## **Situated Fathering A Focus On Physical :**

*Situated Fathering* William Marsiglio, Kevin Roy, Greer Litton Fox, 2005-07-28 *Situated Fathering* proposes a new theoretical framework for studying how various contingencies of physical space in conjunction with social symbolic issues affect men's identities as fathers and their involvement with children. Written largely for family scholars and students by an interdisciplinary team of leading scholars, this distinct volume of original research explores fathers in a wide range of physical and social spaces. Contributors outline directions for theoretically guided research in specific often gendered fathering sites.

**Situated Fathering** William Marsiglio, Kevin Roy, Greer Litton Fox, 2005-07-28 When men act as parents they do so in diverse physical and social spaces imbued with symbolic meaning. They father in the military overseas on the farm in dilapidated inner cities immersed in ethnic neighborhoods navigating idealized places of leisure where families go as stepfathers in spaces where physical dimensions and family meanings intersect as nonresident fathers managing less than ideal conditions rolling across the interstate as long haul truckers playing catch alongside the house managing precious family time in prison work release programs as participants in community fatherhood initiatives etc. Until now family scholars had not explicitly theorized and focused on how physical space shapes fathers' lives. A distinct volume of theoretical and empirical research *Situated Fathering* addresses this oversight by proposing a new framework for studying how various contingencies of physical space in conjunction with social symbolic issues affect men's identities as fathers and their involvement with children. Consistent with public interest in men's efforts to be there as providers and caregivers this book explores issues associated with the barriers and supports to involvement that are part of the physical and social environment. Written largely for family scholars and students it emphasizes a future oriented perspective by outlining directions for theoretically guided research in specific often gendered fathering sites.

Miller,Lars Plantin,Allan Westerling,2025-10-20 Drawing on extensive empirical research this book examines paternal involvement in caregiving practices and asks what is currently happening to involved fatherhood The book investigates fatherhood in various everyday settings such as outdoor spaces workplaces and the home while considering the influence of policy frameworks across different European countries By analysing fathers experiences and the impact of policy on familial roles it provides fresh insights into the concept of involvement and progression towards practices of more equitable fatherhood Encouraging new thinking on paternal engagement this is a critical look at how fatherhood is navigated negotiated and understood within diverse cultural and policy contexts in everyday life **Nurturing Dads** William

Marsiglio,Kevin Roy,2012-01-01 American fathers are a highly diverse group but the breadwinning live in biological dad prevails as the fatherhood ideal Consequently policymakers continue to emphasize marriage and residency over initiatives that might help foster healthy father child relationships and creative co parenting regardless of marital or residential status In Nurturing Dads William Marsiglio and Kevin Roy explore the ways new initiatives can address the social cultural and economic challenges men face in contemporary families and foster more meaningful engagement between many different kinds of fathers and their children What makes a good father The firsthand accounts in Nurturing Dads show that the answer to this question varies widely and in ways that counter the mainstream provide and reside model of fatherhood Marsiglio and Roy document the personal experiences of more than 300 men from a wide range of socioeconomic backgrounds and diverse settings including fathers to be young adult fathers middle class dads stepfathers men with multiple children in separate families and fathers in correctional facilities They find that most dads express the desire to have strong close relationships with their children and to develop the nurturing skills to maintain these bonds But they also find that disadvantaged fathers

including young dads and those in constrained financial and personal circumstances confront myriad structural obstacles such as poverty inadequate education and poor job opportunities Nurturing Dads asserts that society should help fathers become more committed and attentive caregivers and that federal and state agencies work sites grassroots advocacy groups and the media all have roles to play Recent efforts to introduce state initiated paternity leave should be coupled with social programs that encourage fathers to develop unconditional commitments to children to co parent with mothers to establish partnerships with their children s other caregivers and to develop parenting skills and resources before becoming fathers via activities like volunteering and mentoring kids Ultimately Marsiglio and Roy argue such combined strategies would not only change the policy landscape to promote engaged fathering but also change the cultural landscape to view nurturance as a fundamental aspect of good fathering Care is a human experience not just a woman s responsibility and this core idea behind Nurturing Dads holds important implications for how society supports its families and defines manhood The book promotes the progressive notion that fathers should provide more than financial support and in the process bring about a better start in life for their children A Volume in the American Sociological Association s Rose Series in Sociology *Male Femininities* Dana Berkowitz,Elroi J. Windsor,C. Winter Han,2023-02-14 Innovative essays that explore how men perform femininity and what femininity looks like without women What counts as male femininity Is it simply men behaving in effeminate ways or is it the absence of masculinity Male Femininities presents a nuanced critical collection of essays that highlight the extent to which male femininities are neither an imitation of femaleness nor an emptying of masculinity These innovative essays focus on both gay and straight men and transmasculine and genderqueer people in their construction and performance of femininity thereby revealing the possibilities that open up when we critically examine femininity without women Male Femininities asks What does femininity look like for men The contributors highly regarded scholars and rising stars cover a range of topics including drag queens cosmetic enhancements trans fertility and gender non conforming childhoods Male Femininities illuminates what happens when we decouple femininity from female bodies and how even the smallest cracks and fissures in the normative order can disrupt challenge and in some cases reaffirm our existing sex gender regime This volume pluralizes the concept of male femininities and leads readers through an exploration of how gender sex and sexuality are manifested in the United States today Family Continuity and Change Vida Česnuitytė,Detlev Lück,Eric D. Widmer,2017-01-12 This volume provides readers with recent sociological approaches to family understanding theorising and practices within the context of continuities and change both across generations and during individual life courses The contributors uniquely investigate the friction between persisting family needs and changing circumstances between holding on to traditional family norms and adapting to fast changing demands Authors from nine countries develop and apply innovative theoretical and methodological approaches for a more differentiated description of European family lives at the beginning of the 21st century and show that family sociology has achieved significant commonalities across national borders

