Seven Slave Narratives, Seven Books Including Frederick Douglass, Booker T. Washington, Olaudah Equiano, 2015-10-30 In one volume there are seven slave narratives compelling harrowing at times and beautiful stories of hope in the midst of deep adversity 1 Narrative of the Life

Of Frederick Douglass An American Slave Frederick Douglass's eloquently written first autobiography was one of the most persuasive forces for emancipation as well as for the enlistment of black soldiers in the Union army It is written beautifully and the story flies past a dazzling and awful account of slavery 2 My Bondage and My Freedom This is Frederick Douglass's second autobiography written ten years after his emancipation and is unparalleled in its scope of the destructive effects of slavery on both individuals and communities The power of this book is that it delves into the minds of rational good people who were slave owners and discusses the economic conditions that sanctioned slavery's continued existence 3 Twelve Years A Slave This narrative was written by Solomon Northrup a freeman kidnapped from the North and taken to a work on a plantation in Louisiana where he lived for 12 years until he was rescued Violence sadness grief and the treatment of human beings as lower than animals are the themes that run through this famous autobiography 4 The Interesting Narrative of the Life of Olaudah Equiano or Gustavus Vassa the African Olaudah Equiano's interesting story provides an insight into a time and situation that few people survived to record or recall and those that did survive were rarely literate For this reason and so many others Equiano or Gustavus Vassa as he was later christened has a unique story to tell It is an honest and chilling account of a man born free in Africa and sold into slavery who spends most of life on the high seas until he finally acquires freedom He relates the experiences of black people in its myriad forms on three continents 5 Incidents In The Life Of A Slave Girl Seven Years Concealed In the pre civil war period of 1861 Harriet Jacobs was the only black woman in the United States to have authored her own slave narrative in a call to arouse the women of the North to a realizing sense of the condition of two millions of women at the South to convince the people of the Free States what slavery really is Jacobs hoped that should the white women of the North know the true conditions of the slave women of the South they would not fail to answer the call to moral action With the help of a northern abolitionist Jacobs published this astounding poignant record under the pseudonym Linda Brent 6 Up From Slavery An Autobiography Booker T Washington writes his story modestly but his greatness shines through He spent his early childhood as a slave on a plantation in the south but after the Emancipation Proclamation was read from the porch steps of the Big House his ambitions to gain an education and make something of himself propelled him through every obstacle to his goal Booker T Washington was a tireless promoter of education for his race and founded a school for blacks in Alabama He made great strides in elevating the sights and prospects of his people 7 Running A Thousand Miles for Freedom This is a great story of a married couple who were slaves and escaped to freedom in a unique way It is a horrifying account of the evil of slavery and the hope of freedom and human rights A compelling read

John Washington's Civil War Crandall Shifflett, 2008-04-01 In 1872 just seven years after his emancipation a thirty four year old former slave named John Washington penned the story of his life calling it *Memories of the Past* One hundred and twenty years later in the early 1990s historian Crandall Shifflett stumbled upon Washington's forgotten manuscript at the Library of Congress while researching Civil War Fredericksburg Over the ensuing decade Shifflett sought to learn more

about this Virginia slave and the people and events he so vividly portrays John Washington's Civil War presents this remarkable slave narrative in its entirety together with Shifflett's detailed annotations on the life-changing events Washington records While joining the canon of better known slave narratives by Frederick Douglass Harriet Jacobs and Solomon Northup Washington's account illuminates a far different world The son of a slave woman and an unknown white man Washington never lived outside the seventy-five mile radius that included Richmond and Fredericksburg until his emancipation His narrative spans his experiences as a household slave a laborer in the Fredericksburg tobacco factory and a hotel servant on the eve of the Civil War He also tells of his bold venture across Union lines and his experiences as a slave under Union officers Washington's recollections allow for a singular look at the more personal aspects of slave life Forced attendance at the slaveowner's church much anticipated gatherings of neighboring slaves at harvesttime even a brief episode of courtship among slaves are among the events described in this remarkable narrative On a broader scale Washington was a witness to key moments of the Civil War and his chronicle includes his thoughts about the wider political turmoil surrounding him including his dramatic account of watching the Union Army mass around Fredericksburg as it prepared to invade the town An excellent introduction and expert annotations by Shifflett reconstruct Washington's life through his death in 1918 and provide informative historical background and context to Washington's recollections An unprecedented window into the life of a Virginia bondsman John Washington's Civil War communicates with real urgency what it meant to be a slave during a period of extreme crisis that sounded the notes of freedom for some and the end of a way of life for others *The Oxford Handbook of the African American Slave Narrative* John Ernest, 2014 Given the rise of new interdisciplinary and methodological approaches to African American and Black Atlantic studies *The Oxford Handbook of the African American Slave Narrative* will offer a fresh wide-ranging assessment of this major American literary genre The volume will begin with articles that consider the fundamental concerns of gender sexuality community and the Christian ethos of suffering and redemption that are central to any understanding of slave narratives The chapters that follow will interrogate the various agendas behind the production of both pre and post Emancipation narratives and take up the various interpretive problems they pose Strategic omissions and veiled gestures were often necessary in these life accounts as they revealed disturbing too painful truths far beyond what white audiences were prepared to hear While touching upon the familiar canonical autobiographies of Frederick Douglass and Harriet Jacobs the Handbook will pay more attention to the under-studied narratives of Josiah Henson Sojourner Truth William Grimes Henry Box Brown and other often overlooked accounts In addition to the literary autobiographies of bondage the volume will anatomize the powerful WPA recordings of interviews with former slaves during the late 1930s With essays on the genre's imaginative afterlife its final essays will chart the emergence and development of neoslave narratives most notably in Styron's *The Confessions of Nat Turner* Toni Morrison's *Beloved* and Octavia Butler's provocative science-fiction novel *Kindred* In short the Handbook will provide a long overdue

assessment of the state of the genre and the vital scholarship that continues to grow around it work that is offering some of the most provocative analysis emerging out of the literary studies discipline as a whole

Master Narratives, Identities, and the Stories of Former Slaves Jonathan Clifton, Dorien Van De Mieroop, 2016-03-31 This book is intended for researchers in the field of narrative from post graduate level onwards It analyzes the audio recordings of the narratives of former slaves from the American South which are now publically available on the Library of Congress website Voices from the days of slavery More specifically this book analyses the identity work of these former slaves and considers how these identities are related to master narratives The novelty of this book is that through using such a temporally diverse and relatively large corpus we show how master narratives change according to both the zeitgeist of the here and now of the interview world and the historical period that is related in the there and then of the story world Moreover focusing on the active achievement of master narratives as socially situated co constructed discursive accomplishments we analyze how different inherently unstable and even contradictory versions of master narratives are enacted
