Six More Shakespeare Stories:

Six More Shakespeare Stories Leon Garfield, 1985

Six Tales from Shakespeare William Shakespeare, 1901

Shakespeare as Children's Literature Velma Bourgeois Richmond, 2008-05-14 Although William Shakespeare is widely regarded as the greatest writer in the English language he traditionally receives little notice in studies of children's literature. However, there is a fascinating relationship between Shakespeare and children's interests and the Bard's works have been successfully adapted for children's use over several centuries. This book continues and parallels the author's previous study *Chaucer as Children's Literature* as part of a greater endeavor to evaluate the significance of traditional literature retold as children's literature in modern English studies. It examines the ways in which William Shakespeare's stories have been adapted for children, particularly in Mary and Charles Lamb's *Tales from Shakespeare*, which was almost immediately recognized as a classic of children's literature when it was first published in 1807. The author describes the significance of the Lamb's *Tales* as the pre-eminent children's adaptation of Shakespeare's literature, focusing particularly on the lavishly illustrated Edwardian editions which used pictures to convey Shakespeare's stories for children. Other topics include Victorian alternatives to the Lamb's stories, including anthologies from David Murray Smith, Abby Sage Richardson, and Mary Seymour; the lavish illustrations of Shakespeare's stories found in antique English textbooks; Shakespeare in nursery books, including sophisticated collections from Mary Macleod, Thomas Carter, Alice S. Hoffman, and other noted authors; and Shakespeare in multi-volume American collections, including *The Children's Hour*, *Journeys through Bookland*, and *The Junior Classics*.

Shakespeare's Books Stuart Gillespie, 2016-02-25 *Shakespeare's Books* contains nearly 200 entries covering the full range of literature Shakespeare was acquainted with, including classical, historical, religious, and contemporary works. The dictionary covers works whose importance to Shakespeare has emerged more clearly in recent years due to new research, as well as explaining current thinking on long-recognized sources such as Plutarch, Ovid, Holinshed, Ariosto, and Montaigne. Entries for all major sources include surveys of the writer's place in Shakespeare's time, detailed discussion of their relation to his work, and full bibliography. These are enhanced by sample passages from early modern England writers, together with reproductions of pages from the original texts. Now available in paperback with a new preface bringing the book up to date, this is an invaluable reference tool.

Six Shakespeare Stories Leon Garfield, 1994 The most famous of Shakespeare's plays retold as short and easy-to-read stories. **The Presbyterian**, 1910 **Leon Garfield's Shakespeare Stories** Leon Garfield, 2015-11-03 Introduce kids ages 10 to 21 of Shakespeare's most memorable plays, including *Hamlet*, *Macbeth*, *Twelfth Night*, and *A Midsummer Night's Dream*, will lay the groundwork for many a future enchanted evening at the theater. *Wall Street Journal* How to introduce children to Shakespeare, not just to the stories behind the plays but to the richness of Shakespeare's language and the depth of his characters. That's the challenge that Leon Garfield, no slouch as a wordsmith himself, sets out to meet in his monumental and utterly absorbing *Shakespeare Stories*. Here 21 of the Bard's plays

are refashioned into stories that are true to the wit the humor the wisdom the sublime heights the terrifying depths and above all the poetry of their great originals Included Twelfth Night King Lear The Tempest The Merchant of Venice The Taming of the Shrew King Richard the Second King Henry IV Part One Hamlet Romeo and Juliet Othello A Midsummer Night's Dream Macbeth Much Ado About Nothing Julius Caesar Antony and Cleopatra Measure for Measure As You Like It Cymbeline King Richard the Third The Comedy of Errors The Winter's Tale Throughout Garfield skillfully weaves in Shakespeare's own words accustoming young readers to language and lines that might at first seem forbiddingly unfamiliar Leon Garfield's Shakespeare Stories is an essential distillation a truly Shakespearean tribute to Shakespeare's genius and a delight for children and parents alike

Donald McElroy, Scotch Irishman Willie Walker Caldwell, 2021-04-25 In Donald McElroy Scotch Irishman Willie Walker Caldwell deftly explores the intricate tapestry of Scottish Irish heritage through the lens of one man's life journey Caldwell's prose is characterized by its lyrical style and narrative depth revealing the rich cultural nuances of the Scotch Irish diaspora The book marries historical fact with vivid storytelling situating McElroy's experiences within the broader socio-political context of his time while illuminating the challenges and triumphs faced by a community often overlooked in American history Willie Walker Caldwell a descendant of Scotch Irish immigrants draws from both personal heritage and comprehensive historical scholarship in crafting this narrative His profound interest in genealogy and the stories of his ancestors inspired Caldwell to delve into the histories that shaped the identity of the Scotch Irish in America His background informs a passionate and respectful portrayal of McElroy making the story resonate with authenticity and emotional power This book is highly recommended for readers interested in American history immigration narratives and cultural studies Caldwell's artful storytelling invites readers to engage with the enduring legacy of the Scotch Irish experience making it a valuable addition to the literary canon about identity and belonging in America

