Slander Most Savage:

The Law of Slander and Libel Folkard,1876 **The Law of Slander and Libel. Founded Upon the Treatise of ... Mr. Starkie ... Fourth Edition ... by H. C. Folkard** Thomas STARKIE (Q.C.),1876 *The Law of Slander and Libel, Founded Upon the Treatise of the Late Thomas Starkie ... Including the Procedure, Pleading, and Evidence, Civil and Criminal, with Forms and Precedents* Henry Coleman Folkard,1897 Slander Most Savage Rose Meadows,1997 A Treatise on the Law of Slander and Libel Thomas Starkie,1858 Folkard's Starkie on Slander and Libel Henry Coleman Folkard,1877 *Forty Thousand Sublime and Beautiful Thoughts Gathered from the Roses, Clover Blossoms, Geraniums, Violets, Morning-glories, and Pansies of Literature* ,1915 *Forty Thousand Quotations, Prose and Poetical* Charles Noel Douglas,1917 **The Killing Season** Geoffrey B. Robinson,2018-02-13 The Killing Season explores one of the largest and swiftest yet least examined instances of mass killing and incarceration in the twentieth century the shocking antileftist purge that gripped Indonesia in 1965 66 leaving some five hundred thousand people dead and more than a million others in detention An expert in modern Indonesian history genocide and human rights Geoffrey Robinson sets out to account for this violence and to end the troubling silence surrounding it In doing so he sheds new light on broad and enduring historical questions How do we account for instances of systematic mass killing and detention Why are some of these crimes remembered and punished while others are forgotten What are the social and political ramifications of such acts and such silence Challenging conventional narratives of the mass violence of 1965 66 as arising spontaneously from religious and social conflicts Robinson argues convincingly that it was instead the product of a deliberate campaign led by the Indonesian Army He also details the critical role played by the United States Britain and other major powers in facilitating mass murder and incarceration Robinson concludes by probing the disturbing long term consequences of the violence for millions of survivors and Indonesian society as a whole Based on a rich body of primary and secondary sources The Killing Season is the definitive account of a pivotal period in Indonesian history It also makes a powerful contribution to wider debates about the dynamics and legacies of mass killing incarceration and genocide The Theosophist ,1895 *In Defence of Lenin* Rob Sewell,Alan Woods,2024-01-11 John Reed the author of Ten Days that Shook the World once said that Lenin was the most loved and the most hated person alive He was loved by tens of millions who wanted to change society but hated by the ruling class and their apologists As the leader of the Russian Revolution Lenin was a man who changed the world A convinced Marxist he created the Bolshevik Party the most revolutionary party in history Lenin translated the ideas of Marxism into reality It is now one hundred years since his death The bourgeois historians continue to slander him and his ideas The task of this book is to explain his real life and ideas and to draw out the significance of Lenin Given the ongoing capitalist crisis his ideas are gaining an increasingly wide echo In so many ways Lenin is more relevant today than ever before Over two volumes this book traces Lenin s life and explains his ideas drawing on the colossal heritage of what he actually wrote and did This

book also features an appendix of Krupskaya's writings on Lenin a chronology and over 250 images

Democracy Ancient and Modern M. I. Finley, 2018-11-05 Western democracy is now at a critical juncture Some worry that power has been wrested from the people and placed in the hands of a small political elite Others argue that the democratic system gives too much power to a populace that is largely ill informed and easily swayed by demagogues This classic study of democratic principles is thus now more relevant than ever A renowned historian of antiquity and political philosophy Sir M I Finley offers a comparative analysis of Greek and modern conceptions of democracy As he puts the ancient Greeks in dialogue with their contemporary counterparts Finley tackles some of the most pressing issues of our day including public apathy partisanship consensus politics distrust of professional politicians and the limits of free speech Including three lectures that Finley delivered at Rutgers University plus two additional essays that further illuminate his thinking *Democracy Ancient and Modern* explores the dramatic differences between the close knit civil society of the ancient Greeks and our own atomized mass societies By mapping out democracy's past and its present manifestations this book helps us plot a course for democracy's future

Menelaus in the Archaic Period Anna R. Stelow, 2020-08-06 While there have been many studies devoted to the major heroes and heroines of Homeric epic among them Achilles Odysseus and Helen the figure of Menelaus has remained notably overlooked in this strand of scholarship *Menelaus in the Archaic Period* is the first book length study of the Homeric character taking a multidisciplinary approach to his depiction in archaic Greek poetry art and cult through detailed analysis of ancient literary visual and material evidence The volume is divided into two parts the first of which examines the portrayal of Menelaus in the Homeric poems as a unique personality with an integral role to play in each narrative as depicted through typical patterns of speech and action and through intertextual allusion The second part explores his representation both in other poetry of the archaic period including lyric poetry and Simonides Plataea elegy and also archaic art and local Sparta cult drawing on the literary archaeological and inscriptional evidence for the cult of Menelaus with Helen at Therapne The depiction of Menelaus in archaic art is a particular focal point Chapter 4 provides a methodology for the interpretation of heroic narrative on archaic Greek vases through iconography and inscriptions and establishes his conventional visual identity on black figure Athenian vases while an annotated catalogue of images details those that fall outside the norm Menelaus emerges from this comprehensive study as a unique and likeable character whose relationship with Helen was a popular theme in both epic poetry and vase painting but one whose portrayal evinced a significant narrative range with an array of continuities and differences in how he was represented by the Greeks not only within the archaic period but also in comparison to classical Athens
