The Convergence of Distance and Conventional Education Roger Mills,Alan Tait,2002-03-11 This volume of essays from leading British North American and Australasian contributors looks at the issues of the convergence of distance and conventional education The term convergence refers to the breaking down of barriers between open and distance learning and conventional institutions and the creation of more and more institutions working across a range of modes Such convergence has been driven by a number of factors including the new technologies for teaching and learning the impact of lifelong learning policies the entry of larger than ever numbers of adult part time students into tertiary education and the demands of both employers and individuals for professional and work related education throughout their working lives The fourteen chapters engage critically with a range of aspects of convergence including how well is open and distance learning carried out by conventional institutions for which it may continue for a lengthy period to be seen as of secondary importance to what extent will open and distance learning be more effectively carried out by conventional institutions able to offer a variety of modes to a wide range of learners how well will the variety of learners be served by systems that are converging what are the managerial issues at institutional level where converging systems are being developed Computerworld
 ,1997-01-27 For more than 40 years Computerworld has been the leading source of technology news and information for IT influencers worldwide Computerworld s award winning Web site Computerworld com twice monthly publication focused conference series and custom research form the hub of the world s largest global IT media network *CD-ROM Market Place, 1993/94* Regina Rega,1993 Published annually to give librarians and industry professionals a guide to the organizations individuals and products in the CD ROM industry It has information on over 3500 organizations worldwide and a geographic subject names and nubers index *Official Gazette of the United States Patent and Trademark Office* ,1999
