of the early modern period has reinvigorated literary study not by supplanting the traditional canon but by renewing our interest in it As the volume editors note Teaching Spenser's *The Faerie Queene* is a richer experience when one also teaches Wroth's *Urania* Teaching Tudor and Stuart Women Writers summarizes the latest scholarship on British women writers who lived from roughly 1500 to 1700 and suggests strategies for presenting their works in the classroom Thirty six essays discuss frequently anthologized pieces by such women as Margaret Cavendish Elizabeth I Mary Sidney and Mary Wroth as well as the writings of women who have come to the notice of scholars only recently The volume addresses women's roles in early modern society and women's limited access to education and opportunities for writing provides background for understanding literary religious historical and social texts gives biographies of certain writers lists texts suitable for presentation in the undergraduate classroom suggests models for lower level surveys as well as semester length graduate seminars and details the availability of primary sources *Early Modern Women's Writing and the Future of Literary History* Lara Dodds, Michelle M. Dowd, 2025-02-03 Early Modern Women's Writing and the Future of Literary History demonstrates that a full accounting of early modern women's literary and creative activities is necessary to the future of literary studies writ large Despite benefiting from a rich body of scholarship and diverse critical practices early modern women's writing is still treated as an optional or secondary component of Renaissance literary studies as a whole In this book Dodds and Dowd offer a state of the field assessment of the critical and theoretical debates that have resulted in this state of affairs in order to advance specific visions for the future Dodds and Dowd examine how perennial questions about authorship canon and literary value have historically influenced scholarship on early modern women's writing and its place within literary studies Early modern women's writing has been perceived as belated out of sync with dominant critical trends Dodds and Dowd show the belatedness of early modern women's writing to be a happy accident that positions women's writing as a resource for the renewal of literary history In both the classroom and in scholarship early modern women's writing shows the way forward for the field whether in the revitalization of formalist approaches to literature through an alliance with feminism or in the integration of newer critical methodologies such as premodern critical race studies This book demonstrates that a feminist literary history that places women's writing at its center is essential to the future of English Renaissance literary studies There is in other words no history of English Renaissance literature without women writers **Reading Early Modern Women** Helen Ostovich, Elizabeth Sauer, Melissa Smith, 2004 This remarkable anthology assembles for the first time 144 primary texts and documents written by women between 1550 and 1700 and reveals an unprecedented view of the intellectual and literary lives of women in early modern England *Feminist Formalism and Early Modern Women's Writing* Lara Dodds, Michelle M. Dowd, 2022-05 This volume examines the relationship between gender and form in early modern

women's writing by exploring women's debts to and appropriations of different literary genres and offering practical suggestions for the teaching of women's texts *Ashgate Critical Essays on Women Writers in England, 1550-1700*