in Europe thus helping our understanding of complex family realities The book will be essential reading for students and scholars with an interest in family and intimate life family sociology and policy sociology and gender studies *Fragmenting Fatherhood* Richard Collier, Sally Sheldon, 2008-09-05 Debates about the future of fatherhood have been central to a range of conversations about changing family forms parenting and society Law has served an important yet often neglected role in these discussions serving as an important focal point for broader political frustrations playing a central role in mediating disputes and operating as a significant symbolic state sanctioned account of the scope of paternal rights and responsibilities *Fragmenting Fatherhood* provides the first sustained engagement with the way that fatherhood has been understood constructed and regulated within English law Drawing on a range of disparate legal provisions and material from diverse disciplines it sketches the major contours of the figure of the father as drawn in law and social policy tracing shifts in legal and broader understandings of what it means to be a father and what rights and obligations should accrue to that status In thematically linked chapters cutting across substantive areas of law the book locates fatherhood as a key site of contestation within broader political debates regarding the family and gender equality Multiple visions of fatherhood evolving unevenly over time across diverse areas of law emerge from this analysis Fatherhood is revealed as an essentially fragmented status and one which is intertwined in complex ways with the legal cultural and political contexts in which discourses of parenthood are produced *Fragmenting Fatherhood* provides an important and unique resource speaking to debates about fatherhood across a range of fields including law and legal theory sociology gender studies social policy marriage and the family women's studies and gender studies *The Best Kept Secret* Roberta L. Coles, 2009-03-16 The Best Kept Secret studies the often overlooked group of single African American custodial fathers Filled with dynamic interviews and intriguing case studies the author draws on qualitative research to paint a nuanced picture of the parenting experiences of these fathers **Dangerous Masculinity** Anna Curtis, 2019-09-06 For incarcerated fathers prison rather than work mediates access to their families Incarcerated men negotiate expectations of gender performance and their relationships with the mothers of their children during incarceration These negotiations around masculinity and fatherhood inside prison provide insight into gender inequity racism and ideological underpinnings of security practices Second Chances As Transformative Stories Rhd V3 2&3 Kevin M. **Essential Dads** Dr. Jennifer M. Randles, 2020-10-13 In *Essential Dads* sociologist Jennifer Randles shares the stories of more than 60 marginalized men as they sought to become more engaged parents through a government supported responsible fatherhood program Dads experiences serve as a unique window into long standing controversies about the importance of fathering its connection to inequality and the state's role in shaping men's parenting With a compassionate and hopeful voice Randles proposes a more equitable political agenda for fatherhood one that carefully considers the social and economic factors shaping men's abilities to be involved in their children's lives and the ideologies that rationalize the

necessity of that involvement      **Fatherhood and Masculinities** Catherine Gallais, 2023-08-09 Based on novel ethnographic research conducted in New York City this book explores through the lens of intersectionality how gender impacts men's experiences of full time fatherhood as well as how sexuality race class faith and so on result in unequal access to choices and opportunities as parents Chapters analyze how perspectives on caregiving are complicated by varying cultural gendered and racialized stereotypes and representations that pull different fathers toward or push them away from particular models of fatherhood in an urban context Additionally the author interrogates how societal conceptions of men's bodies also play a role in how men understand their experiences of fatherhood This book will be of interest to scholars and students studying gender masculinity and fatherhood      Deconstructing Dads Laura Tropp, Janice Kelly, 2015-12-24 In the twenty first century fatherhood is shifting from simply being a sidekick in the parental team to taking center stage with new expectations of involvement and caretaking The social expectations of fathers start even before the children are born Mr Mom is now displaced with fathers who don't think of themselves as babysitting their own children but as central decision makers along with mothers as parents Deconstructing Dads Changing Images of Fathers in Popular Culture is an interdisciplinary edited collection of essays authored by prominent scholars in the fields of media sociology and cultural studies who address how media represent the image of the father in popular culture This collection explores the history of representation of fathers like the bumbling dad to question and challenge how far popular culture has come in its representation of paternal figures Each chapter of this book focuses on a different aspect of media including how advertising creates expectations of play and father crime shows and the new hero father and men as paternal figures in horror films The book also explores changing definitions of fatherhood by looking at such subjects as how the media represents sperm donation as complicating the definition of father and how specific groups have been represented as fathers including gay men as dads and Latino fathers in film This collection examines the media's depiction of the good father to study how it both challenges and reshapes the ways in which we think of family masculinity and gender roles
