involved in caring for creation and encouraging them to see ways that these practices are related to Christian faith and in doing so nurturing the life of our communities while fostering our identity as those who care for the earth Central to the process of reconnecting holy discipleship with earth stewardship is the development and rediscovery of biblical imagery and language that will support our care of creation and shape our prayers As our actions are more closely connected to the language of our prayers praying and acting will inform and enrich each other This book also includes custom liturgies that highlight earth care prayerfully prepared for the major festivals of the church year