Chivalric Stories as Children's Literature Velma Bourgeois Richmond, 2014-10-01 Knights and ladies giants and dragons tournaments battles quests and crusades are commonplace in stories for children This book examines how late Victorians and Edwardians retold medieval narratives of chivalry epics romances sagas legends and ballads Stories of Beowulf Arthur Gawain St George Roland Robin Hood and many more thrilled and instructed children and encouraged adult reading Lavish volumes and schoolbooks of the era featured illustrated texts many by major artists Children's books an essential part of Edwardian publishing were disseminated throughout the English speaking world Many are being reprinted today This book examines related contexts of Medievalism expressed in painting architecture music and public celebrations and the works of major authors including Sir Walter Scott Tennyson Longfellow and William Morris The book explores national identity expressed through literature ideals of honor and valor in the years before World War I and how childhood reading influenced 20th century writers as diverse as C S Lewis J R R Tolkien Siegfried Sassoon David Jones Graham Greene Ian Fleming and John Le Carre

Human Conflict in Shakespeare S. C. Boorman, 2021-03-30 Conflict is at the heart of much of

Shakespeare's drama Frequently there is an overt setting of violence as in Macbeth but more significantly there is often interior conflict Many of Shakespeare's most striking and important characters Hamlet and Othello are good examples are at war with themselves Originally published in 1987 S C Boorman makes this warfare of our nature the central theme of his stimulating approach to Shakespeare He points to the moral context within which Shakespeare wrote in part comprising earlier notions of human nature in part the new tentative perceptions of his own age Boorman shows Shakespeare's great skill in developing the traditional ideas of proper conduct to show the tensions these ideas produce in real life In consequence Shakespeare's characters are not the clear cut figures of earlier drama rehearsing the set speeches of their moral types they are so often complex and doubting deeply disturbed by their discordant natures The great merit of this fine book is that it displays the ways in which Shakespeare conjured up living beings of flesh and blood making his plays as full of dramatic power and appeal for modern audiences as for those of his own day In short this book presents a human approach to Shakespeare one which stresses that truth of mankind's inner conflict which links virtually all his plays *The new code of minutes of the Education department, instructions to inspectors, and official forms and documents, with explanatory notes, by T.E. Heller* Thomas Edmund Heller, 1886 Suburban Life, the Countryside Magazine ,1915 Whitaker's Books in Print ,1998 **America** ,1916 **Humanism and Protestantism in Early Modern English Education** Ian

Green, 2016-05-13 This volume is the first attempt to assess the impact of both humanism and Protestantism on the education offered to a wide range of adolescents in the hundreds of grammar schools operating in England between the Reformation and the Enlightenment By placing that education in the context of Lutheran Calvinist and Jesuit education abroad it offers an overview of the uses to which Latin and Greek were put in English schools and identifies the strategies devised by clergy and laity in England for coping with the tensions between classical studies and Protestant doctrine It also offers a reassessment of the role of the godly in English education and demonstrates the many ways in which a classical education came to be combined with close support for the English Crown and established church One of the major sources used is the school textbooks which were incorporated into the English Stock set up by leading members of the Stationers Company of London and reproduced in hundreds of thousands of copies during the seventeenth and eighteenth centuries Although the core of classical education remained essentially the same for two centuries there was a growing gulf between the methods by which classics were taught in elite institutions such as Winchester and Westminster and in the many town and country grammar schools in which translations or bilingual versions of many classical texts were given to weaker students The success of these new translations probably encouraged editors and publishers to offer those adults who had received little or no classical education new versions of works by Aesop Cicero Ovid Virgil Seneca and Caesar This fascination with ancient Greece and Rome left its mark not only on the lifestyle and literary tastes of the educated elite but also reinforced the strongly moralistic outlook of many of the English laity who equated virtue and good works with pleasing God and meriting salvation The

Critic Jeannette Leonard Gilder, Joseph Benson Gilder, 1904

The Writers' America Marshall B. Davidson, 2019-03-07

Every nation is the invention of its writers America is no exception The United States is a state of mind and spirit created in part by the books that have emerged from the American experience as truly as its politics have been shaped by history We are all in some fashion the spiritual heirs of Poor Richard Father Knickerbocker Huckleberry Finn and other cherished figures from our literary past Writers have created our national image not only in our eyes but in the eyes of the world This book from American Heritage offers a panoramic view of the American scene and the American people by its own writers from colonial days until modern times
